History Of The Second World War:

Origin Of The Second World War A.J.P. Taylor, 1996-04 From the Back Cover From the moment of its publication in 1961 A J P Taylor s seminal work caused a storm of praise and controversy and it has since been recognized as a classic the first book ever to examine exclusively and in depth the causes of the Second World War and to apportion the responsibility among Allies and Germans alike With crisp clear prose and brilliant analysis Taylor established that the war far from being premeditated was a mistake the result on both sides of diplomatic blunders He argued that Hitler was more an opportunist than an ideologue who owed his successes to Great Britain s and France s tacking between resistance and appeasement and to an American policy akin to the significant episode of the dog in the night to which Sherlock Holmes once drew attention When Watson objected But the dog did nothing in the night Holmes answered That was the significant episode The Times Literary Supplement called The Origins of the Second World War simple devastating superlatively readable and deeply disturbing and it remains so now a groundbreaking book of enduring importance *The Origins of the Second World War* Richard Overy, 2016-06-17 Exploring the reasons why the Second World War broke out in September 1939 and why a European conflict developed into a war that spanned the globe The Origins of the Second World War argues that this was not just Hitler s War but one that had its roots and origins in the decline of the old empires of Britain and France and the rise of ambitious new powers in Germany Italy and Japan who wanted large empires of their own This fourth edition has been revised throughout covering the origins of the war from its background in the First World War to its expansion to embrace the Soviet Union Japan and the United States by the end of 1941 Creating a comprehensive and analytical narrative while remaining a succinct overview of the subject this book takes a thematic approach to the complex range of events that culminated in global warfare discussing factors such as economic rivalry rearmament and domestic politics and emphasising that any explanation of the outbreak of hostilities must be global in scope Containing updated references and primary source documents alongside a glossary a chronology of key events and a Who s Who of important figures this book is an invaluable introduction for any student of this fascinating period **Struggle for Survival** Robert Alexander Clarke Parker, 1989 A magnificent achievement a tour de force As a one volume survey it is unlikely to be surpassed Kenneth O Morgan The New Statesman A fine single volume World War II history Parker writes with considerable insight and objectivity Booklist From the rise of Hitler to the origins of the Cold War from the operational strategy of the battle of Midway to the role of industrial production every important aspect of World War II finds its way into this concise remarkably comprehensive history of the great conflict **A Concise History of the Second World War: Its Origin, Battles and Consequences** Richard Z. Freemann, Jr., 2016 Merriam Press World War 2 History Series In the history of human existence no conflict has cratered the earth its people and their ways of living like World War II The battles that blazed across the globe from the late 1930s until 1945 caused more than sixty million deaths This writing aspires to present the tale of World War II in a concise yet digestible

fashion and to stimulate the reader to delve further into its history In addition to the What Where and When of war it is appropriate to consider what forces and flaws contributed to the war s emergence This book begins with a review of the events and circumstances that gave birth to the conflict Then comes a discussion of the war s action in every significant theater of combat The book closes with the human and economic costs of the conflict an evaluation of the intended and unintended consequences of World War II and ethical questions the war has brought to the surface 19 photos 16 maps sources

The Origins of the Second World War R. J. Overy, 2014-01-14 The Origins of the Second World War explores the reasons why the Second World War broke out in September 1939 and not sooner and why a European war expanded into world war by 1941 Richard Overy argues that this was not just Hitler s War but one that had its roots and origins in the decline of the old empires of Britain and France and the rise of ambitious new powers in Germany Italy and Japan Any explanation of the outbreak of hostilities must be multinational in scope taking into account the basic instability of the international system that had still not recovered from the shocks of the Great War In this third edition The role of Italy in the approach to war has been re evaluated Overy addresses recent revelations about Soviet policy in the 1930s particularly exploring Soviet military planning and preparations Arguments about Chamberlain and his policy of appeasement are rethought and reassessed This new edition has now been completely overhauled updated expanded and reset With a comprehensive documents section colour plates Guide to Who s Who and a Chronology The Origins of the Second World War will provide an invaluable introduction to any student of this fascinating period Page 4 of cover

