*Hard to Handle* Hannah Blowers, 2022-09-01 I was convinced I d found the woman I would spend the rest of my life with If only I d known she was married when we started dating Before I was already too invested to simply walk away Turns out all I was to her was a dirty little secret After she kicks me to the curb I tuck my tail between my legs and move in with my brother to pick up the pieces of my shattered heart and take a break from dating Or so I thought My plan to stay single for a while might ve worked if not for my brother s gorgeous neighbor showing me kindness when I least expect or deserves it Our first encounter is far from romantic but our mutual attraction is undeniable Since neither of us wants a relationship we agree to an arrangement we should be able to handle friendship until we both realize friendship isn t enough When we finally give in we can t get enough of each other Her previous relationship was scrutinized under a microscope and ended in an agonizing heartache that was difficult to bounce back from Unwilling to relive the past she s determined to keep this incredible thing we have behind closed doors and treats our relationship like glass If only I can convince her that what we have cannot easily be broken

Deconstructing Masculinity: Interrogating the Role of Symbolism in Gender Performativity Lauren Dundes ,Michael Macaluso, 2024-09-19 Progress towards gender parity is hindered by unconscious ways that hypermasculinity is valorized at a symbolic level By deconstructing how social and textual phenomena as well as social structures contribute to gender performativity we can elucidate hard to discern patterns that perpetuate hegemonic masculinity The subliminal elevation of symbols of hypermasculinity excludes both women and non gender conforming men By delving into these symbolic meanings that operate subliminally we can more effectively debunk beliefs that real men fall within narrow parameters of masculinity There remains much to explore in terms of hidden pressures for men to constrain their expression of emotions project an appearance of hardness and equate violence with power to name just a few persistent facets of toxic masculinity While abstract forms of inculcating hypermasculinity are difficult to identify interrogating their role in masculine performativity will result in a more comprehensive understanding of impediments to gender equality
