**Empires of Print** Patrick Scott Belk,2017-05-08 At the turn of the twentieth century the publishing industries in Britain and the United States underwent dramatic expansions and reorganization that brought about an increased traffic in books and periodicals around the world Focusing on adventure fiction published from 1899 to 1919 Patrick Scott Belk looks at authors such as Joseph Conrad H G Wells Conan Doyle and John Buchan to explore how writers of popular fiction engaged with foreign markets and readers through periodical publishing Belk argues that popular fiction particularly the adventure genre developed in ways that directly correlate with authors experiences and shows that popular genres of the late nineteenth and early twentieth centuries emerged as one way of marketing their literary works to expanding audiences of readers worldwide Despite an over determined print space altered by the rise of new kinds of consumers and transformations of accepted habits of reading publishing and writing the changes in British and American publishing at the turn of the twentieth century inspired an exciting new period of literary invention and experimentation in the adventure genre and the greater part of that invention and experimentation was happening in the magazines

The Recluse of Loyang Don J. Wyatt, 1996-01-01 Few thinkers have stood as squarely at both the center and the periphery of an intellectual movement as has Shao Yung 1011 1077 Ethical model and eccentric socialite and eremite Shao Yung is perhaps not only the greatest enigma of early Neo Confucianism but also one of its undisputed giants In this impressive life and thought study Don J Wyatt painstakingly sifts through all available evidence relating to Shao Yung and his scholarship to provide a portrait that fully exposes the moral center of the man and his work Drawing on the abundant store of letters and accounts by Shao s contemporaries and his own much neglected poetry Wyatt has assembled a study that intimately relates Shao s life to his thought He challenges the assumptions of previous Western scholarship by persuasively arguing against the acceptance of works traditionally ascribed to Shao specifically the Kuan wu wai p ien Outer Chapters on Observing Things the Yu ch iao wen ta Fisherman and Woodcutter Dialogue and the cryptic quasi autobiographical essay Wu ming kung chuan Biography of the Nameless Lord Shao is presented as an independent thinker whose philosophical lexicon functioned according to a profound interdependence that was unique among the systems of his peers His metaphysical concepts which appear impervious to and beyond the scope of human influence namely his ching shih world ordering kuan wu observing things and I Ching derived hsien t ien before Heaven methodologies are essentially the products of a morally reflective life Wyatt s discoveries therefore refute the common assertion of Shao Yung s moral indifference Moreover by meticulously integrating the progress of this Neo Confucian s thought into the course of his life the author has produced one of the most textured and accessible works on a philosopher of the Sung era BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

**The Forbidden Body** Douglas E. Cowan, 2022-05-17 Throughout history the religious imagination has attempted to control nothing so much as our bodies what they are and what they mean what we do with them with whom and under what circumstances how they may be displayed or more commonly how they must be hidden Religious belief and mandate affect how our bodies are used in ritual

practice as well as how we use them to identify and marginalize threatening religious Others This book examines how horror culture treats religious bodies that have stepped or been pushed out of their proper place Unlike most books on religion and horror This book explores the dark spaces where sex sexual representation and the sexual body come together with religious belief and scary stories Because these intersections of sex horror and the religious imagination force us to question the nature of consensus reality supernatural horror especially as it concerns the body often shows us the religious imagination at work in real time It is important to note that the discussion in this book is not limited either to horror cinema or to popular fiction but considers a wide range of material including literary horror weird fiction graphic storytelling visual arts participative culture and aspects of real world religious fear It is less concerned with horror as a genre which is mainly a function of marketing and more with the horror mode a way of storytelling that finds expression across a number of genres a variety of media and even blurs the boundary between fiction and non fiction This expanded focus not only deepens the pool of potential examples but invites a much broader readership in for a swim

*Tracking King Kong* Cynthia Erb, 2009-04-01 Studies the cultural impact and audience reception of King Kong from the 1933 release of the original film until today In *Tracking King Kong* Cynthia Erb charts the cultural significance of the character of King Kong from the early 1930s when Merian C Cooper and Ernest B Schoedsack s classic film *King Kong* was first released to Peter Jackson s 2005 remake Although *King Kong* has received much academic attention over the past twenty five years the bulk of these analyses deal with the film s human characters rather than Kong himself In this revised edition of an influential study Erb argues that King
