progress beginning in 1969 with the disintegration of Franco's dictatorship and ending with the remarkable Socialist election victory in 1982      *The Life of the Soul in Early Modern Spanish Literature and Culture* Esther Fernández, 2025-04-07

Understanding the soul's essence is an elusive pursuit rendering any attempt to write about it akin to grasping at a mirage. As a sublime subject, the soul has captivated human thought for centuries. How do we approach it? How can we define its boundaries? This exploration offers an experimental investigation into the soul's complexities during one of Spain's most turbulent periods: the dawn of modernity. Set against the spiritual backdrop of the 17th century, these reflections examine how materiality ensnared individuals in artifice, often neglecting expansionism's social and political consequences. The Twelve Years Truce (1609) and the Thirty Years War (1618-1648) marked critical moments of instability, further compounded by economic depression and social turmoil. In this landscape of despair, the Spanish soul sought refuge inwardly and through indulgence in worldly pleasures. Through metaphysical inquiry, emotional depth, and the role of animated matter in art and theater, this book reflects on existence amid the illusions of early modern Spain.      Principio de no agresión Fouad

Sabry, 2024-06-03. ¿Qué es el principio de no agresión? El principio de no agresión (PNA) también llamado axioma de no agresión es la regla legal o moral que establece que cualquier persona puede hacer todo con su propiedad excepto la agresión que a su vez se define como el inicio de una acción contundente que a su vez se define como la aplicación o amenaza de interferencia física o fraude cualquiera de las cuales sin consentimiento. *Music in Puerto Rico* Donald Thompson, 2002-02-13. Puerto Rico's rich musical history is chronicled in Donald Thompson's translated texts, a history that is often unavailable to those who do not read Spanish easily. *Music in Puerto Rico* details the Caribbean island's musical roots from Christopher Columbus' second voyage to the New World in the late fifteenth century to twentieth-century developments. It explores a multitude of topics including native instruments, the introduction of music in schools, folk traditions, the legendary salsa, urban pop, and commercial music. The volume also examines musical differences in various regions including mountains and plains. Documents from historical figures such as Fray Bartolomé de Las Casas and Manuel Alonso have been excerpted and translated. In addition, *Music in Puerto Rico* explores the various modes of musical expression that have been unique to different geographic regions including the mountains and the plains. The documented texts also simplify bibliographic search as many of the anthology's original sources are difficult to locate. Thompson's book provides a glimpse into a society in which cultures intersect and in which magic was born in the form of the popular salsa. Musicians, musicologists, historians, students of Hispanic culture, and anyone interested in the musical foundations of Puerto Rican life will find *Music in Puerto Rico* a valuable resource.

*El virrey y los indios del Perú* Colajanni, Antonino, 2018-03-30. Esta publicación recoge cuatro ensayos que muestran un cambio bastante significativo en mis intereses de investigación hacia una nueva región geográfica y cultural: de la región amazónica a las montañas de los Andes, con referencia a procesos políticos y sociales de siglos de un lejano pasado. Como creo haber demostrado en estas páginas, de hecho he extendido mis objetivos de trabajo y me he metido hasta el fondo en una perspectiva de Antropología, Historia y Etnohistoria. No me transformo completamente en historiador y me permito pedirle comprensión a los historiadores por mis eventuales errores en mi incursión en sus campos de estudio; he utilizado unas metodologías y opciones teóricas en parte ajenas a la antropología en la que he militado durante muchas décadas y que ha sido objeto de mi actividad académica cotidiana.
