## **It's The Middle Class Stupid:**

*It's the Middle Class, Stupid!* James Carville, Stan Greenberg, 2012-07-10 It's the Middle Class Stupid confirms what we have all suspected Washington and Wall Street have really screwed things up for the average American Work has been devalued Education costs are out of sight Effort and ambition have never been so scantily rewarded Political guru James Carville and pollster extraordinaire Stan Greenberg argue that our political parties must admit their failures and the electorate must reclaim its voice because taking on the wealthy and the privileged is not class warfare it is a matter of survival Told in the alternating voices of these two top political strategists It's the Middle Class Stupid provides eye opening and provocative arguments on where our government including the White House has gone wrong and what voters can do about it Controversial and outspoken authoritative and shrewd It's the Middle Class Stupid is destined to make waves during the 2012 presidential campaign and will set the agenda for legislative battles and political dust ups during the next administration

**The American Middle Class** Lawrence Samuel, 2013-07-18 The middle class is often viewed as the heart of American society the key to the country's democracy and prosperity Most Americans believe they belong to this group and few politicians can hope to be elected without promising to serve the middle class Yet today the American middle class is increasingly seen as under threat In *The American Middle Class A Cultural History* Lawrence R Samuel charts the rise and fall of this most definitive American population from its triumphant emergence in the post World War II years to the struggles of the present day Between the 1920s and the 1950s powerful economic social and political factors worked together in the US to forge what many historians consider to be the first genuine mass middle class in history But from the cultural convulsions of the 1960s to the stagflation of the 1970s to Reaganomics in the 1980s this segment of the population has been under severe stress Drawing on a rich array of voices from the past half century *The American Middle Class* explores how the middle class and ideas about it have changed over time including the distinct story of the black middle class Placing the current crisis of the middle class in historical perspective Samuel shows how the roots of middle class troubles reach back to the cultural upheaval of the 1960s *The American Middle Class* takes a long look at how the middle class has been winnowed away and reveals how even in the face of this erosion the image of the enduring middle class remains the heart and soul of the United States

**The Sinking Middle Class** David Roediger, 2022-06-21 *The Sinking Middle Class* challenges the save the middle class rhetoric that dominates our political imagination The slogan misleads us regarding class nation and race Talk of middle class salvation reinforces myths holding that the US is a providentially middle class nation Implicitly white the middle class becomes viewed as unheard amidst supposed concerns for racial justice and for the poor Roediger shows how little the US has been a middle class nation The term seldom appeared in US writing before 1900 Many white Americans were self employed but this social experience separated them from the contemporary middle class of today overwhelmingly employed and surveilled Today's highly unequal US hardly qualifies as sustaining the middle class The idea of the US as a middle class

place required nurturing Those doing that ideological work from the business press to pollsters to intellectuals celebrating the results of free enterprise gained little traction until the Depression and Cold War expanded the middle class brand Much later the book's sections on liberal strategist Stanley Greenberg detail saving the middle class entered presidential politics Both parties soon defined the middle class to include over 90% of the population precluding intelligent attention to the poor and the very rich Resurrecting radical historical critiques of the middle class Roediger argues that middle class identities have so long been shaped by debt anxiety about falling and having to sell one's personality at work that misery defines a middle class existence as much as fulfillment

The Burden of Academic Success Allison L. Hurst,2010-03-01

The Burden of Academic Success Loyalists Renegades and Double Agents explores class identity reconstructions among working class students attending a public university Rather than focus on working class failure this book takes a critical look at the psychological and social costs of academic success Based on several hours of interviews with a diverse group of working class students this book describes how successful students respond to react to and manage their academic success The book does for class what other theorists have done for race examining the dynamic interplay of class identity and educational success social mobility The distinguishing features of the book are rich narrative detail compelling stories of student success and struggle intersectional analysis exploring the ways class race and gender inform each other in students understandings and narratives with an interwoven theory throughout and a new typology for understanding working class student responses to the burden of academic success The Burden of Academic Success is ideal for courses on sociology education and American studies as well as for use by college educators and administrators

Stigma, and Its Discontents Kenneth McLaughlin,2021-04-01 This engaging and thought provoking book interrogates the workings of stigma within a historical political and sociological framework In so doing it highlights the way in which particular individuals and groups are othered and the implications such a process has for how

they are viewed and treated within society A discussion of the various ways in which stigma has been conceptualised is followed by an analysis of the workings of stigma within the sphere of social welfare The focus then turns to a consideration of the way specific groups and their allies have challenged their stigmatised status and in the process have utilised and developed our understanding of the theoretical political and practical ways in which stigma operates within society In paying particular attention to mental health disability and transgender politics the book highlights both the progressive and regressive aspects of theoretical and practical campaigns to challenge stigma In particular it gives warning as to the way such developments often exhibit a marked disdain for the public and have become institutionalised in such a way as to constitute a threat to our political freedom    **Literary Digest** ,1921    *The Literary Digest* Edward Jewitt Wheeler,Isaac Kaufman Funk,William Seaver Woods,Arthur Stimson Draper,Wilfred John Funk,1921    [Literary Digest: a Repository of Contemporaneous Thought and Research as Presented in the Periodical Literature of the World](#) Edward Jewitt Wheeler,Isaac Kaufman Funk,William Seaver Woods,1921    *Feel Free* Zadie Smith,2018-02-06 Winner of the 2018 National Book Critics Circle Award for Criticism A New York Times Notable Book From Zadie Smith one of the most beloved authors of her generation a new collection of essays Since she burst spectacularly into view with her debut novel almost two decades ago Zadie Smith has established herself not just as one of the world s preeminent fiction writers but also a brilliant and singular essayist She contributes regularly to The New Yorker and the New York Review of Books on a range of subjects and each piece of hers is a literary event in its own right Arranged into five sections In the World In the Audience In the Gallery On the Bookshelf and Feel Free this new collection poses questions we immediately recognize What is The Social Network and Facebook itself really about It s a cruel portrait of us 500 million sentient people entrapped in the recent careless thoughts of a Harvard sophomore Why do we love libraries Well run libraries are filled with people because what a good library offers cannot be easily found elsewhere an indoor public space in which you do not have to buy anything in order to stay What will we tell our granddaughters about our collective failure to address global warming So I might say to her look the thing you have to appreciate is that we d just been through a century of relativism and deconstruction in which we were informed that most of our fondest held principles were either uncertain or simple wishful thinking and in many areas of our lives we had already been asked to accept that nothing is essential and everything changes and this had taken the fight out of us somewhat Gathering in one place for the first time previously unpublished work as well as already classic essays such as Joy and Find Your Beach Feel Free offers a survey of important recent events in culture and politics as well as Smith s own life Equally at home in the world of good books and bad politics Brooklyn born rappers and the work of Swiss novelists she is by turns wry heartfelt indignant and incisive and never any less than perfect company This is literary journalism at its zenith Zadie Smith s new book Grand Union is on sale 10 8 2019    **Black Skinhead** Brandi Collins-Dexter,2022-09-20 A provocative exploration of Black America s growing disillusionment with the Democratic party and the fragile alliance

**The Racial Glass Ceiling** Roy L.
