

Answer Sheet

Part 2

1. C

Natalie, an "imitator" person, would learn the attitude of a greedy and ambitious colleague whom she would describe as "transitory."

2. C

It is customary to refer to materials appearing at the beginning of a book (title page, author's note, introduction, and so forth) as "prefatory," or the preface, located in the front.

3. B

The first missing term must characterize the manager's response to a drop in sales that she sees as a result of her department's "lack of effort." It is logical to conclude that the store manager "upbraided," or scolded, her employees out of indignation, or righteous anger.

4. B

An architect who designs structures to be "visually captivating" as well as functional is very likely an "aesthete," or someone who is very sensitive to beauty.

5. B

Whispering is the kind of persistent or periodic arguing to which personal dislike might have led the speakers, but their "accord," or agreement, or collaborative desire kept them from squabbling.

6. D

The jollyfish is presented as seeming the opposite of harmful. Only "harmless" fits the logic required by "but."

7. D

The word "merely" indicates that the past provisions were not as strict as the "mandatory" provisions and "recommended" is the only first term that conveys a lesser degree of strictness. Only "violators" would logically be penalized by losing their federal research grants.
