## **Israel In Transition The Texts Israel In Transition The Texts:**

**Text in Context** A. D. H. Mayes, 2000-09-07 The scholarly study of the Old Testament is now marked by a rich diversity of approaches and concerns In the last two decades an interest in the text and the implications for its interpretation is no longer the preserve of a single scholarly community while the reconstruction of the history of the people from whom it derived has been transformed by new methods This new book published under the auspices of the Society for Old Testament Study reflects these new approaches and developments and has a particular concentration on literary and historical study Thus it not only clearly recognizes the diversity now inherent in Old Testament study but also welcomes the integration into its field of the wide range of approaches available in current literary and historical investigation The study of the biblical text and how it is received and interpreted by its various readerships has a certain logical priority over the study of its historical background and authorship Yet an ongoing investigation of issues relating to the latter cannot await definitive conclusions on the former So essays on the text and its reception discuss primary issues which arise in Old Testament study while those on background and authorship reflect the continued vitality of and the fresh perspective possible in more traditional scholarly concerns

Richard Bauckham,2013-09-01 God Crucified and Other Essays on the New Testament s Christology of Divine Identity The basic thesis of this important book on New Testament Christology sketched in the first essay God Crucified is that the worship of Jesus as God was seen by the early Christians as compatible with their Jewish monotheism Jesus was thought to participate in the divine identity of the one God of Israel The other chapters provide more detailed support for and an expansion of this basic thesis Readers will find not only the full text of Bauckham s classic book God Crucified but also groundbreaking essays some of which have never been published previously **Getting into the Text** Daniel L.

Akin,Thomas W. Hudgins,2017-03-01 David Alan Black has been one of the leading voices in New Testament studies over the last forty years His contributions to Greek grammar textual criticism the Synoptic problem the authorship of Hebrews and many more have challenged scholars and students to get into the text of the New Testament like never before and to rethink the status quo based on all the evidence The present volume consists of thirteen studies written by some of Black s colleagues friends and former students on a number of New Testament topics in honor of his successful research and teaching career Not only do they address issues that have garnered his attention over the years they also extend the scholarly discussion with up to date research and fresh evaluations of the evidence making this book a valuable contribution in itself to the field that Black has devoted himself to since he began his career **The Prostitute and the Prophet** Yvonne

Sherwood,2004-12-30 The only consensus that has been reached on Hosea 1 3 is that it is a notoriously problematic text Sherwood unpicks this rather vague statement by examining the particular complexities of the text and frictions between the text and reader that conspire to produce such a disorientating effect Four dimensions of the problem are considered the conflict between text and reader over the improper relationship between Hosea and Gomer the bizarre prophetic sign language that conscripts people into a cosmic charade the text s propensity to subvert its central theses and the emergent tensions between the feminist reader and the text Aiming to bring together literary criticism and biblical scholarship this book provides lucid introductions to ideological criticism semiotics deconstruction and feminist criticism and looks at the implications of these approaches not only for the book of Hosea but for biblical studies in general **Festive Meals in**

**Ancient Israel** Peter Altmann,2011-07-28 The festive meal texts of Deuteronomy 12 26 depict Israel as a unified people

participating in cultic banquets a powerful and earthy image for both preexilic Judahite and later audiences Comparison of Deuteronomy 12 13 27 14 22 29 16 1 17 and 26 1 15 with pentateuchal texts like Exodus 20 23 is broadened to highlight the rhetorical potential of the Deuteronomic meal texts in relation to the religious and political circumstances in Israel during the Neo Assyrian and later periods The texts employ the concrete and rich image of festive banquets which the monograph investigates in relation to comparative ancient Near Eastern texts and iconography the zooarchaeological remains of the ancient Levant and the findings of cultural anthropology with regard to meals

