**Craig L. Symonds**

## **History A Very Short Introduction:**

**History: A Very Short Introduction** John Arnold, 2000-02-24 Starting with an examination of how historians work this Very Short Introduction aims to explore history in a general pithy and accessible manner rather than to delve into specific periods

*American History* Paul S. Boyer, 2012-08-16 This volume in Oxford's A Very Short Introduction series offers a concise readable narrative of the vast span of American history from the earliest human migrations to the early twenty first century when the United States loomed as a global power and comprised a complex multi cultural society of more than 300 million people The narrative is organized around major interpretive themes with facts and dates introduced as needed to illustrate these themes The emphasis throughout is on clarity and accessibility to the interested non specialist

**Russian History: A Very Short Introduction** Geoffrey Hosking, 2012-03-29 Geoffrey Hosking discusses all aspects of Russian history from the struggle by the state to control society Russia's relationship with the West Europe the Soviet experience and the post Soviet era

**Art History** Dana Arnold, 2020-01-23 Art history encompasses the study of the history and development of painting sculpture and the other visual arts In this Very Short Introduction Dana Arnold presents an introduction to the issues debates and artefacts that make up art history Beginning with a consideration of what art history is she explains what makes the subject distinctive from other fields of study and also explores the emergence of social histories of art such as Feminist Art History and Queer Art History Using a wide range of images she goes on to explore key aspects of the discipline including how we write present read and look at art and the impact this has on our understanding of art history This second edition includes a new chapter on global art histories considering how the traditional emphasis on periods and styles in art originated in western art and can obscure other critical approaches and artwork from non western cultures Arnold also discusses the relationship between art and history and the ways in which art can tell a different history from the one narrated by texts ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

*American Naval History: A Very Short Introduction* Craig L. Symonds, 2018-02-12 This fast paced narrative charts the history of the US Navy from its birth during the American Revolution through to its current superpower status The story highlights iconic moments of great drama pivotal to the nation's fortunes John Paul Jones attacks on the British during the Revolution the Barbary Wars and the arduous conquest of Iwo Jima American Naval History A Very Short Introduction illuminates the changes technological institutional and functional of the U S Navy from its days as a small frigate navy through the age of steam and steel to the modern era of electronics and missiles Renowned naval historian Craig L Symonds captures the evolving culture of the navy and debates between policymakers about what role the institution should play in world affairs Internal and external challenges dramatically altered the size and character of the navy with long periods of

quiet inertia alternating with periods of crisis that spurred rapid expansion The history of the navy reflects the history of the nation as a whole and its many changes derive in large part from the changing role of the United States itself

**ABOUT THE SERIES** The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

*American Cultural History: A Very Short Introduction* Eric Avila, 2018-07-17 The iconic images of Uncle Sam and Marilyn Monroe or the fireside chats of Franklin D Roosevelt and the oratory of Martin Luther King Jr these are the words images and sounds that populate American cultural history From the Boston Tea Party to the Dodgers from the blues to Andy Warhol dime novels to Disneyland the history of American culture tells us how previous generations of Americans have imagined themselves their nation and their relationship to the world and its peoples This Very Short Introduction recounts the history of American culture and its creation by diverse social and ethnic groups In doing so it emphasizes the historic role of culture in relation to broader social political and economic developments Across the lines of race class gender and sexuality as well as language region and religion diverse Americans have forged a national culture with a global reach inventing stories that have shaped a national identity and an American way of life

**ABOUT THE SERIES** The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

**Art History: A Very Short Introduction** Dana Arnold, 2004-01-22 This clear and concise new introduction examines all the major debates and issues using a wide range of well known examples It discusses the challenge of using verbal and written language to analyse a visual form Dana Arnold also examines the many different ways of writing about art and the changing boundaries of the subject of art history Topics covered include the canon of Art History the role of the gallery blockbuster exhibitions the emergence of social histories of art Feminist Art History or Queer Art History for example the impact of photography and the development of Art History using artefacts such as the altarpiece the portrait or pornography to explore social and cultural issues such as consumption taste religion and politics Importantly this book explains how the traditional emphasis on periods and styles originates in western art production and can obscure other critical approaches as well as art from non western cultures

