A Woman Killed with Kindness and Other Domestic Plays Thomas Heywood, Thomas Dekker, William Rowley, John Ford, 2008-05-09 Arden of Faversham A Woman Killed with Kindness The Witch of Edmonton The English Traveller In about 1590 an unknown dramatist had the idea of writing a tragedy about the lives of ordinary people instead of the genre's usual complement of kings and queens and politicians His play Arden of Faversham inaugurated a new genre of domestic drama set in near contemporary England and concerned with issues of marriage crime and property rather than war and power Arden dramatizes a notorious murder case of forty years earlier in which a wealthy husband was killed by his wife and her lover In Thomas Heywood's A Woman Killed with Kindness a wife is caught by her husband in bed with his best friend only to find that he takes unusual reprisals The Witch of Edmonton combines a true life story of witchcraft with a fictitious tale of bigamy and wife murder and The English Traveller deals with the unexpected and unwelcome changes people find when they return home after a lengthy absence Part of the Oxford English Drama series this edition has modern spelling texts a critical introduction that outlines the way all four plays raise powerful and complex questions about the English society in which their tragic events unfold wide ranging notes a chronology of the plays from their sources to recent performance and appendices relating to two of the plays who wrote Arden of Faversham and when did Heywood write The English Traveller ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more **A Woman Killed with Kindness** Thomas Heywood, 1917 **A**

modern phenomena such as the anorexic body or the gourmandizing *body humaine*. It is this vexing binary approach to eating and food which this volume traces within a wide chronological framework and which is at the core not only of literature art and film but also of a flourishing popular culture.
