The Fate of Place Edward Casey, 2013-05-13 In this imaginative and comprehensive study Edward Casey one of the most  
incisive interpreters of the Continental philosophical tradition offers a philosophical history of the evolving  
conceptualizations of place and space in Western thought Not merely a presentation of the ideas of other philosophers The  
Fate of Place is acutely sensitive to silences absences and missed opportunities in the complex history of philosophical  
approaches to space and place A central theme is the increasing neglect of place in favor of space from the seventh century A  
D onward amounting to the virtual exclusion of place by the end of the eighteenth century Casey begins with mythological  
and religious creation stories and the theories of Plato and Aristotle and then explores the heritage of Neoplatonic medieval  
and Renaissance speculations about space He presents an impressive history of the birth of modern spatial conceptions in  
the writings of Newton Descartes Leibniz and Kant and delineates the evolution of twentieth century phenomenological  
approaches in the work of Husserl Merleau Ponty Bachelard and Heidegger In the book's final section Casey explores the  
postmodern theories of Foucault Derrida Tschumi Deleuze and Guattari and Irigaray An Essay Concerning Human  
Understanding John Locke, 1924 First published in 1690 John Locke 1632 1704 provides an account of how we acquire  
everyday mathematical natural scientific religious and ethical knowledge Rejecting the theory that some knowledge is innate  
he argues that it derives from sense perceptions and experience as analysed and developed by reason While defending these  
central claims with vigorous common sense he offers many incidental reflections on space and time meaning free will and  
personal identity Quarterly Review of the Methodist Episcopal Church, South, 1894 **Cogito and the Unconscious**  
Slavoj Žižek, 1998-04-08 The Cartesian cogito the principle articulated by Descartes that I think therefore I am is often hailed  
as the precursor of modern science At the same time the cogito's agent the ego is sometimes feared as the agency of  
manipulative domination responsible for all present woes from patriarchal oppression to ecological catastrophes Without  
psychoanalyzing philosophy Cogito and the Unconscious explores the vicissitudes of the cogito and shows that  
psychoanalyses can render visible a constitutive madness within modern philosophy the point at which I think therefore I am  
becomes obsessional neurosis characterized by If I stop thinking I will cease to exist Noting that for Lacan the Cartesian  
construct is the same as the Freudian subject of the unconscious the contributors follow Lacan's plea for a psychoanalytic  
return to the cogito Along the path of this return they examine the ethical attitude that befits modern subjectivity the

inherent sexualization of modern subjectivity the impasse in which the Cartesian project becomes involved given the enigmatic status of the human body and the Cartesian subject's confrontation with its modern critics including Althusser Bataille and Dennett In a style that has become familiar to its readers these essays bring together a strict conceptual analysis and an approach to a wide range of cultural and ideological phenomena from the sadist paradoxes of Kant's moral philosophy to the universe of Ayn Rand's novels from the question Which if any is the sex of the cogito to the defense of the cogito against the onslaught of cognitive sciences Challenging us to reconsider fundamental notions of human consciousness and modern subjectivity this is a book whose very Lacanian orthodoxy makes it irreverently transgressive of predominant theoretical paradigms Cogito and the Unconscious will appeal to readers interested in philosophy psychoanalysis cultural studies and theories of ideology Contributors Miran Bozovic Mladen Dolar Alain Grosrichard Marc de Kessel Robert Pfaller Renata Salecl Slavoj Žižek Alenka Zupancic      *Sermons during the seasons from Advent to Whitsuntide.
