

Hamlet

INTRODUCTION

BRIEF BIOGRAPHY OF WILLIAM SHAKESPEARE

William Shakespeare (c.1564–1616) is the most famous English writer and one of the greatest writers in world literature. He is the author of 37 plays and 154 sonnets. In 1592, Shakespeare was named as one of the actors in the Swan Theatre in London, after that building, in London and elsewhere, had been destroyed. The Swan Theatre was built in 1569, and it was named after the swan, which was the symbol of the theatre. Shakespeare was one of the actors in the Swan Theatre, and he was one of the actors in the Swan Theatre. Shakespeare was one of the actors in the Swan Theatre, and he was one of the actors in the Swan Theatre. Shakespeare was one of the actors in the Swan Theatre, and he was one of the actors in the Swan Theatre.

HISTORICAL CONTEXT

Shakespeare's works were written in a period of English history known as the Elizabethan era, which was the reign of Queen Elizabeth I (1558–1603). This was a time of great change in England, and it was a time of great change in England. Shakespeare's works were written in a period of English history known as the Elizabethan era, which was the reign of Queen Elizabeth I (1558–1603). Duddy Kravitz and Other Works

Coles Notes Staff, 1998-09 **Hamlet's Castle** Gordon Mills, 1976-08-01 *Hamlet's Castle* is both a theoretical and a practical examination of the interactions that take place in a literary classroom The book traces the source of literature's power to the relationship between its illusional quality and its abstract meaning and relates these elements to the process by which a group typically an academic class forms a judgment about a literary work In focusing on the importance of the exchange of ideas by readers Gordon Mills reveals a new way of looking at literature as well as a different concept of the social function of the literary classroom and the possible application of this model to other human activities The three fundamental elements that constitute Mills's schema are the relationship between a reader and the illusional quality of literature the relationship between a reader and the meaning of a text and the concept of social experience within the environment of a text The roles of illusion and meaning in a text are explored in detail and are associated with areas outside literature including science and jurisprudence There is an examination of the way in which decisions are forced by peers upon one another during discussion of a literary work an exchange of opinion which is commonly a source of pleasure and insight sought for its own sake In the course of his study Mills shows that the act of apprehending a literary structure resembles that of apprehending a social structure From this relationship he derives the social function of the literary classroom In combining a theoretical analysis with the practical objective of determining what value can be found in the study of literature by groups of people Mills has produced a critical study of great significance *Hamlet's Castle* will change concepts about the purpose of teaching literature affect the way in which literature is taught and become involved in the continuing discussion of the relationship of literary
