Fur, Fortune, and Empire Eric Jay Dolin, 2011-07-05 A Seattle Times selection for one of Best Non Fiction Books of 2010 Winner of the New England Historical Association's 2010 James P Hanlan Award Winner of the Outdoor Writers Association of America 2011 Excellence in Craft Award Book Division First Place A compelling and well annotated tale of greed slaughter and geopolitics Los Angeles Times As Henry Hudson sailed up the broad river that would one day bear his name he grew concerned that his Dutch patrons would be disappointed in his failure to find the fabled route to the Orient What became immediately apparent however from the Indians clad in deer skins and good furs was that Hudson had discovered something just as tantalizing The news of Hudson's 1609 voyage to America ignited a fierce competition to lay claim to this uncharted continent teeming with untapped natural resources The result was the creation of an American fur trade which fostered economic rivalries and fueled wars among the European powers and later between the United States and Great Britain as North America became a battleground for colonization and imperial aspirations In *Fur Fortune and Empire* best selling author Eric Jay Dolin chronicles the rise and fall of the fur trade of old when the rallying cry was get the furs while they last Beavers sea otters and buffalos were slaughtered used for their precious pelts that were tailored into extravagant hats coats and sleigh blankets To read *Fur Fortune and Empire* then is to understand how North America was explored exploited and settled while its native Indians were alternately enriched and exploited by the trade As Dolin demonstrates fur both an economic elixir and an agent of destruction became inextricably linked to many key events in American history including the French and Indian War the American Revolution and the War of 1812 as well as to the relentless pull of Manifest Destiny and the opening of the West This work provides an international cast beyond the scope of any Hollywood epic including Thomas Morton the rabble rouser who infuriated the Pilgrims by trading guns with the Indians British explorer Captain James Cook whose discovery in the Pacific Northwest helped launch America's China trade Thomas Jefferson who dreamed of expanding the fur trade beyond the Mississippi America's first multimillionaire John Jacob Astor who built a fortune on a foundation of fur and intrepid mountain men such as Kit Carson and Jedediah Smith who sliced their way through an awe inspiring and unforgiving landscape leaving behind a mythic legacy still resonates today Concluding

with the virtual extinction of the buffalo in the late 1800s *Fur Fortune and Empire* is an epic history that brings to vivid life three hundred years of the American experience conclusively demonstrating that the fur trade played a seminal role in creating the nation we are today

Lectures on Macroeconomics Olivier Blanchard,Stanley Fischer,1989-03-21 The main purpose of Lectures on Macroeconomics is to characterize and explain fluctuations in output unemployment and movement in prices Lectures on Macroeconomics provides the first comprehensive description and evaluation of macroeconomic theory in many years While the authors perspective is broad they clearly state their assessment of what is important and what is not as they present the essence of macroeconomic theory today The main purpose of Lectures on Macroeconomics is to characterize and explain fluctuations in output unemployment and movement in prices The most important fact of modern economic history is persistent long term growth but as the book makes clear this growth is far from steady The authors analyze and explore these fluctuations Topics include consumption and investment the Overlapping Generations Model money multiple equilibria bubbles and stability the role of nominal rigidities competitive equilibrium business cycles nominal rigidities and economic fluctuations goods labor and credit markets and monetary and fiscal policy issues Each of chapters 2 through 9 discusses models appropriate to the topic Chapter 10 then draws on the previous chapters asks which models are the workhorses of macroeconomics and sets the models out in convenient form A concluding chapter analyzes the goals of economic policy monetary policy fiscal policy and dynamic inconsistency Written as a text for graduate students with some background in macroeconomics statistics and econometrics Lectures on Macroeconomics also presents topics in a self contained way that makes it a suitable reference for professional economists

Soviet Robots in the Solar System Wesley T. Huntress, JR.,Mikhail Ya Marov,2011-06-28 Soviet Robots in the Solar System provides a history of the Soviet robotic lunar and planetary exploration program from its inception with the attempted launch of a lunar impactor on September 23 1958 to the

last launch in the Russian national scientific space program in the 20th Century Mars 96 on November 16 1996 This title makes a unique contribution to understanding the scientific and engineering accomplishments of the Soviet Union's robotic space exploration enterprise from its infancy to its demise with the collapse of the Soviet Union The authors provide a comprehensive account of Soviet robotic exploration of the Solar System for both popular space enthusiasts and professionals in the field Technical details and science results are provided and put into an historical and political perspective in a single volume for the first time The book is divided into two parts Part I describes the key players and the key institutions that build and operate the hardware the rockets that provide access to space and the spacecraft that carry out the enterprise Part II is about putting these pieces together to enable space flight and mission campaigns Part II is written in chronological order beginning with the first launches to the Moon Each chapter covers a particular period when specific mission campaigns were undertaken during celestially determined launch windows Each chapter begins with a short overview of the flight missions that occurred during the time period and the political and historical context for the flight mission campaigns including what the Americans were doing at the time The bulk of each chapter is devoted to the scientific and engineering details of that flight campaign The spacecraft and payloads are examined with as much technical detail as is available today the progress is described and a synopsis of the scientific result is given **Parliamentary Debates** New Zealand. Parliament,1905 The Global Foundations of Public Relations Robert E. Brown,Burton St. John III,Jenny Zhengye Hou,2021-09-27 The Global Foundations of Public Relations Humanism China and the West explores the growing humanistic turn in public relations processes and proposes that this has compelling parallels in the roots of Chinese philosophies As the leader of growth and power across the Pacific Rim public relations in China is not developing in isolation from the West but via mutual accommodations and culturally complex interactions By collecting cases and reflections on PR practices from both Chinese and Western scholars the chapters propose that Chinese philosophies are playing a role in the development of modern Chinese PR practices and focusing less on the obvious differences and contrasts seek to highlight their spiritual philosophical and political confluences The conclusions drawn enhance and advance our understanding of public relations globally This innovative work is of interest to educators and researchers in the fields of public relations strategic communications and public diplomacy **Parliamentary Debates (Hansard)**.
