

Mistake and Tricks for a Process of Elimination

To help you with these problems, we have to eliminate options.

This is called the process of elimination.

Find out first what is impossible and eliminate that option on the chart.

Every time you find a clue in a statement, you should read the other statements and see if you can make more eliminations from too.

Every time you cross out a possibility for a statement, I would open up another possibility to another statement.

The monsters John, Tony, Blake, Tony and Captain know their ages, but
monsters are only numbers and they each play a different for yourself.
Can you figure out the correct order of their ages?
