Governing Singapore A History Of National Development And Democracy:

Governing Singapore R. K. Vasil, 2000 *Governing Singapore* provides the most useful and up to date account of Singapore's political history since the accession to power of the People's Action Party in 1959 and in particular the performance of its governments since mid 1965 under Prime Ministers Lee Kuan Yew and Goh Chok Tong *The Ruling Elite of Singapore* Michael D. Barr, 2014-01-17 Michael Barr explores the complex and covert networks of power at work in one of the world's most prosperous countries the city state of Singapore He argues that the contemporary networks of power are a deliberate project initiated and managed by Lee Kuan Yew former prime minister and Singapore's founding father designed to empower himself and his family Barr identifies the crucial institutions of power including the country's sovereign wealth funds and the government linked companies together with five critical features that form the key to understanding the nature of the networks He provides an assessment of possible shifts of power within the elite in the wake of Lee Kuan Yew's son Lee Hsien Loong assuming power and considers the possibility of a more fundamental democratic shift in Singapore's political system

Her World, Women and Fashion in Singapore 1974-1989 Nadya Wang, 2025-07-24 Between 1974 and 1989 significant changes were taking place in the lives of Singaporean women and in their local fashion industry These shifts were not only reflected in but actively shaped by the magazine *Her World* In *Her World Women and Fashion in Singapore* Nadya Wang uses dress as a lens through which to view fragments of the magazine over 15 years Advocating for a new and decentred understanding of the evolution of the Singapore woman Wang's writing also traces the creation of a fashion industry that pivoted from seeking validation from global fashion cities to establishing itself as the lead of a Southeast Asian fashion community Visual analysis of archival materials is combined with oral history interviews to demonstrate how the women of Singapore engaged with local and global ideas fashion and beauty commodities and imagery of models and beauty queens in their self fashioning Challenging existing understandings of their agency this book attests to the creativity and adaptability of Singapore women and Singapore fashion designers **The Far East and Australasia 2003** Europa Publications, 2002 A unique survey of each country in the region It includes an extensive collection of facts statistics analysis and directory information in one accessible volume *The Media, Cultural Control and Government in Singapore* Terence Lee, 2010-05-06 This book explores this inherent contradiction present in most facets of Singaporean media cultural and political discourses and identifies the key regulatory strategies and technologies that the ruling People Action Party PAP employs to regulate Singapore media and culture and thus govern the thoughts and conduct of Singaporeans It establishes the conceptual links between government and the practice of cultural policy arguing that contemporary cultural policy in Singapore has been designed to shape citizens into accepting and participating in the rationales of government Outlining the historical development of cultural policy including the recent expansion of cultural regulatory and administrative practices into the creative industries Terence Lee analyzes the attempts by the Singaporean authorities to engage with civil society the ways in

which the media is used to market the PAP's policies and leadership and the implications of the internet for the practice of governmental control Overall The Media Cultural Control and Government in Singapore offers an original approach towards the rethinking of the relationship between media culture and politics in Singapore demonstrating that the many contradictory discourses around Singapore only make sense once the politics and government of the media and culture are understood

The East Asian Challenge for Democracy Daniel A. Bell,Chenyang Li,2013-08-12 The rise of China along with problems of governance in democratic countries has reinvigorated the theory of political meritocracy But what is the theory of political meritocracy and how can it set standards for evaluating political progress and regress To help answer these questions this volume gathers a series of commissioned research papers from an interdisciplinary group of leading philosophers historians and social scientists The result is the first book in decades to examine the rise or revival of political meritocracy and what it will mean for political developments in China and the rest of the world Despite its limitations meritocracy has contributed much to human flourishing in East Asia and beyond and will continue to do so in the future This book is essential reading for those who wish to further the debate and perhaps even help to implement desirable forms of political change

Public Administration Singapore-Style Jon S. T. Quah,2010-04-21 Singapore was ranked first for the competence of its public officials from 1999 to 2002 by The Global Competitiveness Report This book intends to provide a detailed study of public administration Singapore style

