The Gregg Reference Manual Sheila A. O'Neill, William A. Sabin, 1986 The Gregg Reference Manual William A. Sabin, 1999 The Gregg Reference Manual is a handbook of grammar usage primarily intended for office administration students. With the Gregg manual, students become proficient at editing business communication through the instruction on grammar, spelling, usage, and have exercises to refine their skills in the accompanying worksheets. This edition has been updated to include only references to word processing software while eliminating mention of the typewriter. While the emphasis is on grammar, there is some instruction on general office procedures, dictating, filing.

Happy about My Resume Barbara Safani, 2008 Many great job candidates have poor resumes that are merely a laundry list of job tasks that do little to distinguish them from their competition. The average recruiter or hiring manager spends less than 15 seconds reviewing a resume. Most people's resumes fail to wow the reader and quickly end up in the no pile. Writing a resume can feel like an overwhelming task. It can seem like a Herculean effort to consolidate so much important information about a career into a one or two page document. But it doesn't have to be that way. In *Happy About My Resume*, Barbara Safani offers 50 tips for creating compelling copy and presenting it in a powerful way to grab the hiring authority's attention and get them to pick up the phone to call you in for an interview. Safani provides practical and easy-to-follow advice as well as numerous samples that show each of her tips in action. The book will help readers learn how to quickly create a resume that is professional, gets them noticed, minimizes the amount of time they spend in a job search, and maximizes their earning power. The book is for anyone who wants to proactively manage their career and improve the quality of their current resume or create a resume from scratch.
