La Symbolique Que Saisje:

The Symbols of the Church Maurice Dilasser, 1999 Science has its own language the arts have another Religion uses especially the language of the arts for it uses signs and symbols like bridges from the visible to the invisible from the depths to the heights from the earthly world to the heavenly one from humanity to God The symbol is not an object of worship but invites to worship It leads to the encounter with the divine Its language takes an object or an action and from it evokes something other which is often inexpressible by virtue of some correspondence natural association or convention From publisher description

Le symbole, un messenger Stéphane Bigham, René Fernet, 2001 Les symboles agissent sur nous Ils manifestent un pouvoir qui la fois nous attire et nous fait peur Le jour et la nuit ces mystérieux messagers balisent nos chemins conduisant l'interiorisation la révélation la guérison l'ascèse et la sainteté ou la chute l'enfer et la perdition Depuis l'aube des temps les peuples les projettent telles des sondes intergalactiques travers l'espace et le temps ou bien cherchent les surprendre de l'autre côté de la mort Premiers messagers de la mondialisation ils sont aussi visibles et insaisissables que l'arc en ciel et bien difficiles emprisonner dans des capsules limitatives Ceux qui ont voulu les enfermer dans des dictionnaires se sont perdus dans une maison aux miroirs déformants Le symbole est complice de notre vérité et de notre vie intérieure Il tisse la trame de nos rêves et de nos désirs les plus secrets Il véhicule notre héritage de foi et anticipe notre vie de ressuscité Il fait danser notre esprit autant que notre esprit le fait danser Voilà ce que veulent partager avec vous les auteurs de ce collectif tout en vous offrant des balises d'accompagnement

Comprendre la symbolique alchimique Émilie Granjon, 2012-07-13T00:00:00-04:00 Parce que l'art figuratif de concert elle est souvent reliée au rang des bizarreries qu'on préfère tenir distance Enoncée sous de multiples formes elle témoigne d'un imaginaire fondé sur le fantasme et la fantasmagorie se conjuguent pour donner l'impulsion une iconographie particulièrement routinée et éternelle En revisitant l'histoire de l'art classique et moderne une telle iconographie se donne également à voir sous d'autres formes dévoilant des imaginaires complexes de brisées et tourments dont les figures souvent rejetées par quelques contemporains conservent aujourd'hui encore une opacité magique saisissante Par exemple Jérôme Bosch n'hésite pas à entrecroiser les images fantasmagoriques inspirées entre autres des bestiaires antiques et médiévaux avec celles de la science de la Renaissance Dans une perspective proche Francisco Goya expose un imaginaire travaillé par la maladie les angoisses et les cauchemars peuplés de démons et d'hommes aux visages déformés et aux postures animales Dans un style certes différent de Bosch ou de Goya les images alchimiques font également voir des figurations singulières où des formes mimétiques convenues côtoient des figures insolites Loin de la description d'un monde fantasmagorique les images alchimiques nous montrent non pas l'état motionnel de leurs auteurs mais la nature complexe de l'art que les alchimistes pratiquent Ces représentations tant tributaires de connaissances transpécifiques leurs analyses par des théoriciens du visuel sont plus rares moins approfondies et surtout elles négligent l'aspect parfois déconcertant des figures représentées

inspired the creation of imaginary elements for both aesthetic and political purposes from the depiction of purportedly despotic rulers to a genuine admiration for Eastern history and millennial cultures. These writers appropriated the East either through their travels or by reading chronicles integrating along the way images that would end up being universalized by the Argentinean dichotomy between civilization and barbarism, all the while assigning the negative stereotypes of the exotic East to the Pampa region. With time, the exoticism of the Eastern world would shed its geopolitical meaning and was ultimately integrated into the national literature, thus adding new elements into the Argentinean imaginary. Governing the Empire Pascal Buresi, Hicham El Aallaoui, 2012-10-01. This book examines through the edition, translation, and study of Almohad provincial appointments, the administrative, political, ideological, and religious organisation of the largest European African Empire, renewing the study of power and authority in the medieval Islamic world.