Explaining the Economic Success of Singapore Johnny Sung,2006-01-01 serious useful and interesting volume It is readable original creative and well researched In analyzing Singapore's experience the author provides a superb case study Moreover in providing it by venturing beyond the narrow confines of his case study Sung also makes points that are pertinent to the efficacy of development processes generally including in newer lower income and or transitional economies this reviewer recommends the book enthusiastically and without reservation Robert L Curry Jr Journal of Asian Business

The Theatre and the State in Singapore Terence Chong,2011 This book provides a comprehensive examination of the contemporary English language theatre field in Singapore It describes Singapore theatre as a politically dynamic field that is often a site for struggle and resistance against state orthodoxy and how the cultural policies of the ruling People's Action Party PAP have shaped Singapore theatre The book traces such cultural policies and their impact from the early 1960s and shows how the PAP used theatre and arts and culture more widely as a key part of its nation building programme Terence Chong argues that this diverse theatre community not only comes into regular conflict with the state but often collaborates with it depending on the rewards at stake not to mention the assortment of intra communal conflicts as different practitioners and groups vie for the same resources It goes on to explore how new forms of theatre especially English language avant garde theatre represented resistance to such government cultural control how the government often exerts its power behind the scenes to preserve its moral legitimacy and conversely how middle class theatre practitioners' resistance to state power is strongly

influenced by class and cultural capital Based on extensive original research including interviews with theatre directors and other theatre professionals the book provides a wealth of information on theatre in Singapore overall and not just on theatre state relations

Singapore Michael D. Barr, 2018-12-13 Singapore gained independence in 1965 a city state in a world of nation states Yet its long and complex history reaches much farther back Blending modernity and tradition ideologies and ethnicities a peculiar set of factors make Singapore what it is today In this thematic study of the island nation Michael D Barr proposes a new approach to understand this development From the pre colonial period through to the modern day he traces the idea the politics and the geography of Singapore over five centuries of rich history In doing so he rejects the official narrative of the so called Singapore Story Drawing on in depth archival work and oral histories Singapore A Modern History is a work both for students of the country s history and politics but also for any reader seeking to engage with this enigmatic and vastly successful nation

Cultural Pragmatism for US-China Relations Charles Chao Rong Phua, 2022-10-25 The Thucydides trap and a US China face off are not structurally inevitable US China relations are what the US and China make of them Phua focuses on the ability to see US as US and China as China to trigger both countries cultural tendencies towards pragmatism Phua examines China s arduous journey to fit in the Westphalian system the deep cultural misunderstandings by the West of Sunzi s The Art of War and attempts to offer an inside out cultural synthesis of classical and modern Chinese thought as a proxy of their operational code beyond the standard clich s about Confucian and Daoist thought He builds on Jervis perception and misperception as well as Alastair Johnston s cultural realism Readers will benefit from a culturally Chinese western educated and politically neutral understanding of China as China An essential primer for academics practitioners and students of international relations diplomacy and Chinese culture

Singapore Stories Ernest Koh, 2010 The history of Singapore has been widely conflated with the history of its economic success From its heyday as a nexus of trade during the imperial era to the modern city state that boasts high living standards for most of its citizens the history of Singapore is commonly viewed through the lens of the ruling elite Published in two volumes in 1998 and 2000 Lee Kuan Yew s memoirs The Singapore Story epitomizes this top down definitive narrative of the nation s past The history of post war Singapore has largely been reduced to a series of decisions made by the nation s leaders Few existing studies explore the role and experiences of the ordinary person in Singapore s post war history There are none that do this through ethnography oral history and collective biography In a critical study that has no parallel among existing works on Singapore history this book dispenses with the homogenous historical experience that is commonly presumed in the writing of Singapore s national past after 1945 and explores how the enforcement of a uniform language policy by the Singapore government for cultural and economic purposes has created underappreciated social and economic divides among the Chinese of Singapore both between and within families It also demonstrates how mapping distinct economic linguistic and cultural cleavages within Singaporean Chinese society can add new and critical dimensions to understanding the nation s past and present Chief

among these the author argues are the processes behind the creation and entrenchment of class structures in the city state such as the increasing value of English as a form of opportunity generating capital

