Miller,2012-02 Two narratives intertwine in The Chenango Kid One is the personal story of the author Roger Miller who grew up on Chenango Street a main artery of the medium sized industrial city of Binghamton New York in the 1950s The second is the larger story of the 1950s Each narrative enlarges upon the other Many elements make up the personal a devastating house fire a single mother who liked to work and to frequent taverns a father mystified by life less devoted to work than to benignly stalking his son a half sister long unknown a drunken and or crazy uncle or two a boyhood paradise in the hills of Pennsylvania and a passion for reading and art All in all an unconventionally conventional working class youth The Chenango Kid also connects Chenango Street to the wider world of the Fifties a vibrant explosive decade in art literature music movies and television making it The Decade That Never Ends The popular culture of no other ten year span in the century continues to exert its influence as strongly or to be revived as often as that of the 1950s

Doing History Linda S. Levstik,Keith C. Barton,2015-01-30 Now in its fifth edition Doing History offers a unique perspective on teaching and learning history in the elementary and middle grades Through case studies of teachers and students in diverse classrooms and from diverse backgrounds it shows children engaging in authentic historical investigations often in the context of an integrated social studies curriculum The premise is that children can engage in valid forms of historical inquiry collecting and analyzing data examining the perspectives of people in the past considering multiple interpretations and creating evidence based historical accounts Grounded in contemporary sociocultural theory and research the text features vignettes in each chapter showing communities of teachers and students doing history in environments rich in literature art writing discussion and debate The authors explain how the teaching demonstrated in the vignettes reflects

basic principles of contemporary learning theory Doing History emphasizes diversity of perspectives in two ways readers encounter students from a variety of backgrounds and students themselves look at history from multiple perspectives It provides clear guidance in using multiple forms of assessment to evaluate the specifically historical aspects of children s learning *Eyewitness to the Past* Joan Schur,2023-10-10 Throughout history people have often expressed controversial and conflicting interpretations of current events In this unique resource Joan Brodsky Schur reveals how compelling and engaging the study of history becomes when students use documents to imagine living through events in American history Eyewitness to the Past examines six types of primary sources diaries travelogues letters news articles speeches and scrapbooks Teachers will find interactive strategies to help students analyze the unique properties of each and apply to them their own written work and oral argument Students learn to express opposing viewpoints in documents classroom interactions and simulations such as staging congressional hearings elections or protests They build crucial analytical thinking and presentation skills Used together the six strategies offer a varied and cohesive structure for studying the American past that reinforces material in the textbook encourages creativity activates different learning styles and strengthens cognitive skills Each chapter provides detailed instructions for implementing an eyewitness strategy set in a specific era of American history and includes extensions for adapting the strategy to other time periods In addition to the primary sources included in the book examples of student work are presented throughout to aid teachers in evaluating the work of their own students Rubrics and a list of resources are offered for each eyewitness strategy **A History of Greek and Roman Philosophy** John Hackney,2022-09-06 An accessible overview of how the principles of thought which dominate our civilization came to be from philosophy s Ionian beginnings to Neo Platonism The history of philosophy reveals what was said at the beginning From the start man wanted to know why On the shores of Asia Minor men like Heraclitus or Parmenides found a wealth of mental material which language at the time could not convey This thought developed into the mighty teachings of Plato and Aristotle and furthered its advance under the Stoics Then the noble character of Plotinus dominated the scene and this developed into Neo Platonism where Greek philosophy struggled to unify itself Thales Heraclitus Socrates Plato and Aristotle To see each thinker in his true perspective it is necessary to study the philosophical background against which he worked The progress of philosophy is nonlinear and difficult to trace A History of Greek and Roman Philosophy seeks to reveal the interdependence of one school of thought upon another and in their own particular historical settings Then to be able to recognize a philosopher s point of departure from the material upon which he had been educated The purpose of this book is to widen and inform the scope of the general reader to offer a greater understanding of the effort humanity made to grasp the Truth In an educational environment that introduces students to great soldiers sailors statesmen and politicians space must be made for learning about history s greatest thinkers *History of the Christian Church & Ecclesiastical History* Philip Schaff,Eusebius,2023-11-19 History of the Christian Church Ecclesiastical History
