[The Spanish Baroque and Latin American Literary Modernity](#) Crystal Anne Chemris, 2021 This book aims to develop a broader view of the trajectory of Hispanic modernity tracing a motif of recurring impasse first seen in peninsular Baroque texts and continuing into Latin American colonial and modern literature. Inspired by Walter Benjamin's notion of constellation this book draws on theories of Latin American modernity to investigate the Spanish literary Baroque and its repetitions as a historical cultural predicament in Latin American colonial and modern texts. Inca Garcilaso Borges Carpentier Rulfo Darío and a range of Latin American Post Symbolist poets Agustini Pizarnik Sosa Lienlaf and Huinao are juxtaposed with the Lazarillo the Quijote Fuenteovejuna and Góngora's Soledades to produce original readings on topics of violence rape frustrated pilgrimage and the truncated ambitions of colonized peoples and confessional minorities. In turn Benjamin is juxtaposed with Mallarmé to recast the aesthetic dynamics of modernity in political terms in order to understand the Baroque within a more broadly historicized concept of the avant garde. Generous in scope this book addresses the community of Spanish and Latin American criticism as well as emerging and pressing theoretical concerns within the field of comparative literature.

A New History of Spanish Literature Richard E. Chandler,Kessel Schwartz,1991-09-01 First published in 1961 A New History of Spanish Literature has been a much used resource for generations of students The book has now been completely revised and updated to include extensive discussion of Spanish literature of the past thirty years Richard E Chandler and Kessel Schwartz both longtime students of the literature write authoritatively about every Spanish literary work of consequence From the earliest extant writings though the literature of the 1980s they draw on the latest scholarship Unlike most literary histories this one treats each genre fully in its own section thus making it easy for the reader to follow the development of poetry the drama the novel other prose fiction and nonfiction prose Students of the first edition have found this method particularly useful However this approach does not preclude study of the literature by period A full index easily enables the reader to find all references to any individual author or book Another noteworthy feature of the book and one omitted from many books of this kind is the comprehensive attention the authors accord nonfiction prose including for example essays philosophy literary criticism politics and historiography Encyclopedic in scope yet concise and eminently readable the revised edition of *A New History of Spanish Literature* bids fair to be the standard reference well into the next century *Twentieth-Century Latin American Poetry* Stephen Tapscott,1996 Large anthology includes work by 58 poets

Creature Discomfort Scott M. DeVries,2016-05-02 In *Creature Discomfort* Fauna criticism Ethics and the Representation of Animals in Spanish American Fiction and Poetry Scott M DeVries uncovers a tradition in Spanish American literature where animal ethical representations anticipate many of the most pressing concerns from present debates in animal studies The author documents moments from the corpus that articulate long standing positions such as a defense of animal rights or advocacy for liberationism that engage in literary philosophical meditations concerning mind theory and animal sentience and that anticipate current ideas from Critical Animal Studies including the rejection of hierarchical differentiations between the categories human and nonhuman *Creature Discomfort* innovates the notion of fauna criticism as

a new literary approach within animal studies this kind of analysis emphasizes the reframing of literary history to expound animal ethical positions from literary texts both those that have been considered canonical as well as those that have long been neglected In this study DeVries employs fauna criticism to examine nonhuman sentience animal interiority and other ethical issues such as the livestock and pet industries circuses zoos hunting and species extinction in fictional narrative and poetry from the nineteenth century modernista Regional indigenista and contemporary periods of Spanish American literature

Modern Women Poets of Spanish America Sidonia Carmen Rosenbaum, 1978 The Representation of the Political in Selected Writings of Julio Cortázar Carolina Orloff, 2013 Orloff shows that Cort zar did not become a political writer as a result of the Cuban Revolution as is often claimed but rather that the representation of the political was present in Cort zar s very first writings The book analyses the evolution of the representation of distinct political elements throughout Cort zar s writings mainly with reference to the novels and the so called collage books which have so far received only limited critical attention The author also alludes to some short stories and refers to many of Cort zar s non literary texts Through this chosen corpus the book follows a thematic thread showing that politics was present in Cort zar s fiction from his very first writings and not as he himself tended to claim only following his conversion to socialism The study aims to show that contrary to what many critics have argued this political conversion did not divide the writer into an irreconcilable before and after the apolitical versus the political but rather it simply shifted

the emphasis of the representation of the political that already existed in Cortázar's writings Carolina Orloff is an independent scholar working on research projects in the UK and in Argentina **Refried Elvis** Eric Zolov, 1999 This book traces the history of rock n roll in Mexico and the rise of the native countercultural movement La Onda the wave This story frames the most significant crisis of Mexico's postrevolution period the student led protests in 1968 and the government orchestrated massacre that put an end to the movement BOOKJACKET *General Catalogue of Printed Books* British Museum.