The Political Economy of Developmental States in East Asia Tian He, 2020-11-13 This book explores the variations in the transformation of the Asian developmental state in South Korea Singapore and Taiwan Based on an original theory the author argues that these variations are influenced by two factors industrial structure and democratic transition both of which are shaped by the strategic calculations of the ruling elites to maintain power The theory concerns two concurrent political processes during the state s development process namely the emergence of economic interest groups with varying levels of policy constraints on the state and the process of democratic transition driven by the rise of the middle class The book will appeal to students and researchers in the fields of Asian politics development studies political economy and comparative politics

Colonial and Global Interfacings Gary Backhaus, 2009-03-26 How space is owned through practices of domination that emerged through colonialism and have been sustained through capitalist social relations in a post colonial context How Imperial power created in Foucault s words a boomerang effect whereby the techniques developed to control and subjugate colonial subjects worked with such efficiency that they were imported back into Western societies to create new orders of control How while new social movements such as the Zapatistas have remapped the rural and developed new ways to challenge and transform politics Western societies have sought to reconstruct the world order through economic processes and military strategy How the self image of the West is shaped by its relationship with the Rest but also how the rest has found new ways of constructing identity that are now transforming the West as people images commodities and meanings flow through the global economy The cases considered cover every continent contrast the West with the East as well as the global North with the global South and prompt us to take history seriously in the construction of the present Addressing the current buzzwords that have spread from geography across the social sciences and the humanities this book will appeal to researchers and practitioners fascinated by the connections between cultural representation power spatiality and how the ways we have been thinking about the world are open to question

Towards Strategic Pragmatism in Foreign Policy Charles Chao Rong Phua, 2021-10-31 What is pragmatism Is it a means to an end or an end in itself Is it antithetical to ideology or morality Arguing that pragmatism is a skill much more than an attribute Phua examines how viewing it in this way can help achieve better foreign policy outcomes He examines and contrasts the ways in which the United States China and Singapore have incorporated pragmatism into their approaches to foreign policy In doing so he debunks dualistic myths around pragmatism and ideology and promotes the view of pragmatism as a skill that can be developed An essential primer for students analysts and policymakers with a fresh and practical approach to pragmatism

Sonic Modernities in the Malay World, 2014-01-09 Sonic Modernities analyses the interplay between the production of popular music shifting ideas of the modern and in its aftermath processes of social differentiation in twentieth century Southeast Asia

Cultural Policies in East Asia

H. Lee, L. Lim, 2014-08-19 This book provides a detailed snapshot of cultural policies in China Japan Singapore South Korea and Taiwan In addition to an historical overview of the culture state relationships in East Asia it provides an analysis of contemporary developments occurring in the regions cultural policies and the challenges they are facing East Asian Perspectives on Political Legitimacy Joseph Chan, To-ch'öl Sin, Melissa S. Williams, 2016-11-17 A key exploration of political legitimacy in East Asian societies undertaken by normative political theorists and empirical political scientists **The Emergence of Modern Southeast Asia** David P. Chandler, Norman G. Owen, William R. Roff, David Joel Steinberg, Jean Gelman Taylor, Robert H. Taylor, Alexander Woodside, David K. Wyatt, 2004-11-30 Dictators and Autocrats Klaus Larres, 2021-10-31 In order to truly understand the emergence endurance and legacy of autocracy this volume of engaging essays explores how autocratic power is acquired exercised and transferred or abruptly ended through the careers and politics of influential figures in more than 20 countries and six regions The book looks at both traditional hard dictators such as Hitler Stalin and Mao and more modern soft or populist autocrats who are in the process of transforming once fully democratic countries into autocratic states including Recep Tayyip Erdoğan in Turkey Brazilian leader Jair Bolsonaro Rodrigo Duterte in the Philippines Narendra Modi in India and Viktor Orbán in Hungary The authors touch on a wide range of autocratic and dictatorial figures in the past and present including present day autocrats such as Vladimir Putin and Xi Jinping military leaders and democratic leaders with authoritarian aspirations They analyze the transition of selected autocrats from democratic or benign semi democratic systems to harsher forms of autocracy with either quite disastrous or more successful outcomes An ideal reader for students and scholars as well as the general public interested in international affairs leadership studies contemporary history and politics global studies security studies economics psychology and behavioral studies
