El lugar donde vivimos Soledad Hamann, 2000 *La violencia política en la selva central del Perú 1980-2000* Mariella Villasante Cervello, 2020-08-11 Tomando una experiencia de violencia política abuso sufrimiento y resistencia que la CVR expone en sus aspectos centrales Mariella Villasante ha conducido en este libro una exhaustiva investigación con un abordaje triple que documenta la violencia sufrida por los habitantes de la zona nativos y colonos y al mismo tiempo sitúa esa violencia en su necesario contexto social e histórico. Este libro no es exclusivamente una investigación académica sino también un encomiable esfuerzo por hacer más conocida una historia que la opinión pública en el Perú insiste en ignorar. Es pues también un gesto de solidaridad y una invitación a la memoria que merece toda nuestra atención. Salomón Lerner Febres ex presidente de la Comisión de la Verdad y la Reconciliación del Perú.

La caída del cielo Albert Bruce, Davi Kopenawa, 2024-02-26 La caída del cielo es un extraordinario relato en primera persona de la historia vital y el pensamiento cosmoecológico de Davi Kopenawa, chamán y portavoz de los yanomami de la Amazonía brasileña. En estrecha

colaboración con el antropólogo Bruce Albert amigo suyo desde los años setenta Davi Kopenawa pinta un cuadro inolvidable de la cultura yanomami pasada y presente en el corazón de la selva tropical. Kopenawa relata su iniciación y experiencia como chamán así como sus primeros encuentros con forasteros funcionarios del gobierno misioneros trabajadores de carreteras ganaderos y buscadores de oro. Describe vividamente la represión cultural, la devastación medioambiental y las muertes provocadas por las epidemias y la violencia. En su papel de embajador mundial de su pueblo que está en peligro, hace una crítica mordaz de la sociedad industrial occidental cuya codicia material, violencia masiva y ceguera ecológica contrastan fuertemente con los valores culturales yanomami. La caída del cielo es al mismo tiempo una historia de madurez, un relato histórico y una explicación de la filosofía chamánica pero sobre todo es un apasionado alegato a favor del respeto de los derechos de los nativos y la conservación de la selva amazónica. Este apasionado alegato a favor del respeto de los derechos de los pueblos indígenas es un poderoso reproche a la acelerada depredación del Amazonas y otros tesoros naturales amenazados por el cambio climático y el desarrollo.
