

The Race

It was the final lap of the race. The sixty-sixth lap of hair-raising, one hundred miles per hour madness. John was all set for the victory. Around the final bend he came, then bang...

Everything stopped. John could see the flashes of red, green and blue flying past and on to the finish line. He placed his hand in his hands and sighed.

How is John feeling at the end of this story?
Why would he be feeling that way?

The Trip

I can't believe I'm actually here. The towns below look so small and I can see the ocean is really beautiful. The night is warming and there's a man in the side seat to my window saying, "Don't be afraid, it's natural to be a bit nervous." Mom said before we got on board, I'm definitely not nervous now. It's brilliant!

Who is speaking?
Where are they?

It's not Fair

"I didn't even do anything." Alex muttered as he stomped up the stairs, past the phone for lots of things because he was the oldest. Should know better. There was just all over the dining room as he walked up the stairs, his younger brothers ran onto the lounge to watch television.

Why do you think Alex is upset?
How do you know this?

My Favourite Subject

I love science because we do great experiments, like launching parachutes and making electrical circuits. When I get home I'm going to have another go at making a space rocket powered by balloons. I hate running out of time in experiments, but if I have ten more, it should be ok.

Has the child run out of time in experiments before?
Is the child worried about something?

Hiding Place

"G-G-G-G."

Chloe's dove in. The material was all soft and warm but she could tell that she was very easy to spot. "I know," she said to herself, and climbed out of the bed to hide underneath it.

What game is Chloe playing?
Describe Chloe's first hiding place.

The Exam

On the day after my maths test and we were just sitting at the table in my favourite restaurant, The Royal Dragon. "How about you like Denny," Dad said, "You deserve it."

Why do you think Denny has gone out for a meal?
