The Writing Workshop Teacher's Guide to Multimodal Composition (K-5) Angela Stockman, 2022-09-30. Multimodal composition is a meaningful and critical way for students to tell their stories, make good arguments, and share their expertise in today's world. In this helpful resource, writer, teacher, and best-selling author Angela Stockman illustrates the importance of making writing a multimodal endeavor in K-5 workshops by providing peeks into the classrooms she teaches within. Chapters address what multimodal composition is, how to situate it in a writing workshop that is responsive to the unique needs of writers, how to handle curriculum design and assessment, and how to plan instruction. The appendices offer tangible tools and resources that will help you implement and sustain this work in your own classroom. Ideal for teachers of grades K-5, literacy coaches, and curriculum leaders, this book will help you and your students reimagine what a workshop can be when the writers within it produce far more than written words.

Teaching First-Year College Students Maggie Murphy, 2019-05-15 The first year experience is an emerging hot topic in academic libraries and many librarians who work with first year students are interested in best practices for engaging and retaining them Professional discussion and interest groups conferences and vendor sponsored awards for librarians working with first year students are popping up left and right A critical aspect of libraries in the first year experience is effective information literacy instruction for first year students Research shows that despite growing up in a world rife with technology and information students entering college rarely bring with them the conceptual understandings and critical habits of thinking needed for finding evaluating and ethically using information in

both academic and real world contexts Faculty in upper level courses expect students to learn about the research process in their first year of college and instructors in the first year curriculum expect librarians to teach this to their students Despite all this designing teaching and evaluating effective information literacy instruction specifically for first year students is not necessarily intuitive for instruction librarians That is why *Teaching First Year College Students A Practical Guide for Librarians* is a comprehensive how to guide for both new and experienced librarians interested in planning teaching and assessing library instruction for first year students The book Examines the related histories of library instruction and first year experience initiatives Summarizes and synthesizes empirical research and educational theory about first year students as learners and novice researchers Establishes best practices for engaging first year students through active learning and inclusive teaching Features excerpts from interviews with a number of instruction librarians who work with first year students in a range of positions and instructional contexts Includes examples of activities lesson plans and assessment ideas for first year library instruction for common first year course scenarios Includes a template to use for library instruction lesson planning Written by a library instruction coordinator with a graduate degree in First Year Studies and a first year instruction librarian *Teaching First Year College Students A Practical Guide for Librarians* is the first comprehensive how to guide for both new and experienced librarians interested in planning coordinating teaching and assessing library instruction for first year students
