Kierkegaard Eve And Metaphors Of Birth:

Kierkegaard, Eve and Metaphors of Birth Alison Assiter, 2015-04-29 There has been a recent revival of interest in reading Kierkegaard as an ontologist as a thinker who engages with questions about the kinds of entity or process that constitute ultimate reality This new way of reading Kierkegaard stands alongside a revival of interest in ontology and metaphysics more generally This highly original book concentrates on the claim that Kierkegaard focuses in part on ontological questions and on issues pertaining to the nature of being as a whole Alison Assiter asserts that Being for Kierkegaard following Schelling can be read in terms of conceptions of birthing the capacity to give birth as well as the notion of a birthing body She goes on to argue that the story offered by Kierkegaard in *The Concept of Anxiety* about the origin of freedom connects with a birthing body and that Kierkegaard offers a speculative hypothesis in terms of metaphors of birthing about the nature of Being *Kierkegaard, Eve and Metaphors of Birth* Alison Assiter, 2015-04-29 There has been a recent revival of interest in reading Kierkegaard as an ontologist as a thinker who engages with questions about the kinds of entity or process that constitute ultimate reality This new way of reading Kierkegaard stands alongside a revival of interest in ontology and metaphysics more generally This highly original book concentrates on the claim that Kierkegaard focuses in part on ontological questions and on issues pertaining to the nature of being as a whole Alison Assiter asserts that Being for Kierkegaard following Schelling can be read in terms of conceptions of birthing the capacity to give birth as well as the notion of a birthing body She goes on to argue that the story offered by Kierkegaard in *The Concept of Anxiety* about the origin of freedom connects with a birthing body and that Kierkegaard offers a speculative hypothesis in terms of metaphors of birthing about the nature of Being *Kierkegaard, Eve, and Metaphors of Birth* Alison Assiter, 2015 There has been a recent revival of interest in reading Kierkegaard as an ontologist as a thinker who engages with questions about the kinds of entity or process that constitute ultimate reality This new way of reading Kierkegaard stands alongside a revival of interest in ontology and metaphysics more generally This highly original book concentrates on the claim that Kierkegaard focuses in part on ontological questions and on issues pertaining to the nature of being as a whole Alison Assiter asserts that Being for Kierkegaard following Schelling can be read in terms of conceptions of birthing the capacity to give birth as well as the notion of a birthing body She goes on to argue that the story offered by Kierkegaard in *The Concept of Anxiety* about the origin of freedom connects with a birthing body and that Kierkegaard offers a speculative hypothesis in terms of metaphors of birthing about the nature of Being *A New Theory of Human Rights* Alison Assiter, 2021-03-01 This book offers a new materialist thesis that focuses on the dynamic biological core of humans shared with other animals and the rest of the natural world to develop a radical theory of human rights It therefore makes a unique contribution to literature and to academic and societal debates both on new materialisms and on human rights Many on the political far right deride the concept of a human right This has occurred in tandem with a growing contempt for the rule of law and for obligations to protect land or the

environment to recognize the rights of minorities or even to respect the various mechanisms of democracy On the other hand contemporary left wing inspired literature has also rejected the concept of a human right as Enlightenment inspired and western This has gone hand in hand with a contestation of essentialism and universalism These theoretical positions have been variously critiqued as racist sexist as well as Eurocentric Drawing on metaphysics and ethics with protagonists drawn from traditions across analytic and continental philosophy and feminist theory Assiter challenges these critics to form a distinctive new materialist position Most people defenders and critics take for granted that the concept of human rights and the universal view of humanity derive from the European Enlightenment However this book develops a different story of its origin from the earlier period of both Aristotle and the Zoroastrian Persian Empire and locates the concept of a right partly in our biological core yet challenges the assumption that this is constructed by language of any kind specifically including scientific discourse

Isotopography Niels Wilde,2024-08-19 While the concept of place remains undertheorized in Kierkegaard research this study argues that place is at the center of Kierkegaard s thinking The first part of the book shows that Kierkegaard s notion of situatedness as being placed in a socio historical situation conditioned by a situation prior to situatedness points to a realist position and a flat ontology Secondly the book develops a detailed analysis of the ontological structure of the existential place the place we ourselves are and concrete places the places where we are Place opens a qualified space within bounds the existence sphere an atmosphere of elemental attunement and attuned elementality Finally the book collects the dots from part one and two in a topological realist approach to Kierkegaard s theology and three main definitions of God God is love God is that everything is possible and God is the middle term The book concludes that Kierkegaard s existential topography reveals a realist position where we are is never exhausted by being the place where we are **Passion for**

Nothing Peter Kline,2017-09-01 Passion for Nothing offers a reading of Kierkegaard as an apophatic author As it functions in this book apophasis is a flexible term inclusive of both negative theology and deconstruction One of the main points of this volume is that Kierkegaard s authorship opens pathways between these two resonate but often contentiously related terrains The main contention of this book is that Kierkegaard s apophaticism is an ethical religious difficulty one that concerns itself with the whylessness of existence This is a theme that Kierkegaard inherits from the philosophical and theological traditions stemming from Meister Eckhart Additionally the forms of Kierkegaard s writing are irreducibly apophatic animated by a passion to communicate what cannot be said The book examines Kierkegaard s apophaticism with reference to five themes indirect communication God faith hope and love Across each of these themes the aim is to lend voice to the unruly energy of the unsayable and in doing so let Kierkegaard s theological spiritual and philosophical provocation remain a living one for us today **Radical Intellectuals and the Subversion of Progressive Politics** Michael J. The Beautiful Animal Michael Lewis, 2018-06-20 Can philosophy conceive of a perfect animal? Can it think of the animal as anything other than an imperfect human? The book attempts to rethink the Hegelian dialectic so as to render it capable of assigning a proper place to the animal and in particular the beautiful animal and to rework the philosophy of nature so as to encompass the fossil. The fossil itself teaches philosophy and in particular the dialectic how it must modify itself in order to encompass the beautiful animal in the form of what we term the fossilised dialectic resistant to the spiritualisation which will always leave the animal behind. If philosophy can admit the animal in this way we might then ask what philosophy can learn from this animal that will have taken up residence in its home. What does a specifically domestic animal teach us? At the very least it shows us that the function we give to the furnishings of the house is not the only one and perhaps therefore that there is no single unique function. In this way animals teach us the most philosophical lesson: there is to see the world as it is in itself

The connections, contrasts and sometimes surprising similarities of their thought are uncovered and analyzed in topics such as exile and pilgrimage, time and restlessness, inwardness and the church as well as suffering, evil and humility.
