Sissy Insurgencies Marlon B. Ross, 2021-12-06 In *Sissy Insurgencies* Marlon B Ross focuses on the figure of the sissy in order to rethink how Americans have imagined articulated and negotiated manhood and boyhood from the 1880s to the present Rather than collapsing sissiness into homosexuality Ross shows how sissiness constitutes a historically fluid range of gender practices that are expressed as a physical manifestation discursive epithet social identity and political phenomenon He reconsiders several black leaders intellectuals musicians and athletes within the context of sissiness from Booker T Washington George Washington Carver and James Baldwin to Little Richard Amiri Baraka and Wilt Chamberlain Whether examining Washington s practice of cleaning as an iteration of sissiness Baldwin s self fashioned sissy deportment or sissophobia in professional sports and black nationalism Ross demonstrates that sissiness can be embraced and exploited to conform to American gender norms or disrupt racialized patriarchy In this way sissiness constitutes a central element in modern understandings of race and gender

Filled with the Spirit Ellen Lewin, 2018-04-24 In 2001 a collection of open and affirming churches with predominantly African American membership and a Pentecostal style of worship formed a radically new coalition The group known now as the Fellowship of Affirming Ministries or TFAM has at its core the idea of radical inclusivity the powerful assertion that everyone no matter how seemingly flawed or corrupted has holiness within Whether you are LGBT have HIV AIDS have been in prison abuse drugs or alcohol are homeless or are otherwise compromised and marginalized TFAM tells its people you are one of God s creations In *Filled with the Spirit* Ellen Lewin gives us a deeply empathetic ethnography of the worship and community central to TFAM telling the story of how the doctrine of radical inclusivity has expanded beyond those it originally sought to serve to encompass people of all races genders sexualities and religious backgrounds Lewin examines the seemingly paradoxical relationship between TFAM and traditional black churches

focusing on how congregations and individual members reclaim the worship practices of these churches and simultaneously challenge their authority The book looks closely at how TFAM worship is legitimated and enhanced by its use of gospel music and considers the images of food and African American culture that are central to liturgical imagery as well as how understandings of personal authenticity tie into the desire to be filled with the Holy Spirit Throughout Lewin takes up what has been mostly missing from our discussions of race gender and sexuality close attention to spirituality and faith
