

La Paie Pour Les Nuls

H Kauffman

La Paie Pour Les Nuls:

Guillaume de Machaut R. Barton Palmer, 2013-06-17 This is the first edition in more than a century and the first modern English translation of the crowning masterwork of Machaut's literary career Based on his extensive discussion with returning crusaders the poet recounts King Peter I of Cyprus's successful attack and capture of the Egyptian city of Alexandria in 1365 This volume features a full discussion of Machaut's life and career historical commentary extensive annotation and a select bibliography

Fromental Halévy and His Operas, 1799-1841 Robert Ignatius Letellier, Nicholas Lester Fuller, 2021-04-20 In his lifetime the opera composer Fromental Halévy was considered the leader of the French school his admirers included Wagner Berlioz and later Mahler Today he is chiefly remembered for his grand tragic opera *La Juive* Paris 1835 a unique work exploring the nature of freedom faith and tolerance It has enjoyed rediscovery in recent times and its perennial challenge to our presuppositions makes it a work of intense artistic significance Halévy worked in the heady context of Paris after the 1830 Revolution and before the debacle of 1870 when the French capital was at the centre of the operatic world He wrote some 30 operas in the established genres of grand opera and opera comique *Le clair* 1835 and *Guido et Ginestra* 1838 consolidated his success in these genres This study throws light on this shadowy figure looking at his life his letters contemporary opinion about him and most importantly his operas Each one is examined in terms of its origin libretto musical features and place in the vibrant critical journalism of mid 19th century France The text provides musical examples and something of the rich iconography that accompanied the creation of his works

Les dépenses publiques en France Claude Diebolt, François Facchini, 2021-07-02 Un ouvrage de référence sur la dépense publique en France avec des illustrations pour les autres pays francophones Ce livre présente des données originales sur l'histoire des dépenses publiques françaises et leur composition sur la période 1870-2015 une analyse comparative avec les pays du G8 et de la zone francophone une revue exhaustive des explications et des travaux économiques sur les conséquences productives de cette dynamique financière Il observe comme dans de nombreux pays développés que les dépenses publiques en France ont augmenté plus vite que la production durant quasiment tout le XXe siècle et que contrairement de nombreux pays et l'Allemagne en particulier cette hausse ne s'est pas démentie au XXIe siècle Comment expliquer cette histoire Quelles en sont les conséquences productives Pourquoi la France contrairement l'Allemagne ou la Suède n'a pas redéfini le primat de l'intervention de ses administrations publiques Pour écrire l'histoire des dépenses publiques il faut abandonner l'idée de l'explication unique et accepter la pluralité des causes qui sied mieux aux jeux des équilibres politiques qui caractérisent les choix financiers de l'état Il faut aussi se demander de l'idée pourtant partagée par de nombreux observateurs selon laquelle l'état social ou providence se serait vu arracher des pans entiers de ses prérogatives du fait de politiques néolibérales Contrairement ce qui est arrivé dans

de nombreux pays cette évolution n'a pas eu lieu en France. Pour valuer les conséquences de la croissance des dépenses il est aussi important de ne pas être manichéen. Les dépenses publiques ne sont pas toujours mauvaises ou toujours bonnes pour la croissance et l'emploi. Elles sont mauvaises pour la croissance au-delà d'un certain niveau. Il est acquis enfin que le statut de la fonction publique de 1946, l'existence d'effets d'asymétries et le poids des syndicats jouent un rôle non négligeable dans l'absence de réforme du secteur public en France. Mais ce diagnostic ne doit pas masquer le rôle décisif des représentations de l'intérêt général et de ce qu'il est convenu d'appeler le régime de connaissance qui dans un pays comme la France est très favorable à l'interventionnisme public au paternalisme d'État. Ce livre intéressera non seulement les étudiants en économie publique et économie politique L3 M1 M2 mais aussi les spécialistes des finances publiques, agents publics, citoyens clairs et hommes politiques.
