Things Carolyn Korsmeyer, 2019 *Things In Touch with the Past* explores the value of artifacts that have survived from the past and that can be said to embody their histories Such genuine or real things afford a particular kind of aesthetic experience an encounter with the past despite the fact that genuineness is not a perceptually detectable property Although it often goes unnoticed the sense of touch underlies such encounters even though one is often not permitted literal touch Carolyn Korsmeyer begins her account with the claim that wonder or marvel at old things fits within an experiential account of the aesthetic She then presents her main argument regarding the role of touch both when literal contact is made and when proximity suffices for touch is a fundamental sense that registers bodily position and location Correct understanding of the identity of objects is presumed when one values things just because of what they are and with discovery that a mistake has been made admiration is often withdrawn Far from undermining the importance of the genuine these errors of identification confirm it Korsmeyer elaborates this position with a comparison between valuing artifacts and valuing persons She also considers the ethical issues of genuineness for artifacts can be harmed in various ways ranging from

vandalism to botched restoration She examines the differences between a real thing and a replica in detail making it clear that genuineness comes in degrees Her final chapter reviews the ontology that best suits an account of persistence over time of things that are valued for being the real thing *Design and Spirituality* Stuart Walker,2020-12-30 *Design and Spirituality* examines the philosophical context of our current situation and its implications for design It explores how modernity and our constricted notions of progress have contributed to today's crisis of values and argues for a re-establishment and re-affirmation of self-transcending priorities together with an ethos of moderation and sufficiency A wide range of topics are covered including material culture and spiritual teachings sustainability and the spiritual perspective traditional and indigenous knowledge technology and spirituality notions of meaningful design and how particular material things can have deeper symbolic significance There are also reflections on areas such as the language of design business and its relationship to wisdom design and social disparity and traditional sacred practices While not avoiding issues that are controversial and sometimes hard hitting *Design and Spirituality* gets to the heart of the key issues affecting us today and presents them in a highly readable and accessible format The author is a leading thinker in the field and he presents his arguments in a manner that invites the reader to reflect and think about where we are going why we are going there and what really matters Podcasts <https://www.jesuit.ie/podcasts/the-spiritual-dimension-of-design/> <https://newbooksnetwork.com/design-and-spirituality/> *Ecocriticism in Japan* Hisaaki Wake,Keijiro Suga,Yuki Masami,2017-11-30 What can ecocriticism do when engaging with Japanese literature and culture This edited volume *Ecocriticism in Japan* attempts to answer this question The contributors place themselves inside the domestic fields of production of works of art and express their concerns and ideas for the English speaking spheres of the world Taking up subjects ranging from the eleventh century novel *The Tale of Genji* an early twentieth century writer Taoka Reiun the post WWII atomic bombing literature by women the internationally renowned Abe Kobo the Nobel laureate Oe Kenzaburo the world widely popular writer Murakami Haruki the Minamata writer Ishimure Michiko and the anime artist Miyazaki Hayao to the recent TV anime *Coppelion* a production that foresaw a devastating nuclear disaster after the Great East Japan Earthquake this volume extricates and discusses innate complex values of Japanese people and culture in terms of nature and environment ***In the Valleys of the Noble Beyond*** John Zada,2019-07-02 A journalist travels through British Columbia exploring one of the world's most baffling mysteries the existence of the Sasquatch On the central and north coast of British Columbia the Great Bear Rainforest is the largest intact temperate rainforest in the world containing more organic matter than any other terrestrial ecosystem on the planet The area plays host to a wide range of species from thousand year old western cedars to humpback whales to iconic white Spirit bears According to local residents another giant is said to live in these woods For centuries people have reported encounters with the Sasquatch a species of hairy bipedal man apes said to inhabit the deepest recesses of this pristine wilderness Driven by his own childhood obsession with the creatures John Zada decides to seek out the diverse inhabitants of

this rugged and far flung coast where nearly everyone has a story to tell from a scientist who dedicated his life to researching the Sasquatch to members of the area's First Nations to a former grizzly bear hunter turned nature tour guide With each tale Zada discovers that his search for the Sasquatch is a quest for something infinitely more complex cutting across questions of human perception scientific inquiry indigenous traditions the environment and the power and desire of the human imagination to believe in or reject something largely unseen Teeming with gorgeous nature writing and a driving narrative that takes us through the forests and into the valleys of a remote and seldom visited region In the Valleys of the Noble Beyond sheds light on what our decades long pursuit of the Sasquatch can tell us about ourselves and invites us to welcome wonder for the unknown back into our lives Praise for In the Valleys of the Noble Beyond Books on supernatural phenomena typically steer one of two courses tabloid gullibility or mean spirited debunkery Zada deftly tightropes between the two In the Valleys of the Noble Beyond is not really about sasquatch It is about how we see what we want to see and don't see what we're not prepared to see A quirky and oddly captivating tale Eric Weiner Washington Post An adventure story in the tradition of Paul Theroux and in parts Jon Krakauer Zada is a latter day Henry David Thoreau or John Muir Searching for an elusive ape Zada has a knack for meeting unforgettable humans Peter Kuitenbrouwer Globe and Mail If people can believe in God why not Sasquatch Zada takes us through the temperate rainforest of British Columbia looking for both the hairy bipedal and the mythology and landscape surrounding it Terrific nature writing with a furry twist Kerri Arsenault Orion

Spirit and Nature Timothy Hessel-Robinson, Ray Maria McNamara, 2011-08-01 *Spirit and Nature* is a collection of essays exploring how the resources of Christian spirituality can inform the practice of a more ecologically sustainable faith Our current ecological situation calls for people of religious faith to reexamine the way they envision the practice of spirituality As environmental ethicists have called us to reconsider the human Earth relationship so that the planet is not seen as simply an endless supply of resources to fill human wants and needs so these essays call us to reconsider spiritual practice as it relates to Earth s ecology Rather than viewing spirituality as an escape from the material world the authors describe the embodiment of the God quest within the human nature relationship Drawing on diverse disciplinary perspectives these essays examine a variety of topics including the relationship between Earth and humans in the Bible the role of nature s beauty in Christian spirituality the practice of Christian discernment and contemplation in light of the natural sciences the role of nature in liturgical prayer and others These essays consider how scholarship in Christian spirituality can contribute to re imaging faith in ways that better cherish the Earth s fragile beauty

Jezebel Lesley Hazleton, 2009-03-17 There is no woman with a worse reputation than Jezebel the ancient queen who corrupted a nation and met one of the most gruesome fates in the Bible Her name alone speaks of sexual decadence and promiscuity But what if this version of her story handed down to us through the ages is merely the one her enemies wanted us to believe What if Jezebel far from being a conniving harlot was in fact framed In this remarkable new biography Lesley Hazleton shows exactly how the proud and courageous queen of Israel

was vilified and made into the very embodiment of wanton wickedness by her political and religious enemies Jezebel brings readers back to the source of the biblical story a rich and dramatic saga featuring evil schemes and underhanded plots war and treason false gods and falser humans and all with the fate of entire nations at stake At its center are just one woman and one man the sophisticated Queen Jezebel and the stark prophet Elijah Their epic and ultimately tragic confrontation pits tolerance against righteousness pragmatism against divine dictates and liberalism against conservatism It is in other words the original story of the unholy marriage of sex politics and religion and it ends in one of the most chillingly brutal scenes in the entire Bible Here at last is the real story of the rise and fall of this legendary woman a radically different portrait with startling contemporary resonance in a world mired once again in religious wars **Talking Reform** Dany