The Second World War Martin Gilbert, 2014-06-05 Mr Gilbert brings the strongest possible credentials to his history of World War II and the result is a magisterial work The New York Times In the hands of master historian Martin Gilbert the complex and compelling story of the Second World War comes to life This narrative captures the perspectives of leading politicians and war commanders journalists civilians and ordinary soldiers offering gripping eyewitness accounts of heroism defeat suffering and triumph This is one of the first historical studies of World War II that describes the Holocaust as an integral part of the war It also covers maneuvers strategies and leaders operating in European Asian and Pacific theatres In addition this book brings in survivor testimonies of occupation survival behind enemy lines and the experience of minority groups such as the Roma in Europe to offer a comprehensive account of the war s impact on individuals on both sides This is a sweeping narrative of one of the most deadly wars in history which took almost forty million lives and irrevocably changed countless more Gilbert s flowing narrative is spiced with anecdotal details culled from diaries memoirs and official documents He is especially skillful at interweaving summaries of military strategy with vignettes of civilian suffering Newsweek A masterful account of history s most destructive conflict Publishers Weekly

The Origins of the Second World War: An International Perspective Frank McDonough, 2011-09-22 Many major world events have occurred since the last key anniversary of the beginning of the Second World War and these events have had a dramatic impact on the international stage 9 11 the Iraq War climate change

and the world economic crisis This is an opportune moment to bring together a group of major international experts who will offer a series of new interpretations of the key aspects of the origins of the Second World War Each chapter is based on original archival research and written by scholars who are all leading experts in their fields This is a truly international collection of articles with wide breadth and scope which includes contributions from historians and also political scientists gender theorists and international relations experts This is an important contribution to scholarly debate on one of the most important events of the 20th century and a subject of major interest to the general reader historians students and researchers policy makers and conflict prevention experts

The Origins of the Second World War in Europe Philip Michael Hett Bell,1986

The War Years Loyd E. Lee,2021-11-21 This book first published in 1989 combines the broad themes of diplomatic political and military events with the human dimensions to form a major global analysis of the second world war It also explains the difficulties encountered by the European powers in mobilising their colonies and examines the economic and social reorganisation of the belligerents It shows the impact of the collaboration of occupied peoples with the axis powers and discusses in detail the resistance movements and the Holocaust The book also looks at advances in science and technology the application of social sciences to war the intelligence services and the arts

Origins of the Second World War Reconsidered Gordon Martel,2002-02-07 When A J P Taylor s *The Origins of the Second World War* appeared in 1961 it made a profound impact The book became a classic and a central point of reference in all discussion on the Second World War The second edition of this distinguished collection written by leading experts in the field is designed to bring the state of the argument up to date The issues discussed include the legacy of the Treaty of Versailles Hitlers foreign policy Appeasement AJP Taylor and the Russians the treatment of the crises leading up to war including the Anschluss Danzig Abyssinian crises and the Spanish Civil War This second edition will ensure that *The Origins of the Second World War* will remain a high priority student and scholarly reading lists

The Meaning of the Second World War Ernest Mandel,2011-04-18 The very scale of the 1939-45 war has often tempted historians to study particular campaigns at the expense of the wider panorama In this readable and richly detailed history of the conflict the Belgian scholar Ernest Mandel author of the acclaimed *Late Capitalism* outlines his view that the war was in fact a combination of several distinct struggles and a battle between rival imperialisms for world hegemony In concise chapters Mandel examines the role played by technology science logistics weapons and propaganda Throughout he weaves a consideration of the military strategy of the opposing states into his analytical narrative of the war and its results

Origins of the Second World War Victor Rothwell,2001 Victor Rothwell examines the origins of World War II from the flawed peace settlement in 1919 to the start of the true world war at Pearl Harbor in 1941 He asks many important questions Why did the cause of peace advance in the 1920s only to be stopped in its tracks and threatened with reversal by the Great Depression what was the nature of Nazi thinking about war foreign policy and the policy of appeasement that sought to accommodate the Third Reich without again

going to war He also examines the events in the Far East at the time and draws a contrast between the role of the US and the Far East throughout the 1930s Copyright Libri GmbH All rights reserved