**ABOUT THE SERIES** The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

*American Legal History: A Very Short Introduction* G. Edward White, 2014 This Very Short Introduction demonstrates the pivotal role of law in American life Chapters focus on the legal history of Indian tribes slavery property rights the relationship of law to entrepreneurial activity

crime and punishment domestic relations civil injuries and tort law as well as legal education and the legal profession

*Jewish History: A Very Short Introduction* David N. Myers, 2017-04-18 How have the Jews survived For millennia they have defied odds by overcoming the travails of exile persecution and recurring plans for their annihilation Many have attempted to explain this singular success as a result of divine intervention In this engaging book David N Myers charts the long journey of the Jews through history At the same time it points to two unlikely and decidedly this worldly factors to explain the survival of the Jews antisemitism and assimilation Usually regarded as grave dangers these two factors have continually interacted with one other to enable the persistence of the Jews At every turn in their history not just in the modern age Jews have adapted to new environments cultures languages and social norms These bountiful encounters with host societies have exercised the cultural muscle of the Jews preventing the atrophy that would have occurred if they had not interacted so extensively with the non Jewish world It is through these encounters indeed through a process of assimilation that Jews came to develop distinct local customs speak many different languages and cultivate diverse musical culinary and intellectual traditions Left unchecked the Jews well honed ability to absorb from surrounding cultures might have led to their disappearance And yet the route toward full and unbridled assimilation was checked by the nearly constant presence of hatred toward the Jew Anti Jewish expression and actions have regularly accompanied Jews throughout history Part of the ironic success of antisemitism is its malleability its talent in assuming new forms and portraying the Jew in diverse and often contradictory images for example at once the arch capitalist and revolutionary Communist Antisemitism not only served to blunt further assimilation but in a paradoxical twist affirmed the Jew s sense of difference from the host society And thus together assimilation and antisemitism at least up to a certain limit contribute to the survival of the Jews as a highly adaptable and yet distinct group

**American Political History: A Very Short Introduction** Donald T.

Critchlow, 2015-01-14 The Founding Fathers who drafted the United States Constitution in 1787 distrusted political parties popular democracy centralized government and a strong executive office Yet the country s national politics have historically included all those features In *American Political History: A Very Short Introduction* Donald Critchlow takes on this contradiction between original theory and actual practice This brief accessible book explores the nature of the two party system key turning points in American political history representative presidential and congressional elections struggles to expand the electorate and critical social protest and third party movements The volume emphasizes the continuity of a liberal tradition challenged by partisan divide war and periodic economic turmoil *American Political History: A Very Short Introduction* explores the emergence of a democratic political culture within a republican form of government showing the mobilization and extension of the mass electorate over the lifespan of the country In a nation characterized by great racial ethnic and religious diversity American democracy has proven extraordinarily durable Individual parties have risen and fallen but the dominance of the two party system persists Fierce debates over the meaning of the U S Constitution have created

profound divisions within the parties and among voters but a belief in the importance of constitutional order persists among political leaders and voters Americans have been deeply divided about the extent of federal power slavery the meaning of citizenship immigration policy civil rights and a range of economic financial and social policies New immigrants racial minorities and women have joined the electorate and the debates But American political history with its deep social divisions bellicose rhetoric and antagonistic partisanship provides valuable lessons about the meaning and viability of democracy in the early 21st century

