Collecting for the Curriculum Amy J. Catalano, 2015-09-28 If you re a librarian charged with collecting curriculum materials and children s literature to support the Common Core State Standards then this book the only one that offers explicit advice on collection development in curriculum collections is for you While there are many publications on the Common Core for school librarians and K 12 educators no such literature exists for curriculum librarians at the post secondary level This book fills that gap standing alone as a guide to collection development for curriculum librarians independent of the Common Core State Standards CCSS The book provides instruction and guidance to curriculum librarians who acquire and manage collections so you can develop a collection based on best practices The book begins with a primer on the CCSS and how curriculum librarians can support them Discussion of the Standards is then woven through chapters arranged by content area that share research based practices in curriculum development and instruction to guide you in curriculum selection Material types covered include games textbooks children s literature primary sources counseling and nonfiction Additional chapters cover the management of curriculum collections testing collections and instruction and reference as well as how to support and collect for special needs learners Current practices in collection development for curriculum materials librarians are also

reviewed The book closes with a discussion of the future of curriculum materials

Exemplarity in Global Politics Dorothy Noyes, Tobias Wille, 2025-10-23 Available open access digitally under CC BY licence How is political change claimed and recognized How is it attached to actors and transferred between them This volume gives a new account of a mechanism that is celebrated in liberal discourse but trickier in practice the performance and uptake of examples Bringing together thinkers from different disciplines and places this book considers the networks of reception and emulation within which a political act can become an example circulating beyond the bounds of identities norms and ideologies Tracing short and long term interactions among aspirational dissident and establishment performances the volume reveals exemplarity to be a shaping force in global politics

From Clovis to Charlemagne: Frankish History and Historians Roger Collins, 2025-09-25 This book is a collection of papers on Frankish historiography in the Merovingian and early Carolingian periods from the late sixth to early ninth centuries and studies numerous individual texts evaluating their witness to the events they describe It also includes hitherto unpublished items on the so called Chronicle of Fredegar in both its original and eighth century versions and also an entirely new article on the Merovingian dynastic crisis of 613 along with a general introduction and a bibliography of its author s writing Particular attention is focused on the element of deception deliberate or otherwise in the narrative accounts of some of the Frankish histories and chronicles and on the way they were written in order to promote specific interpretations of certain individuals and events or in some cases to conceal their very existence Certain central episodes such as the imperial coronation of Charlemagne are examined to detect the ways in which they were interpreted and presented in contemporary texts From Clovis to Charlemagne Frankish History and Historians will appeal to academics and students interested in the history of early medieval France the processes of historical composition in that period the study of manuscripts relating to it and the wider questions about historical understanding and the interpretation of evidence

The Educator's Handbook for Teaching with Primary Sources Scott M. Waring, 2023 Educators across subject areas are striving to integrate primary sources into their pedagogy and teaching Yet despite their importance to authentic disciplined inquiry the implementation of primary source activities in the pre K 12 classroom has been limited This lack of utilization can largely be attributed to the perception that these activities are too complex to design implement and grade Many teachers also feel that primary source analysis and

the construction of evidence based narratives is too difficult for students to complete in the traditional classroom Waring argues that this is not the case and with this handbook provides teacher candidates and inservice teachers with detailed and specific perspectives activities approaches and resources to help them effectively and authentically use primary sources in their classrooms Book Features Introduces teaching with primary sources including detailed examples of authentic and tested instructional ideas and approaches Designed to meet the needs of classroom teachers and teacher candidates in social studies English and language arts mathematics science and other fields Offers dozens of primary sources and links to resources throughout the book Aligns to national standards frameworks and the C3 framework for social studies Can be used to meet the needs of emerging English learners and students with special needs Focuses on ways in which educators are utilizing a variety of emerging technologies to engage students in deeper and more authentic ways of learning

The Algebra of Warfare-Welfare Irfan Ahmad, Pralay Kanungo, 2018-12-24 Electoral democracy combines the ideas and practices of warfare and welfare where both work in tandem as near synonyms India's robust electoral democracy exemplifies this combination in diverse forms Critically analysing the 2014 Parliamentary elections beyond the seduction of immediacy and bare cold statistics this book puts human subjectivity at the centre of election studies and through an anthropological sociological approach makes lives human and non human lived and unlived or unlivable central to any understanding of elections and democracy Crafting a new comprehensive approach this volume looks at the 2014 elections in relation to the changing nature and forms of elections and democracy globally Coming from multidisciplinary backgrounds the contributors to this volume use ethnographic observations to open up a space for new theoretical and methodological reflections on the role of media in Indian elections the shift to the right in 2014 and its consequences the significance of traditional Hindu spaces such as the river Ganga in BJP's victory the role of gurus like Baba Ramdev and the electoral choices available to and exercised by the minorities among others

The Second Generation of African American Pioneers in Anthropology Ira E. Harrison, Deborah Johnson-Simon, Erica Lorraine Williams, 2018-11-15 After the pioneers the second generation of African American anthropologists trained in the late 1950s and 1960s Expected to study their own or similar cultures these scholars often focused on the African diaspora but in some cases they also ranged further afield both geographically and intellectually Yet their work remains largely unknown to colleagues and students This volume collects intellectual biographies of fifteen accomplished African American anthropologists of the era The authors explore the scholars diverse backgrounds and interests and look at their groundbreaking methodologies ethnographies and theories They also place their subjects within their tumultuous times when antiracism and anticolonialism transformed the field and the emergence of ideas around racial vindication brought forth new worldviews Scholars profiled George Clement Bond Johnnetta B Cole James Lowell Gibbs Jr Vera Mae Green John Langston Gwaltney Ira E Harrison Delmos Jones Diane K Lewis Claudia Mitchell Kernan Oliver Osborne Anselme Remy William Alfred Shack Audrey Smedley Niara Sudarkasa and Charles Preston Warren II
