Pierre Delion on Psychopolitics Pierre Delion, 2023-02-16 Pierre Delion is Professor Emeritus in the faculty of medicine at Lille a child psychiatrist and a psychoanalyst His work is as straightforward as it is affecting but is little read in the English speaking world due to a lack of translation into English Matthew Bowker in his excellent translation rectifies this unfortunate deficit to introduce English language readers to the affecting and wide ranging work of Pierre Delion through two of his best known essays What is Institutional Psychotherapy examines the psychiatric establishment and institution arguing that for institutional psychotherapy to be effective we must care for the institution just as we must attend to the transferential constellation of the patient the latter of which emerges only when the institution respects all the voices including the patient s involved in the patient s care And as Delion duly notes What holds for person to person psychiatry also holds true for democracy The Republic of False Selves maintains that our social bonds have been damaged or destroyed to the extent that the practice and meaning of democracy itself are now in question Democracy for Delion refers not only to forms of government but also to a society based on freedom and equality or more generally still to a set of values political social or cultural ideals and principles The democratic project then is threatened by contemporary political events media images neoliberal and techno bureaucratic interventions and even or especially the treatment of the mentally ill The combination of these two works into a single text invites readers to consider the broader political connections between the clinical institution and society as a whole Delion s careful thoughtfulness paired with his vast experience and understanding opens up new avenues of discovery to the reader

The New Aesthetics of Deculturation Thorsten Botz-Bornstein, 2019-08-22 What are the predominant aesthetics of the twenty first century Thorsten Botz Bornstein argues that deculturation embodied by the conspicuous vulgarity of kitsch is the overriding visual language of our times Drawing on the work of Islam scholar Olivier Roy who argued that religious fundamentalism arises when religion is separated from the indigenous cultural values Botz Bornstein shows that the production of absolute truths through deculturation also exists in contemporary education The neoliberal environment has separated learning from culture by emphasizing standardization and quantified learning outcomes In a globalized environment the idea of culture is no longer

available as a referent instead we are taught to rely on the culturally neutral term excellence For Botz Bornstein this is an absolute value similar to the truth of religious fundamentalists Similarly kitsch is what happens when aesthetic values are separated from cultural contexts Kitsch is aesthetic fundamentalism Kitsch aesthetics are an aesthetics of excellence The consumption of kitsch can be understood as an intrinsically narcissistic impulse reinforced by social media individuals recycling their own selves without being confronted with the culture of the other The existence of self centred alternative truths fake news and conspiracy theories and selfies are linked together in the fundamentalism neoliberalism kitsch pattern Including analysis of the intersections of cute excellent sublime and interesting in contemporary aesthetic culture this is a journey through philosophy psychology and cultural theory redefining a new aesthetics of deculturation Approche systémique des institutions de soins Thierry Alberne,Karine Alberne,2020-10-06 L institution est la fois un syst me dans lequel tous les membres qu ils soient soignants ou patients sont en interrelations d pendant les uns des autres de l organisation fonctionnelle et hi rarchique ainsi que du lieu lui m me mais galement un cadre de soins pour les patients qui peut tre s curisant ou au contraire contre productif par rapport aux objectifs du soin Troisi me ouvrage du triptyque consac aux th rapies syst miques Les th rapies familiales syst miques et Applications en th rapie familiale syst mique cet ouvrage tend le champ d application de la pens e syst mique aux institutions de soins plus particuli rement en psychiatrie et en sant mentale associant la r flexion du questionnement syst mique la pratique des soignants de terrain ainsi que des dirigeants d institutions rappelant les concepts l origine de la syst mie par exemple comment le fonctionnement ou dysfonctionnement d une structure de soins peut impacter la prise en charge des patients L ouvrage est illustr de nombreux exemples concrets de situations auxquelles peut se trouver confront e une quipe au quotidien que faire face une personnalit qui perturbe et ou remet en cause le fonctionnement de l institution Comment construire un projet de soins collectif au sein d une quipe Que peut apporter l institution au patient en termes de soutien de s curit de rep res etc Cet ouvrage s adresse aux psychiatres psychologues et psychoth rapeutes aux infirmiers et ducateurs et plus largement aux professionnels exer ant dans le large champ de la sant mentale qu ils soient d cideurs et responsables d institutions ou de structures personnels de terrain s occupant de souffrance psychique au quotidien Ils y trouveront des cl s pour comprendre la pertinence de la pens e syst mique dans les institutions o ils exercent des illustrations de situations concr tes et v cues ainsi que des exercices pratiques r aliser seul et ou en quipe *Economics, Accounting and the True Nature of Capitalism* Jacques Richard,Alexandre Rambaud,2021-11-29 Almost all economists whether classical neoclassical or Marxist have failed in their analyses of capitalism to consider the underpinning systems of accounting This book draws attention to this lacuna focusing specifically on the concept of capital a major concept that dominates all teaching and practice in both economics and management It is argued that while for the practitioners of capitalism in accounting and business the capital in their accounts is a debt to be repaid or a thing to be kept for economists it has been considered a means or even a resource or an asset intended to be

