

The Cold War Heats Up

1. As you read the passage, fill in the information you discover about the Soviet-American agreement below.

	What the Soviets Wanted	What the Americans Wanted
1. Would it make any sense to build space weapons and launch them?	That U.S. suspend the prohibition of launching nuclear weapons	Not really
2. Would anyone benefit from the launch and deployment of such weapons?	They would certainly gain control of the world and soon would control the launch of nuclear weapons globally as well	They might win the race to space but would lose the war. The U.S. would lose the ability to launch nuclear weapons, placed under the control of General Douglas MacArthur
3. Would anyone disagree with this?	Not Eisenhower	Many people in Europe, Japan, and elsewhere would disagree
4. Would the U.S. achieve what it wanted under this agreement?	Yes, the government could manage it. It was an important victory	Yes, because people were convinced we would not take advantage of the Soviets

2. Suppose the agreement simply set up the program, without

these (other) provisions. What would

happen? Would the agreement be a success?

Discuss. Explain. What provisions did the Soviets want?

What would it have meant for the U.S. and the world?
