La Estructura De La Persona Humana Estudios Y Ensayos:

Persona y humanismo Hilda Ana María Patiño Domínguez, 2012-09-05 Este libro propone retomar el concepto de humanismo y resignificarlo sobre todo para aquellos comprometidos con la tarea educadora y quienes luchan por hacer viable un humanismo y una educación humanista. Se presentan ideas y propuestas de filósofos, teólogos y sociólogos que han permitido la construcción de dos grandes categorías: persona y humanismo.

La estructura de la persona humana Edith Stein, 2002-01 En el presente volumen se recoge el curso La estructura de la persona humana que Edith Stein impartió en la Universidad de Münster durante el semestre de invierno del curso 1932-1933 y que apareció publicado por primera vez en Alemania en 1994 en el marco de los escritos póstumos de la autora que pudieron ser rescatados. En la introducción del libro los editores alemanes relatan los avatares que rodearon a la salvación del texto y que exponen el mismo todo seguido para su posterior reconstrucción. El tema del curso y por tanto de este libro ocupa un lugar central en el pensamiento de Edith Stein. Ya en su tesis doctoral había abordado la cuestión de la estructura de la persona humana que más tarde desarrolló en sus obras mayores: *Ser finito y ser eterno* y *Gloria de la cruz*.

El fuego de la montaña Eduardo de la Herra Buedo, 2009-10-21 Este libro describe las trayectorias vitales de siete conversos recientes: Giovanni Papini, Charles de Foucauld, Edith Stein, Gilbert K. Chesterton, Graham Greene, Eva Lavallière y Guillermo Roviro. De biografías y profesiones variopintas, todos estos personajes tienen una cosa en común: el encuentro con Dios, esa fuerza irresistible que como en el caso de Moisés les llevó a abandonarlo todo y a pasar por no pocas dificultades. Estas biografías buscan analizar el contexto social y el momento histórico en que dichas conversiones acontecieron, subrayando la repercusión que toda conversión tiene no sólo en la persona sino también en la sociedad en que se produce. Por otro lado, las figuras analizadas en este libro pueden constituir asimismo un testimonio de fe y de entrega personal y un estímulo en nuestra búsqueda personal de Dios.

El hombre y su destino Karol Wojtyła, 1998-12-01 Escritos inéditos de antropología en los que desarrolla temas como la responsabilidad, la cultura, el destino del hombre desde una perspectiva personalista.

Ciudadanía y derecho: reflexiones contemporáneas Fernando de Arnáiz Valdivia, María Luisa de Torres Soto, Universidad Complutense Madrid. Grupo de investigación: Fundamentos Histórico-filosóficos, 2025-02-27 En un mundo en constante cambio donde los conceptos de ciudadanía y derecho están en el centro de los debates sociales y políticos, esta obra ofrece una visión integral y colaborativa que invita a la reflexión y al análisis crítico. Ciudadanía y Derecho: Reflexiones Contemporáneas es el fruto de las jornadas celebradas en 2023 en la Universidad Complutense de Madrid donde un grupo selecto de expertos en derecho y filosofía se reunieron para explorar los desafíos y oportunidades que enfrenta la ciudadanía en el siglo XXI. Esta obra aborda temas esenciales como la igualdad y la libertad en el Estado de Derecho, la justicia restaurativa, la ciudadanía activa y la libertad de expresión en la era digital. Con un enfoque riguroso y detallado, los autores examinan las implicaciones filosóficas, históricas y jurídicas de estos conceptos analizando la realidad de la manera más comprensiva y profunda, mostrando los mecanismos que

moldean nuestra sociedad El libro se estructura en varios capítulos cada uno ofreciendo una perspectiva única sobre los diferentes aspectos de la ciudadanía y el derecho Desde la interpretación constitucional y la historia del pensamiento jurídico hasta los desafíos contemporáneos como la soledad no deseada y la libertad de expresión digital incluyendo una reimaginación sobre el pensamiento filosófico que aporta nuevas interpretaciones y aplicaciones de sus ideas en el contexto actual Los resultados de esta investigación multidisciplinaria identifican importantes desafíos y oportunidades para el ciudadano contemporáneo El estudio jurídico constata la existencia de normas diversas que regulan los derechos y deberes de los ciudadanos mientras que el análisis filosófico y sociológico revela la atribución de valor cultural social y económico a estos conceptos Poniendo en relevancia los conflictos y tensiones que surgen en torno a la interpretación y aplicación de estos derechos en diferentes contextos

