PAPER 1****JUNE 2019: MEMORANDUM****MARKS: 150****MARKING PRINCIPLES:**

1. Penalties for foreign items are applied only if the candidate is not losing marks elsewhere in the question for that item (no penalty for misplaced item). No double penalty applied.
2. Penalties for placement or poor presentation (e.g. details) are applied only if the candidate is earning marks on the figures for that item.
3. Full marks for correct answer. If answer incorrect, mark the workings provided.
4. If a pre-adjustment figure is shown as a final figure, allocate the part-mark for the working for that figure (not the method mark for the answer).
5. Unless otherwise indicated, the positive or negative effect of any figure must be considered to award the mark. If no + or – sign or bracket is provided, assume that the figure is positive.
6. Where indicated, part-marks may be awarded to differentiate between differing qualities of answers from candidates.
7. Where penalties are applied, the marks for that section of the question cannot be a final negative.
8. Where method marks are awarded for operation, the marker must inspect the reasonableness of the answer and at least one part must be correct before awarding the mark.
9. In awarding method marks, ensure that candidates do not get full marks for any item that is incorrect at least in part.
10. Be aware of candidates who provide valid alternatives beyond the marking guideline.
11. Codes: f = foreign item; p = placement/presentation.

This marking guideline consists of 08 pages.

Yesterday, Today, and Tomorrow Roslyn Arlin Mickelson,Stephen Samuel Smith,Amy Hawn Nelson,2017-11-14 Yesterday Today and Tomorrow provides a compelling analysis of the forces and choices that have shaped the trend toward the resegregation of public schools By assembling a wide range of contributors historians sociologists economists and education scholars the editors provide a comprehensive view of a community s experience with desegregation and economic development Here we see resegregation through the lens of Charlotte North Carolina once a national model of successful desegregation and home of the landmark Swann desegregation case which gave rise to school busing This book recounts the last forty years of Charlotte s desegregation and resegregation putting education reform in political and economic context Within a decade of the Swann case the district had developed one of the nation s most successful desegregation plans measured by racial balance and improved academic outcomes for both black and white students However beginning in the 1990s this plan was gradually dismantled Today the level of resegregation in Charlotte has almost returned to what it was prior to 1971 At the core of Charlotte s story is the relationship between social structure and human agency with an emphasis on how yesterday s decisions and actions define today s choices *Presidential Leadership and National Security* Richard S. M. Jain,2017-06-06 China s Soft Power Diplomacy Myth or Reality examines the Chinese version of soft power both in conceptual and operational terms and

explores its myriad implications for India in particular and South Asia in general The book investigates how the institutionalization of cultural soft power would help China project its image as a benign and responsible stakeholder in order to reshape the current international system with its notion of harmonious world order based on Chinese characteristics This book traces the origin of China s engagement with South Asian states from historical political economic and security perspectives in order to better understand the dynamics of its South Asia policy It illuminates the core reasons to explain why China s soft power initiatives in South Asia are least appealing and convincing to India while they are welcomed by smaller nations of the region More pertinently the book addresses complexities and nuances of China s soft power instruments given the psycho cultural and geopsychological peculiarities of the South Asian region For this it focuses on how the Sino Pakistan axis constitutes a potential challenge to India s leadership role and influence in South Asia **Current Law Index** ,1996
