La Mondialisation Linttrt Public Et Le Droit International French Edition:

EU Competition Law applicable to liner shipping and seaports Philippe Corruble, 2021-03-04 In twenty years the globalization of trade has led to a change in scale that has upset the balance of power between the players in online containerized maritime transport and the logistics chain passing through European seaports Three global shipping alliances dominate 90% of online containerized maritime transport while further integrating port activities Twelve Asian ports eight of which are Chinese are now among the top fifteen in the world At the same time Chinese interests supported by public authorities and resources are taking control of terminals and port companies in Europe as part of the geopolitical project of the New Silk Roads This economic and industrial context is emblematic of the challenges facing European competition law which has so far accompanied rather than controlled these transformations European competition rules will have to be mobilized in a global context alongside the new rules on the control of foreign direct investment This study takes stock of the new regulatory challenges in this sector of prime importance for the Union Yearbook of International Organizations

2004/2005 Union of International Associations, 2004 **Sécurité maritime et intégration européenne** Peter Langlais, 2018-05-02 H riti re des mouvements de territorialisation et de r gionalisation de la gouvernance des espaces et des activit s maritimes l Union europ enne s est rig e malgr le silence des trait s constitutionnels en nouvel chelon d laboration du droit de la s curit maritime Les enjeux humains conomiques et environnementaux de la probl matique ont fait de son ordre juridique un th tre privil gi de la confrontation entre les traditions lib rales du monde maritime et le besoin d une r gulation par la puissance publique en vue de pr venir limiter et indemniser les pr judices de toutes natures pouvant r sulter d un accident en mer Si elle se fait parfois au prix d un alignement sur les pratiques internationales l harmonisation progressive du droit de la s curit maritime l chelle continentale limite la comp tition l gislative que les tats membres sont susceptibles de se livrer dans l exercice de l autorit du pavillon et de l autorit du port Afin d assurer l effectivit de son action en la mati re l Union europ enne organise le rapprochement des administrations maritimes nationales dont la coop ration op rationnelle est orchestr e par des agences d centralis es Pour d passer les limites auxquelles se heurte n cessairement une approche continentale l Union europ enne multiplie les partenariats internationaux et d fend pr sent une approche diff renci e par bassin La singularisation par rapport au droit international de r f rence demeure quant elle strat giquement limit e alors que l attractivit commerciale de l Europe autoriserait une strat gie d incitation conomique plus audacieuse Cet ouvrage dresse un bilan de l action de l Union europ enne dans le domaine de la s curit maritime Il en identifie les fondements les ach vements et les limites et sugg re quelques pistes pour l avenir Il se destine aussi bien aux chercheurs qu aux acteurs publics et priv s concern s par la s curit maritime administrations nationales et europ ennes armateurs soci t s de classification assureurs et mutuelles d indemnisation chantiers navals cabinets d avocats repr sentants d int r t et groupes d influence etc **Livres hebdo**, 2004 **Le Monde**, 2000 **French books in print, anglais** Electre, 2002 **Le droit international public à**

L'épreuve de la mondialisation Roland Séroussi, Jade Plantin, 1997 Le Droit International Public est constitué par l'ensemble des règles juridiques qui s'appliquent aux sujets de la Société internationale autrement dit aux Etats et aux Organisations internationales. Il relie les Etats entre eux et rapproche les opinions. Il vise à refouler les guerres et limiter les dégradations de l'Homme. Il cherche à lever les obstacles commerciaux et financiers, il répond à l'immense attente des peuples opprimés et pauvres. Son fondement : l'engagement international respect. Ses avancées : un corpus juridique riche, un maillage d'organisations, vocation plurielle, la volonté de dialogue avant tout affrontement. Les auteurs développent successivement : Un cadre international clair et en pleine mutation, L'Etat, acteur essentiel du droit international, La place des Organisations internationales, Les personnes face à la règle internationale, La délicate réglementation internationale des espaces, Les nouveaux domaines du fait international : l'économie, la finance et le commerce, Les conflits d'un genre nouveau, La Communauté internationale a prouvé qu'elle était capable de faire face à ces nouveaux défis que constituent les conflits d'un genre nouveau et l'extension du fait international de nouveaux domaines. Il lui reste à trouver un moyen de préserver et d'améliorer ces acquis et ces avancées pour fonder un XXI^e pacifique et solidaire.

Manuel de droit international Charles Calvo, 19?? **Le Droit International Public Positif** J. de Louter, 1920 L'organisation mondiale du commerce et l'évolution du droit international public Bob Kieffer, 2008-02-12 Le droit international public devient le droit commun de la mondialisation. La mondialisation a progressivement vidé la souveraineté de sa substance plongeant l'état dans une profonde crise d'identité. Parallèlement on assiste à la montée en puissance de concurrents de l'état revendiquant au nom de la gouvernance la levée de sa mainmise sur un droit international public dont les paradigmes sont en pleine évolution. D'un droit jadis centré sur l'état, il se transforme progressivement en un droit commun de la mondialisation. L'influence de l'OMC sur les branches du droit international public. Première organisation internationale vocation universelle créée après la fin de la Guerre froide, l'Organisation mondiale du commerce (OMC) vient bousculer la configuration de la matrice institutionnelle internationale articulée autour de l'Organisation des Nations Unies (ONU). Dotée d'un mécanisme de règlement des différends inédit, elle est susceptible d'infléchir considérablement le développement de l'ensemble des branches du droit international public. Contribue-t-elle à l'accélération de ses fragmentations matérielles et institutionnelles ou est-elle au contraire le vecteur d'une plus grande cohérence ? Imposera-t-elle la logique marchande comme seule référence de la gouvernance mondiale ou se plie-t-elle aux préceptes du développement humain durable ? Les grilles de lecture convenues ne permettent plus de saisir l'évolution d'un droit international qui oscille entre des pôles contradictoires. La compréhension des changements induits par la mondialisation exige une approche holistique du droit et de la gouvernance. Dans un tel contexte, l'OMC se présente comme un point de repère idéal.