La idea de persona y dignidad humana. Reynaldo Bustamante Alarcón, 2018-12-12 Reynaldo Bustamante Alarcón examina en este libro distintas racionalidades parciales que en diferentes pasajes de la historia han aportado a la idea de persona y dignidad humana profundizando a partir de esos aportes y junto con nuevos elementos en lo que significa ser persona en el sentido de la dignidad que le es propia Reflexiona sobre diversas cuestiones relacionadas con el ser humano en especial sobre el puesto que le corresponde en una sociedad justa a la altura de nuestro tiempo con las consecuencias que se derivan de ello particularmente para la moral política y el Derecho Un cierto tipo de sociedad donde cada persona pueda encontrar las condiciones adecuadas para el desarrollo de todas las dimensiones de su humanidad y vivir de manera armoniosa en comunidad y con el resto de la naturaleza Se trata de una antropología integral y humanista de respeto y confianza moderada en el ser humano desde un optimismo realista es decir que expresa confianza en las virtudes y capacidades del ser humano pero sin perder de vista sus vicios tanto individuales como sociales que defiende la importancia de la razón para orientar su emancipación integral y la ordenación justa de las sociedades sin desconocer que es una tarea que día a día debe lograrse que requiere de lucha y esfuerzos constantes Estamos ante un gran empeño de racionalización que busca contribuir a que el ser humano pueda desarrollarse plenamente con su esfuerzo pero con el apoyo de los demás Un modo de convivencia social donde la democracia y el Estado de Derecho se presentan junto con los derechos fundamentales como las formas de organización jurídica políticas más acordes con la dignidad humana con los objetivos de racionalización y humanización que se persiguen para construir y fortalecer una sociedad justa

ANTROPOLOGÍA FILOSÓFICA II. VIDA HUMANA, PERSONA Y CULTURA SAN MARTÍN SALA Javier, 2015-02-16 Antropología Filosófica II Vida Humana persona y cultura es el segundo tomo del tratado de antropología filosófica La primera parte trata de las dimensiones fundamentales de la vida humana sin las cuales no existe como humano La segunda toma en consideración el tradicional problema del cuerpo y el alma el cuerpo y la mente o el cuerpo y la conciencia tratando la importancia que ese tema tiene para la antropología filosófica Esa parte termina con un tema sobre el sentido del ser persona del ser humano Pero la vida humana

personal se lleva a cabo en el seno de una cultura La antropología filosófica quedaría incompleta si no se estudia al ser humano en la cultura teniendo sobre todo en cuenta que los principales puntos que se suelen tratar en una antropología filosófica como el trabajo el amor el juego el poder y la muerte son los escenarios en que aparece la elaboración cultural En esta tercera parte se expone el sentido del ser humano en cuanto ser cultural *Volver a la persona* Rodrigo Guerra López, 2002

Perspectives on Philosophy of Management and Business Ethics Jacob Dahl Rendtorff, 2017-01-05 This book presents a selection of articles with focus on the theoretical foundations of business ethics and in particular on the philosophy of management and on human rights and business This implies identifying and discussing conflicts as well as agreement with regard to the philosophical and other foundations of business and management Despite the general interest in corporate social responsibility and business ethics the contemporary discussion rarely touches upon the normative core and philosophical foundations of business There is a need to discuss the theoretical basis of business ethics and of business and human rights Even though the actions and activities of business may be discussed from a moral perspective not least in the media the judgments and opinions relating to business and management often lack deeper moral reflection and consistency Partly for this reason business ethicists are constantly challenged to provide such moral and philosophical foundations for business ethics and for business and human rights and to communicate them in an understandable manner Such a challenge is also of scientific kind Positions and opinions in the academic field need to be substantiated by thorough moral and theoretical reflection to underpin normative approaches Far too often business ethicists may agree on matters which they approach from different and sometimes irreconcilable philosophical standpoints resulting in superficial agreement but deeper lying disagreement In other cases it may be of high relevance to identify philosophical standpoints that despite conflicting fundamentals may arrive at conclusions acceptable to everyone *Un ensayo sobre la población de Castilla y León* Guillermo Ramírez Estévez, 2005 *Ensayos sobre bioética* Ma Teresa (ed.)