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

**American Business History: A Very Short Introduction** Walter A. Friedman, 2020-06-01 By the early twentieth century it became common to describe the United States as a business civilization President Coolidge in 1925 said The chief business of the American people is business More recently historian Sven Beckert characterized Henry Ford's massive manufactory as the embodiment of America While Athens had its Parthenon and Rome its Colosseum the United States had its River Rouge Factory in Detroit How did business come to assume such power and cultural centrality in America This volume explores the variety of business enterprise in the United States and analyzes its presence in the country's economy its evolution over time and its meaning in society It introduces readers to formative business leaders including Elbert Gary Harlow Curtice and Mary Kay Ash leading firms Mellon Bank National Cash Register Xerox and fiction about business people The Octopus Babbitt The Man in the Grey Flannel Suit It also discusses Alfred Chandler Joseph Schumpeter Mira Wilkins and others who made significant contributions to understanding of America's business history This VSI pursues its three central themes the evolution scale and culture of American business in a chronological framework stretching from the American Revolution to today The first theme is evolution How has U S business evolved over time How have American companies competed with one another and with foreign firms Why have ideas about strategy and management changed Why did business people in the mid twentieth century celebrate an organizational culture promising long term employment in the same company while a few decades later entrepreneurship was prized Second is scale Why did business assume such enormous scale in the United States Was the rise of gigantic corporations due to the industriousness of its population or natural resources or government policies And third culture What are the characteristics of a business civilization How have opinions on the meaning of business changed In the late nineteenth century Andrew Carnegie believed that America's numerous enterprises represented an exuberant triumph of democracy After World War II however sociologist William H Whyte saw business culture as stultifying and historian Richard Hofstadter wrote Once great men created fortunes today a great system creates fortunate men How did changes in the nature of business affect popular views Walter A Friedman provides the long view of these important developments

*American Women's History: A Very Short Introduction* Susan

Ware,2015-02-15 In 1607 Powhatan teenager Pocahontas first encountered English settlers when John Smith was brought to her village as a captive In 1920 the ratification of the 19th Amendment gave women the constitutional right to vote And in 2012 the U S Marine Corps lifted its ban on women in active combat allowing female marines to join the sisterhood of American women who stand at the center of this country s history Between each of these signal points runs the multi layered experience of American women from pre colonization to the present In American Women s History A Very Short Introduction Susan Ware emphasizes the richly diverse experiences of American women as they were shaped by factors such as race class religion geographical location age and sexual orientation The book begins with a comprehensive look at early America with gender at the center making it clear that women s experiences were not always the same as men s and looking at the colonizers as well as the colonized along with issues of settlement slavery and regional variations She shows how women s domestic and waged labor shaped the Northern economy and how slavery affected the lives of both free and enslaved Southern women Ware then moves through the tumultuous decades of industrialization and urbanization describing the 19th century movements led by women temperance moral reform and abolitionism She links women s experiences to the familiar events of the Civil War the Progressive Era and World War I culminating in 20th century female activism for civil rights and successive waves of feminism Ware explores the major transformations in women s history with attention to a wide range of themes from political activism to popular culture the work force and the family From Anne Bradstreet to Ida B Wells to Eleanor Roosevelt this Very Short Introduction recognizes women as a force in American history and more importantly tells women s history as American history At the core of Ware s narrative is the recognition that gender the changing historical and cultural constructions of roles assigned to the biological differences of the sexes is central to understanding the history of American women s lives and to the history of the United States ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable **Islamic History: A Very Short Introduction**

Adam J. Silverstein,2010-01-21 How did Islam arise from the obscurity of seventh century Arabia to the headlines of the 21st century This introduction answers that question exploring the cultural religious diversity of Islamic history Adam Silverstein explains its significance considers its impact on Islamic society today *Garden History: A Very Short Introduction* Gordon

Campbell,2019-02-15 Gardens take many forms and have a variety of functions They can serve as spaces of peace and tranquility a way to cultivate wildlife or as places to develop agricultural resources Globally gardens have inspired comforted and sustained people from all walks of life and since the Garden of Eden many iconic gardens have inspired great artists poets musicians and writers In this Very Short Introduction Gordon Campbell embraces gardens in all their splendour from parks and fruit and vegetable gardens to ornamental gardens and takes the reader on a globe trotting historical journey

through iconic and cultural signposts of gardens from different regions and traditions Ranging from the gardens of ancient Persia to modern day allotments he concludes by looking to the future of the garden in the age of global warming and the adaptive spirit of human innovation ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

