La Mentalidad Del Jugador De Poker The Poker Mindset:

Cómo ganar al poker aprendiendo la técnica de Lectura de Manos José Litvak, Owen Gaines, La obra forma parte de la Colección Pensar Poker que como muchos saben tiene la particularidad de abordar un tema específico del NL Hold'em en cada uno de los tomos. Este está dividido en dos partes: la primera dedicada a la Lectura de Manos en sí misma y la segunda del autor Owen Gaines al factor matemático de la técnica. La lectura de manos es probablemente una de las habilidades más relevantes para jugar un buen poker ya que este deporte mental es un juego de estrategia pura. Qué más importante que educarnos en el arte de leer las cartas de quienes pretenden quedarse con todo nuestro stack.

The Poker Mindset Ian Taylor, Matthew Hilger, 2007

The Poker Mindset has transformed the games of tens of thousands of poker players becoming one of the most popular poker books of all time. The success of the book quickly spread around the world and is currently translated in eight different languages. Are you ready to look at poker in a different way and transform your own game? What secret separates top poker players from poker wannabes? Is it zen-like mind-reading skills, a computer-like brain, or thousands of hours of play? No. It is a series of established approaches and behaviors that enables these experts to bring their A-game to the table session after session regardless of short-term results. In this groundbreaking book, Taylor and Hilger lay bare the secrets of the Poker Mindset: seven core attitudes and concepts that ensure you have the optimal emotional, psychological, and behavioral framework for playing superior poker. The Poker Mindset deeply explores vital topics that most poker books only touch upon: Tilt. What it really is, why, and when you are most prone to it, and how you can avoid it. Bankroll. A complete examination of bankroll management from a technical but more importantly from a psychological and emotional viewpoint. Opponents. How to determine your competitors' mental and emotional processes so that you can dominate, out-think, and outplay them. Downswings. Every poker player experiences them, but you will truly understand and be armed against low ebbs when they occur. Bad Beats. The Poker Mindset will enable you to overcome the trauma of bad beats and losing big pots. Poker is a fun game, but it is even more fun when you win. The Poker Mindset may be the most valuable poker book you will ever read. Embrace its concepts, and you can overcome the unseen obstacles that are limiting your success at the table. When you make the Poker Mindset your mindset, you will take control of your game and walk away a winner.
