Warren, 2022 The story of how Black and Brown parents students and members of low income communities of color organized to dismantle the school to prison pipeline in their local schools and built a movement that spread across the country In Willful Defiance Mark R Warren documents how Black and Brown parents students and low income communities of color organized to dismantle the school to prison pipeline in their local schools and built an intersectional movement that spread across the country Examining organizing processes in Mississippi Los Angeles Chicago and other localities he shows how relatively small groups of community members built the power to win policy changes to reduce suspensions and expulsions by combining deep local organizing with resources from the national

movement As a result over the course of twenty years the movement to combat the school to prison pipeline resulted in falling suspension rates across the country and began to make gains in reducing police presence in schools especially in places where there have been sustained organizing and advocacy efforts In documenting the struggle organizers waged to build national alliances led by community groups and people most impacted by injustice rather than Washington based professional advocates Warren offers a new model for movements that operate simultaneously at local state and national levels while primarily oriented to support and spread local organizing In doing so he argues for the need to rethink national social justice movements as interconnected local struggles whose victories are lifted and spread In the end the book highlights lessons from the school to prison pipeline movement for organizers educators policymakers and a broader public seeking to transform deep seated and systemic racism in public schools and the broader society **Technicolor** Mark Hearn, 2017-06-01 By the year 2050 the United States will no longer have a majority ethnic group The nation's population will be majority minority This future nationwide reality has already been a present reality in several cities including many in the urban south for nearly a decade In a 2011 State of the City Address the mayor of pastor and author Mark Hearn's city said there were fifty seven languages spoken at the local high school Hearn left asking himself How should our church respond In the years that have followed a phenomenal transformation has taken place This transition has been chronicled in the Gwinnet Daily Post the Christian Index the Wall Street Journal Lifeway's Facts and Trends and the Atlanta Magazine Now Hearn shares the life changing story through his own lens By reading his firsthand experience of this transition as a pastor you too can be equipped to make the shift to church in technicolor **The President's Kitchen Cabinet** Adrian Miller, 2017-02-09 An NAACP Image Award Finalist for Outstanding Literary Work Non Fiction James Beard award winning author Adrian Miller vividly tells the stories of the African Americans who worked in the presidential food service as chefs personal cooks butlers stewards and servers for every First Family since George and Martha Washington Miller brings together the names and words of more than 150 black men and women who played remarkable roles in unforgettable events in the nation's history Daisy McAfee Bonner for example FDR's cook at his Warm Springs retreat described the president's final day on earth in 1945 when he was struck down just as his lunchtime cheese souffl emerged from the oven Sorrowfully but with a cook's pride she recalled He never ate that souffl but it never fell until the minute he died A treasury of information about cooking techniques and equipment the book includes twenty recipes for which black chefs were celebrated From Samuel Fraunces's onions done in the Brazilian way for George Washington to Zephyr Wright's popovers beloved by LBJ's family Miller highlights African Americans contributions to our shared American foodways Surveying the labor of enslaved people during the antebellum period and the gradual opening of employment after Emancipation Miller highlights how food related work slowly became professionalized and the important part African Americans played in that process His chronicle of the daily table in the White House proclaims a fascinating new American story **Disillusioned** Benjamin

Herold,2024-01-23 Astonishingly important Alex Kotlowitz *The Atlantic* Through the stories of five American families a masterful and timely exploration of how hope history and racial denial collide in the suburbs and their schools Outside Atlanta a middle class Black family faces off with a school system seemingly bent on punishing their teenage son North of Dallas a conservative white family relocates to an affluent suburban enclave but can t escape the changes sweeping the country On Chicago s North Shore a multiracial mom joins an ultraprogressive challenge to the town s liberal status quo In Compton California whose suburban roots are now barely recognizable undocumented Hispanic parents place their gifted son s future in the hands of educators at a remarkable elementary school And outside Pittsburgh a Black mother moves to the same street where author Benjamin Herold grew up then confronts the destructive legacy left behind by white families like his *Disillusioned braids* these human stories together with penetrating local and national history to reveal a vicious cycle undermining the dreams upon which American suburbia was built For generations upwardly mobile white families have extracted opportunity from the nation s heavily subsidized suburbs then moved on before the bills for maintenance and repair came due leaving the mostly Black and Brown families who followed to clean up the ensuing mess But now sweeping demographic shifts and the dawning realization that endless expansion is no longer feasible are disrupting this pattern forcing everyday families to confront a truth their communities were designed to avoid The suburban lifestyle dream is a Ponzi scheme whose unraveling threatens us all How do we come to terms with this troubled history How do we build a future in which all children can thrive Drawing upon his decorated career as an education journalist Herold explores these pressing debates with expertise and perspective Then alongside Bethany Smith the mother from his old neighborhood who contributes a powerful epilogue to the book he offers a hopeful path toward renewal The result is nothing short of a journalistic masterpiece