*African History: A Very Short Introduction* John Parker, Richard Rathbone, 2007-03-22 Intended for those interested in the African continent and the diversity of human history this work looks at Africa's past and reflects on the changing ways it has been imagined and represented It illustrates key themes in modern thinking about Africa's history with a range of historical examples

*Global Economic History: A Very Short Introduction* Robert C. Allen, 2011-09-15 Together these countries pioneered new technologies that have made them ever richer

**Asian American History: A Very Short Introduction** Madeline Y. Hsu, 2016-11-01 A 2012 survey by the Pew Research Center reported that Asian Americans are the best educated highest income and best assimilated racial group in the United States Before reaching this level of economic success and social assimilation however Asian immigrants path was full of difficult even demeaning moments This book provides a sweeping and nuanced history of Asian Americans revealing how and why the perception of Asian immigrants changed over time Asian migrants in large part Chinese arrived in significant numbers on the West Coast during the 1850s and 1860s to work in gold mining and on the construction of the transcontinental Railroad Unlike their contemporary European counterparts Asians often stigmatized as coolies challenged American ideals of equality with the problem of whether all racial groups could be integrated into America's democracy The fear of the Yellow Peril soon spurred an array of legislative and institutional efforts to segregate them through immigration laws restrictions on citizenship and limits on employment property ownership access to public services and civil rights Prejudices against Asian Americans reached a peak during World War II when Japanese Americans were interned en masse It was only with changes in the immigration laws and the social and political activism of the 1960s and 1970s that Asian Americans gained ground and acceptance albeit in the still stereotyped category of model minorities Madeline Y Hsu weaves a fascinating historical narrative of this American Dream She shows how Asian American success often attributed to innate cultural values is more a result of the immigration laws which have largely pre-selected immigrants of high economic and social potential Asian Americans have in turn been used by politicians to bludgeon newer and more populous immigrant groups for their purported lack of achievement Hsu deftly reveals how public policy which can restrict and also selectively promote certain immigrant populations is a key reason why some immigrant groups appear to be more naturally successful and why the identity of those groups evolves differently from others

*The History of Life: A Very Short Introduction* Michael J. Benton, 2008-11-27 This Very Short Introduction presents a succinct and accessible guide to the key episodes in the story of life on earth from the

very origins of life four million years ago to the extraordinary diversity of species around the globe today      **American Intellectual History** Jennifer Ratner-Rosenhagen, Merle Curti and Vilas-Borghesi Distinguished Achievement Professor of History Jennifer Ratner-Rosenhagen, 2021 American Intellectual History A Very Short Introduction provides an introduction to American thought It considers how notions about freedom and belonging the market and morality have commanded generations of Americans and been the cause of fierce debate Before the United States was a nation it was a set of ideas projected onto the New World by European explorers with centuries of belief and thought in tow America and American thought grew from this foundation of expectation and experience enriched by the Enlightenment liberty and individuality religion and republicanism and democracy The VSI shows how ideas have been major forces that drove movements in American history such as transcendentalism and postmodernism      *A Short Guide to Writing about History* Melvin E. Page, Brian J. Maxson, 2023-03-27 This widely used guide for students has long emphasized the excitement of historical discovery rooted in writing about the past This new edition continues that emphasis while also affirming the contemporary significance of the search for truth in historical writing It includes new and revised sections related to electronic technologies as well as updated examples of recent historical scholarship throughout It maintains the welcoming accessible and inclusive tone of previous editions while walking students through complex ideas and established writing standards As it has since its inception the tenth edition of *A Short Guide to Writing about History* helps students confront and conquer any of the challenges they might face in writing about history
