Catalog of Copyright Entries, Fourth Series Library of Congress. Copyright Office, 1978-04 *California Real Estate*, 1927 Statistics of Income and Related Administrative Record Research, ... American Statistical Association. Annual Meeting, 1986 **1977 Census of Service Industries**, 1981 **Pre-merger/Hart-Scott-Rodino Act Source Book** United States. Bureau of Competition. Premerger Notification Office, 1999 *Our Selfish Tax Laws* Anthony C. Infanti, 2018-10-02 Why tax law is not just a pocketbook issue but a reflection of what and whom we as a society value Most of us think of tax as a pocketbook issue how much we owe how much we ll get back how much we can deduct In *Our Selfish Tax Laws* Anthony Infanti takes a broader view considering not just how taxes affect us individually but how the tax system reflects our culture and society He finds that American tax laws validate and benefit those who already possess power and privilege while starkly reflecting the lines of difference and discrimination in American society based on race ethnicity socioeconomic class gender sexual orientation and gender identity immigration status and disability Infanti argues that instead of focusing our tax reform discussions on which loopholes to close or which deductions to allow we should consider how to make our tax system reflect

American ideals of inclusivity rather than institutionalizing exclusion After describing the theoretical and intellectual underpinnings of his argument Infanti offers two comparative case studies examining the treatment of housing tax expenditures and the unit of taxation in the United States Canada France and Spain to show how tax law reflects its social and cultural context Then drawing on his own work and that of other critical tax scholars Infanti explains how the discourse surrounding tax reform masks the many ways that the American tax system rewards and reifies privilege To counter this Infanti urges us to work together to create a society with a tax system that respects and values all Americans *Bulletin of the United States Bureau of Labor Statistics* ,1987
