Chupungco, 2016-03-24 The final volume in the Handbook for Liturgical Studies series Volume V Liturgical Time and Space contains the concluding material for an integral study of the liturgy It opens with a preliminary notion of time and space before discussing in detail three types of liturgical celebrations on which time and space have a direct and particular bearing The first of these is the Liturgy of the Hours This topic is developed in the light of the early Christian tradition until the fourth century and its subsequent forms in

both East and West The second is the Liturgical Year traditionally called the *anni circulas* The development of the Liturgical Year during the first four centuries is reviewed This is followed by a detailed study of the Byzantine Roman and non Roman Western tradition It concludes with the theology and spirituality of the Liturgical Year wherein the mystery of Christ as a saving event is made present in time so that the faithful may lay hold of it through the Word and the sacraments The theology of liturgical space is drawn from the mutual interaction between the assembled community which gives meaning to the place of assembly and the place itself which upholds and signifies community

The Lord's Supper in the Reformed Church in America Christopher Dorn, 2007 In The Lord s Supper in the Reformed Church in America Tradition in Transformation Christopher

Dorn eloquently narrates the evolution that the celebration of the Lord's Supper has undergone in the Reformed Church in America. RCA Building on the work of scholars who have chronicled this history in the period spanning the sixteenth through the nineteenth centuries. Dorn extends the narrative into the twentieth century. He shows how the liturgical and ecumenical movements in this century created a climate in the RCA for liturgical research and reform, a climate that stimulated its leaders to reflect seriously on the formulation of its liturgy and their understanding of its use. In the last two chapters he convincingly demonstrates how this process led to a reconception of the nature and meaning of the celebration of the Lord's Supper.

Toward a Trinitarian Theology of Liturgical Participation R. Gabriel Pivarnik, 2013-01-01 Half a century after the Second Vatican Council called for the active participation of the laity in the liturgy, a comprehensive theology of what liturgical participation actually means remains elusive. While most sacramental studies have highlighted the role and action of Christ, the conciliar reform and the theology that emanated from it call for a deeper trinitarian understanding of the liturgy and sacraments. In this fascinating new work, Gabriel Pivarnik identifies the major theological developments in the concept of active participation of the last century, most notably in *Mediator Dei* and the Vatican II documents. He also considers the reception of those developments. Drawing especially on the work of Cipriano Vagaggini and Edward Kilmartin, Pivarnik offers a lucid demonstration of how liturgical participation can be viewed in metaphysical, soteriological, and ecclesiological terms through the lens of a trinitarian narrative.

The dictionary section has more than 500 cross-referenced entries on important persons and places, as well as themes such as baptism, contraception, labor, church architecture, the sexual abuse crisis, Catholic history, doctrine, and theology, spirituality, and worship, moral and social teaching, and church structure. This book is an excellent resource for students, researchers, and anyone wanting to know more about Catholicism.