Federal Register ,2007-03 *School Yearbook* Kate Eichhorn,2025-11-10 Why school yearbooks as frivolous and cringey as they are are far more than just objects of nostalgia We re all familiar with the embarrassment that washes over us when recalling our high school yearbooks Questionable fashion choices gravity defying hair a melodramatic quote what were we thinking Even as school yearbooks decline in popularity among contemporary teens they continue to impact our lives in shocking ways Collected digitized aggregated and recombined in ways that would have been impossible to imagine just a few decades ago yearbooks are no longer bound personal archives of adolescent memories In the twenty first century they are shaping our lives in surprising and sometimes disturbing ways And what could be a more fitting afterlife for these cringey books In *School Yearbook* cultural critic Kate Eichhorn investigates this ubiquitous object On the surface school yearbooks are easily dismissed as innocuous collections of embarrassing photographs and cheesy affirmations but as Eichhorn reveals there has never been anything innocent about the school yearbook tradition Since the early twentieth century yearbooks have circulated as forms of public relations propaganda and hate speech They have been routinely used by police detectives private investigators and even the FBI to identify and profile suspects With over half a

million yearbooks now available online these books have also acquired the power to continue shaping our lives long after graduation Would be landlords employers and even creditors can now turn to data culled from their embarrassing pages to make judgments about who we are and what we merit In a digital era school yearbooks have acquired the ability to keep judging us in perpetuity Both timely and insightful School Yearbook explores how these books have always been used to rank and judge us

Emma's Postcard Album Faith Mitchell,2022-12-21 BCALA 2023 Outstanding Contribution to Publishing Citation Award winner The turn of the twentieth century was an extraordinarily difficult period for African Americans a time of unchecked lynchings mob attacks and rampant Jim Crow segregation During these bleak years Emma Crawford a young African American woman living in Pennsylvania corresponded by postcard with friends and family members and collected the cards she received from all over the country Her album spanning from 1906 to 1910 and analyzed in Emma s Postcard Album

becomes an entry point into a deeply textured understanding of the nuances and complexities of African American lives and the survival strategies that enabled people to make a way from no way. As snippets of lived experience, eye-catching visual images and reflections of historical moments, the cards in the collection become sources for understanding not only African American life but also broader American history and culture. In Emma's Postcard Album, Faith Mitchell innovatively places the contents of this postcard collection into specific historic and biographical contexts and provides a new interpretation of postcards as life writings, a much neglected aspect of scholarship. Through these techniques, a riveting world that is far too little known is revealed, and new insights are gained into the perspectives and experience of African Americans. Capping off these contributions, the text is a visual feast illustrated with arresting images from the Golden Age of postcards as well as newspaper clippings and other archival material.

The Insanity Offense: How America's Failure to Treat the Seriously Mentally Ill Endangers Its Citizens E. Fuller Torrey, 2012-01-02 A leading expert on mental illness outlines the tragic consequences of deinstitutionalization and sounds the call for reform. Torrey weaves together narratives of individual tragedies with sobering data on the nation's failure to treat the mentally ill.

Daughters of Infamy David Kilmer, 2011-11-18 On December 7, 1941, the Japanese Navy attacked the American Pacific Fleet at Pearl Harbor, Hawaii. The perception remains that they succeeded in severely crippling the navy; however, nothing could be further from the truth. Thanks to meticulous research, *Daughters of Infamy* puts this myth to rest and shows that the vast majority of warships in the harbor suffered no damage at all. Former US Navy photographer David Kilmer provides documentation on each ship that survived the Pearl Harbor massacre. He records what happened the day of the attack, then traces the ships' movements after December 7 and, in some cases, their destiny after the war. Contrary to popular belief, many met the enemy and helped to win the war in the Pacific. Undoubtedly the first work to compile factual and informative data on nearly all the ships in Pearl Harbor in December of 1941, Kilmer's in-depth record fills a scholarly void. His fascinating narrative on each ship adds another layer of expertise and provides a new perspective on a familiar event.

Best in Show John Kenneth Muir, 2004-11 Applause Books *Best in Show* is the first in-depth look at the method behind film director and actor Christopher Guest's madness and genius. John Kenneth Muir focuses his attention on the acclaimed Guest-directed trilogy of what some call mockumentaries: *Waiting for Guffman*, *Best in Show*, and *A Mighty Wind*. In these films, Guest has escorted rapt audiences into the purportedly real worlds of a small-town theatrical company dog show competition and folk music festival. Muir also details the events that led to Rob Reiner's influential and legendary *This Is Spinal Tap*, which *Rolling Stone* called the best rock and roll movie of all time and in which Guest played the part of guitarist Nigel Tufnel. Much of *Best in Show* exemplifies the unique process by which Guest directs films. He employs a common repertory company, improvises scenes often without any rehearsal, and does not use any screenplay with dialogue; instead, following a detailed outline often co-authored with his ace actor/writer Eugene Levy, company members that have been interviewed for

this book include Fred Willard Harry Shearer Bob Balaban and Michael Hitchcock Guest s influences Saturday Night Live National Lampoon as well as his more conventional comedies such as The Big Picture and Almost Heroes are studied Best in Show is general enough to bring new fans to the table yet detailed enough to satisfy the most in the know Guest fan and film student A complete filmography with Guest s directing acting and writing credits is included as is the appendix You Know You re in a Christopher Guest Film When Guest once commented I am drawn to people who have dreams that are slightly out of reach Now thanks to John Kenneth Muir the fascinating world of Christopher Guest and company is substantially more within reach
