Valdeón, 2014-11-15 Two are the starting points of this book On the one hand the use of Doña Marina La Malinche as a symbol of the violation of the Americas by the Spanish conquerors as well as a metaphor of her treason to the Mexican people On the other the role of the translations of Bartolomé de las Casas's Brevísima relación de la destrucción de las Indias in the creation and expansion of the Spanish Black Legend The author aims to go beyond them by considering the role of translators and interpreters during the early colonial period in Spanish America and by looking at the translations of the Spanish chronicles as instrumental in the promotion of other European empires The book discusses literary religious and administrative documents and engages in a dialogue with other disciplines that can provide a more nuanced view of the role of translation and of the mediators during the controversial encounter clash between Europeans and Amerindians **The American**