worn out This category error has led to economists failing to comprehend the true nature of capitalism On this basis this book proposes a new definition of capitalism that brings about considerable changes in the attitude to be had towards this economic system in particular the means to bring about its replacement This book will be of significant interest to readers of political economy history of economic thought critical accounting and heterodox economics *Des paroles, des langues et des pouvoirs* Romain Colonna, 2015-01-01 Cet ouvrage explore la manière dont dans des espaces sociaux diversifiés le langage constitue un instrument de pouvoir de non pouvoir et de contre pouvoir Ces contributions s'efforcent de comprendre les processus sociaux complexes qui font du langage un terrain de lutte de consensus ou encore de construction de la différence ce titre langues et langages contribuent structurer nos sociétés et les individus qui la composent dévoilant alors les tensions et des rapports de pouvoir *Entre le soin et l'éducation : des métiers impossibles ?* Bernard Pechberty, Robert philippe, Philippe Chaussecourte, 2020-01-22 Cet ouvrage interroge la souffrance psychique et la créativité des professionnels de l'enseignement de l'éducation et du soin travaillant dans des services et des institutions multidimensionnelles dans le contexte français Ces praticiens accompagnent des préadolescents et des adolescents présentant des difficultés scolaires et de l'apprentissage des troubles du comportement ou de la pensée ou des fonctionnements autistiques Ce livre veut transmettre des analyses au plus près des expériences des praticiens Il souhaite valoriser la réflexion les recherches sur les pratiques professionnelles afin d'ouvrir des perspectives de pensée et d'action **Figures du vide** Franca Madioni, 2017-06-01 L'homme technologicus individu de l'hypermodernité incarne une mythologie narcissique qui impose une révision de la psychopathologie Individus troublés par le rapport à l'humanité favorisant une clinique du vide ils confrontent le thérapeute à l'atmosphère existentielle psychotique de la psychopathologie moderne Les fondements du discours clinique sont revisités sous le regard de la phénoménologie et de la psychanalyse British Muslims in the Neoliberal Empire William Baryllo, 2025-02-25 More than twenty years after 9/11 what has changed for Muslims in the West From the occupation of lands the world has entered a new era the occupation of minds State strategies have evolved to offer a dangerous gamble to people from post colonial diasporas remain at the margins or silently blend in for the sake of an illusory liberation From power hungry Muslim politicians in elite private clubs to politically apathetic social media influencers multi million pound neo colonial humanitarian charities Muslim far right sympathisers and Muslim white supremacists this new form of colonialism Metacolonialism has effectively turned the oppressed into the new oppressors Under the promise of financial stability and representation it has effectively put God for sale at the cost of people's culture ethics identity and faith However in the wake of the new Roaring Twenties marked by social justice movements Muslims in Britain have crafted creative responses inspired by their faith in order to resist heal and flourish despite minimal resources and support Informal and independent from institutions they have established pioneering alternatives in the fields of mental health community organizing the protection of the environment heritage the arts and more Since leadership divides they have undertaken a duty of stewardship considering the world and

humanity as one ecosystem that one needs to care for future generations This work is both a diagnosis and a toolbox looking at the initiatives that reshape public debates and offer working ideas for building a fair and just society **Veils, Nudity, and Tattoos** Thorsten Botz-Bornstein, 2015-08-27 At first sight tattoos nudity and veils do not seem to have much in common except for the fact that all three have become more frequent more visible and more dominant in connection with aesthetic presentations of women over the past thirty years No longer restricted to biker and sailor culture tattoos have been sanctioned by the mainstream of liberal societies Nudity has become more visible than ever on European beaches or on the internet The increased use of the veil by women in Muslim and non Muslim countries has developed in parallel with the aforementioned phenomena and is just as striking Through the means of conceptual analysis Veils Nudity and Tattoos The New Feminine Aesthetics reveals that these three phenomena can be both private and public humiliating and empowering and backward and progressive This unorthodox approach is traced by the three s similar social and psychological patterns and by doing so Veils Nudity and Tattoos hopes to sketch the image of a woman who is not only sexually emancipated and confident but also more and more aware of her cultural heritage