The Origins of the Second World War Esmonde Manning Robertson,1971-01-21 This collection of essays deals with some of the problems posed by the origins of World War II Was World War II part of a developing world crisis or should it be seen purely in a European context Before 1960 general historical opinion held that World War I broke out World War II was precipitated Fritz Fischer s and A J P Taylor s challenge to this thesis caused a controversy which made it impossible to isolate the causes of the two World Wars Whether Hitler was an opportunist or a planner or both is discussed in a series of articles the introduction to which considers the irrational element in Hitler s character and the contradictions in his policy One author presents Hitler s attitude towards Japan and offers reasons why there was so little collusion between Germany and Japan before the end of 1937 Readers are introduced to the ideas of both American and Japanese writers as to the causes of the China Incident of July 1937 and its influence on European politics Other topics presented include Mussolini s role as an icebreaker for Hitler Chamberlain s policy of appeasement the Rome Agreements of 1935 which caused a rift between Britain and France over Ethiopia Hitler s attitude towards Japan Roosevelt s movement of the U S Fleet the defeat of France the Japanese occupation of Indo China and other key issues A plea for historians of the former belligerents to meet periodically in small groups to discuss research concludes this volume

The Second World War Joanna Bourke,2001 The Second World War saw an unprecedented expansion of suffering beyond the frontlines Of the 1 355 000 tons of bombs dropped on Germany for instance most fell on non military targets and of the 55 million people killed worldwide two thirds were civilians In *The Second World War A People s History* Joanna Bourke uncovers the grim stories of death and destruction lost behind those statistics Using diary entries oral histories poetry and letters home Bourke allows the people that lived and died in the global bloodletting to tell their own stories Soldiers who fought for all sides and in all of the major theatres tell of the fear and horror of combat Partisan fighters recount the daring risks they took and the torments of captivity Civilians describe the anxiety of approaching war their struggle for survival and their despair and helplessness as the war consumed their world Bourke chillingly demonstrates that all of this sorrow and woe was the direct result of political and military decisions on both sides A brief objective synopsis of each campaign in the war clarifies the link between strategic military decisions and the massacre and inhumane treatment of non combatants events now known only by names like Nanking Sobibor Dresden and Nagasaki that was all too common in this brutal war This short engaging history is a poignant testimony to the memory of the innocents lost and a stark reminder that their demise was not inevitable indeed it was often strategically planned and methodically executed

Eastern Europe and the Origins of the Second World War Anita Prazmowska,2000 Examines Eastern Europe s political and military problems in the face of Nazi aggression from an Eastern European perspective

The Origins of the Second World War 1933-1941 Ruth Henig,2004-08-02 Updated and expanded throughout to take into consideration the most up to

date historical research this new edition of *The Origins of the Second World War* analyzes the reasons for the outbreak of the Second World War Experienced historian Ruth Henig considers the long term factors that led to war the effect of British appeasement policies the significance of American isolation the ambitions of Italy Japan and Russia *The Origins of the Second World War* brings one of the most controversial historical topics to life for a whole generation of students and scholars seeking to understand the reasoning and events behind this major event in world history WWII, Time-Life History of the Second World War ,1995 **The Oxford Illustrated History of World War II** R. J. Overy,2015 World War Two re assessed for a new generation from the 1930s through to the beginnings of the Cold War A stimulating and thought provoking new interpretation of one of the most terrible episodes in world history **The Making of the Second World War** Anthony P. Adamthwaite,1992 First Published in 1979 Routledge is an imprint of Taylor Francis an informa company
History of the Second World War Sir Basil Henry Liddell Hart,1980 This illustrated volume contains detailed descriptions of all the major battles campaigns and events of the Second World War

Reviewing **History Of The Second World War**: Unlocking the Spellbinding Force of Linguistics
