The Green Fairy Book Andrew Lang, 2009-05-01 *The Fairy Books or Coloured Fairy Books* is a collection of fairy tales divided into twelve books, each associated with a different colour. Collected together by Andrew Lang, they are sourced from a number of different countries and were translated by Lang's wife and other translators who also retold many of the tales. The collection has been incalculably important, and although he did not source the stories himself directly from the oral tradition, he can make claim to the first English translation of many. First published in 1892, *The Green Fairy Book* is the 3rd volume in this series.
