*A History of Labour (Classic Reprint)* Gilbert Stone, 2015-07-08 Excerpt from A History of Labour There may be no doubt that the present age is of the great ages of the world We who now live have experienced disasters more serious than those of preceding generations We have also had offered to us as compensation opportunities that do not frequently recur It is for us to move the world forward or backward Belonging to such an age I make no apology for endeavouring to see by a consideration of the past what are our tendencies and whither they are leading As Carlyle once said Not on Ilion s or Latium s plains on far other plains and places henceforth can noble deeds be now done Not on Ilion s plains how much less in Mayfair s drawing rooms Not in victory over poor brother French or Phrygians but in victory over Frost jotuns Marsh giants over demons of Discord Idleness Injustice Unreason and Chaos come again None of the old Epics is longer possible We have arrived at a time when the masses definitely and undoubtedly matter when it is no longer a question of the Have nots reaching out their hands for the possessions of the Haves The conscience of mankind has at length realized the truth of what the Encyclopaedists declared that mankind was composed not of some men but of all men With that realization the story of all men the masses becomes not merely invested with interest but of importance When Eden wrote his history toward the end of the eighteenth century he wrote with his eye mainly on the Poor Law About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

**Industrial Colonies and Village Settlements for the Consumptive (Classic Reprint)** German Woodhead, 2018-01-19 Excerpt from Industrial Colonies and Village Settlements for the Consumptive Symonds and we together examined the patients sampled the climate and other conditions and argued with Unger and Ruedi Then for the second time came Hope more solid Hope Given a fairly early case and three years and recovery was in the offing And so we went on cheerfully with Davos But Davos was not for every one nor was every case an early one Then came the discovery that lower altitudes would do if certain conditions were obtained and so arose the great sanatorium movement But slowly we found that patients could not spend their lives in sanatoriums and one day on making my way up to one of them in England I met on the way patient after patient slouching along bored to death with themselves and with each other and even worse in morale than in body Better discipline and better notions of therapeutics mended some of that still I could not forget those listless saunterers and it became evident to some of us however unwillingly that Hope was drooping again The sanatorium was doing a great educative work no doubt but at the end of its four or six months what then To send the patient away with recommendations about light jobs

and a regime was almost a mockery or quite What about the wage and the family to be supported The next lesson was brought home to me by a visit with other commissioners to certain cities concerning some such problems Before me now I see a gaunt hollow eyed man coughing and leaning against the wall as he tried to talk to us saying that his mates when he came out of the sanatorium good fellows as they were had bought him a milk that he might creep round and earn a bit The brave wife shawl on head and mill apron on had just come from the factory and apologised for the dirty house as well she might The poor thing was working all day at the factory to keep the wolf from the door All being dragged down together into the pit What is the value of a good house or a clean house if no wages What is there for the children And what is to stop the infection Who then would have the imagination the initiative the business capacity to lift this burden like lifting a world About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
