The Serpent Garden Judith Merkle Riley, 2008-01-08 In the court of Henry VIII there are many secrets and some people will kill to keep them hidden Susanna Dallet is the daughter of a Flemish painter and wife to a philandering husband living in the court of Henry VIII When her husband is murdered Susanna is suddenly left with a household to provide for and nothing to her name Her days of anonymity are over when Susanna finds that guild rules preventing women from working do not apply at the king s court and she manages to secure a position as a miniature portrait painter Before long she has not only made a name for herself she is close to those who surround Princess Mary But even in this lofty company Susanna is not safe An old manuscript that she has inherited turns out to hold the keys to an age old mystery and the forces that claimed her husband are closing in As danger looms Susanna joins with Robert Ashton secretary to Henry s cunning and ruthless adviser Archbishop Wolsey and together they must fight a fearsome society in league with a demon Combining heartpounding action sly humor romance and supernatural twists The Serpent Garden is the story of a creative and resourceful woman who unwittingly finds herself in a dangerous and deadly game of hide and seek

*Material Fantasies* Milena Veenis, 2012 This study of East German fantasies of material abundance across the border both before and after the fall of communism shows the close and intricate relation between ideology and fantasy in upholding social life In 1989 news broadcasts all over the world were dominated for weeks by images of East Germans crossing the Berlin Wall to West Germany The images representing the fall of communism and the democratic will of the people also showed East Germans excitement at finally being able to enter the western consumer paradise But what exactly had they expected to find on the other side of the Wall Why did they shed tears of joy when for the first time in their lives they stepped inside West German shops And why were they prepared to pay more than 10 percent of their average monthly wage for a pineapple Drawing on fifteen months of research in the fast changing post communist East Germany Veenis unravels the perennial truths about the interrelationships of fantasies of material wealth personal fulfillment and social cohesion She argues persuasively that the far fetched socialist and capitalist promises of consumption as the road to ultimate well being the partial realization and partial corruption thereof the implicit social and psychological interests underlying the politicized promises in both countries form the breeding ground for the development of materialist cargo cult like fantasies in which material well being came to be seen as the place of fulfillment and ultimate arrival Publisher s website