**Israel's Scriptures in Early Christian Writings** Matthias Henze, David Lincicum, 2023-07-20 How did New Testament authors use Israel's Scriptures Use misuse appropriation citation allusion inspiration how do we characterize the manifold images paraphrases and quotations of the Jewish Scriptures that pervade the New Testament Over the past few decades scholars have tackled the question with a variety of methodologies New Testament authors were part of a broader landscape of Jewish readers interpreting Scripture Recent studies have sought to understand the various compositional techniques of the early Christians who composed the New Testament in this context and on the authors own terms In this landmark collection of essays Matthias Henze and David Lincicum marshal an international group of renowned scholars to analyze the New Testament text by text aiming to better understand what roles Israel's Scriptures play therein In addition to explicating each book the essayists also cut across texts to chart the most important central concepts such as the messiah covenants and the end times Carefully constructed reception history of both testaments rounds out the volume Comprehensive and foundational Israel's Scriptures in Early Christian Writings will serve as an essential resource for biblical scholars for years to come Contributors Garrick V Allen Michael Avioz Martin Bauspiess Richard J Bautch Ian K Boxall Marc Zvi Brettler Jaime Clark Soles Michael B Cover A Andrew Das Susan Docherty Paul Foster J rg Frey Alexandria Frisch Edmon L Gallagher Gabriella Gelardini Jennie Grillo Gerd H fner Matthias Henze J Thomas Hewitt Robin M Jensen Martin Karrer Matthias Konradt Katja Kujanp John R Levison David Lincicum Grant Macaskill Tobias Nicklas Val rie Nicolet Karl Wilhelm Niebuhr George Parsenios Benjamin E Reynolds Dieter T Roth Dietrich Rusam Jens Schr ter Claudia Setzer Elizabeth Evans Shively Michael Karl Heinz Sommer Angela Standhartinger Gert J Steyn Todd D Still Rodney A Werline Benjamin Wold Archie T Wright

Who Should be King in Israel? Travis Darren Trost, 2010 Who Should Be King in Israel attempts to link common messianic issues found in some Dead Sea Scrolls with the Gospel of John These messianic issues are studied in relation to the political situation facing the Johannine community in dealing with the Roman empire The readers hearers of the Fourth Gospel had to deal with different challenges from the Roman government and the non Christian Jewish community in the era between the Jewish Revolt and the Bar Kochba Revolt Jesus is presented as the new David the Son of God who is the solution to all of humanity's problems The fall of the Temple in 70 CE had created a political and religious situation that meant early Christians of the post 70 CE socio political environment had to deal with Roman suspicion and Jewish disappointment The Fourth Gospel uses vocabulary

and imagery designed to communicate the message that Jesus is the Christ without inflaming either Roman or Jewish sensibilities This book is written in a manner designed to deal intelligently with that difficult era in Christian history **1 Samuel** Antony F. Campbell, 2003-06-05 Antony Campbell's valuable form critical analysis of 1 Samuel highlights both the literary development of the text itself and its meanings for its audience A skilled student of the Hebrew Scriptures and their ancient context Campbell shows modern readers the process of editing and reworking that shaped 1 Samuel's final form As Campbell's study reveals the tensions and contradictions that exist in the present text reflect a massive change in the way of life of ancient Israel Samuel the first prophet here emerges to preside over the rise of Saul Israel's first king to be the agent of Saul's rejection and to anoint David as Israel's next king and the first established head of a royal dynasty The book of 1 Samuel captures the work of God within this interplay of sociopolitical forces and Campbell fruitfully explores the text both as a repository of traditions of great significance for Israel and as a paradigm of Israel's use of narrative for theological expression **Relating to the Text** Timothy Sandoval, Carleen Mandolfo, 2003-11-01 This collection contains studies reflecting the contribution of Martin Buss to biblical scholarship focusing on the forms and genres of biblical literature and on interdisciplinary approaches to biblical interpretation Contributors to the volume include J H Hayes J Kuan A Siedlecki B Green M Miller R Bailey S Melcher B Long N Walls C Newsom D Blumenthal T Linafelt T Beal E Ben Zvi N Stipe N Habel F Gorman Y Gitay J Lapsley M Sweeney E Gerstenberger V Robbins D Jobling R Weems C Mandolfo and T Sandoval *Israel and the Assyrians* C. L. Crouch, 2014-10-01 Was Deuteronomy created to be a subversive text based on Assyrian treaties In this new book Crouch focuses on Deuteronomy's subversive intent asking what would be required in order for Deuteronomy to successfully subvert either a specific Assyrian source or Assyrian ideology more generally The book reconsiders the nature of the relationship between Deuteronomy and Assyria Deuteronomy's relationship to ancient Near Eastern and biblical treaty and loyalty oath traditions and the relevance of Deuteronomy's treaty affinities to discussions of its date Features A thorough investigation of the nature and requirements of subversion A focused examination of the context in which Deuteronomy would have functioned An appendix focused on redactional questions related to Deuteronomy 13 and 28 *Remembering the Unexperienced* Stephen D. Campbell, 2020-11-16 This book argues that a helpful framework within which to interpret the paraenesis of Deuteronomy 4:1-40 can be constructed through interaction with the cultural memory interests of German Egyptologist Jan Assmann and the canonical approach of U.S. biblical theologian Brevard Childs By bringing Assmann's cultural memory concerns to bear on the world within the text Deuteronomy is brought into fruitful contact with questions from the field of sociology by asking these questions in interaction with the theologically rich formulation of canon offered by Childs's canonical approach Deuteronomy is interpreted as an authoritative witness to God for contemporary communities of faith As a result of this reading strategy the communal and trans-generational nature of covenant stands out This emphasis in turn influences the way Horeb is remembered by later generations and how that memory is transmitted from one generation

to the next through ritual practice and the text of Scripture      The Dawn of Israel Lester L. Grabbe, 2022-11-17 In this companion volume to his bestselling *Ancient Israel What Do We Know and How Do We Know It* Lester L. Grabbe provides the background history of the main ancient Near Eastern peoples and empires Babylonia Assyria Urartu Hittites Amorites Egyptians Grabbe's focus is on Palestine Canaan and covers the early second millennium including the Middle Bronze Age and the Second Intermediate Period and Hyksos rule of Egypt Grabbe also addresses the question of a patriarchal period The main focus of the book is on the second half of the second millennium Late Bronze and early Iron Age the Egyptian New Kingdom the Amarna letters the Sea Peoples the question of the exodus the early settlements in the hill country of Palestine and the first mention of Israel in the Merneptah inscription Archaeology and the contribution of the social sciences both feature heavily as does inscriptional and iconographic material As such this volume provides a fascinating portrayal of ancient Israel and this definitive work by one of the world's leading biblical historians will be of interest to all students and scholars of biblical history      *Israel's Beneficent Dead* Brian B. Schmidt, 1996 Revision of the author's thesis Ph D Oxford 1992      In Pursuit of Visibility: Essays in Archaeology, Ethnography, and Text in Honor of Beth Alpert Nakhai Jennie Ebeling, Laura Mazow, 2022-06-09 Fifteen diverse essays honour the distinguished career of Beth Alpert Nakhai a scholar of Canaan and ancient Israel in this volume Professor Nakhai's students and colleagues celebrate her important contributions to the field of Near Eastern Archaeology and tireless efforts to acknowledge and support women in the profession      **The Emergence of Israel in Ancient Palestine** Emanuel Pfoh, 2016-04-01 Taking advantage of critical methodology for history writing and the use of anthropological insights and ethnographic data from the modern Middle East this study aims at providing new understandings on the emergence of Israel in ancient Palestine and the socio-political dynamics at work in the Levant during antiquity The book begins with a discussion of matters of historiography and history writing both in ancient and modern times and an evaluation on the incidence of the modern theological discourse in relation to history and history writing Chapter 2 evaluates the methodology used by biblical scholars for gaining knowledge on ancient Israelite society Pfoh argues that such attempts often apply socio-scientific models on biblical narratives without external evidence of the reconstructed past producing a virtual past reality which cannot be confirmed concretely Chapter 3 deals with the archaeological remains usually held as clear evidence of Israelite statehood in the tenth century BCE The main criticism is directed towards archaeological interpretations of the data which are led by the biblical narratives of the books of Judges and Samuel resulting in a harmonic blend of ancient literature and modern anthropological models on state formation Chapter 4 continues with the discussion on how anthropological models should be employed for history writing Socio-political concepts such as chiefdom society or state formation should not be imposed on the contents of ancient literary sources i.e. the Bible but used instead to analyse our primary sources the archaeological and epigraphic records in order to create a socio-historical account The final chapter attempts to provide an historical explanation regarding the emergence of Israel in

ancient Palestine without relying on the Bible but only on archaeology epigraphy and anthropological insights This Israel is not the biblical one This is the Israel from history the one that the modern historian aims at recovering from the study of ancient epigraphic and archaeological remains The arguments presented challenge the idea that the biblical writers were recording historical events as we understand this practice nowadays and that we can use the biblical records for creating critical histories of Israel in ancient Palestine It also questions the existence of undisputable traces of statehood in the archaeological record from the Iron Age as the biblical images about a United Monarchy might lead us to believe Thus drawing on ethnographic insights we may gain a better knowledge on how ancient Levantine societies functioned providing us with a context for understanding the emergence of historical Israel as a major highland patronate with a socio political life of almost two centuries It is during the later periods of ancient Palestines history the Persian and the Graeco Roman that we find the proper context into which biblical Israel is created beginning a literary life of more than two millennia Arabic in Modern Hebrew Texts Mohamed A.H. Ahmed,2019-09-27 Focusing on the literary works of the writers Shimon Ballas Sami Michael and Eli Amir this book examines their use of their native Iraqi Arabic in their Hebrew works It examines the influence of Arabic language and culture and explores questions of language place and belonging from the perspective of sociolinguistics and multilingualism
