Romance languages They represent the wide range of topics at the conference and the variety of research carried out on Romance languages within theoretical linguistics and will be of interest to scholars in Romance and in general linguistics

Comparative Perspectives on Language Acquisition Marzena Watorek, Sandra Benazzo, Maya Hickmann, 2012-01-09 This volume aims to provide a broad view of second language acquisition within a comparative perspective that addresses results concerning adult and child learners across a variety of source and target languages It brings together contributions at the forefront of language acquisition research that consider a wide range of open questions What are the precise mechanisms underlying acquisition How can we characterize learners initial state and predict their degree of final achievement What role do specific typological properties of source and target languages play How does fossilization occur How does the relative complexity of cognitive systems in adult and child learners affect acquisition Does language learning influence cognitive organization Can language learning shed light on our general understanding of human language and language processing

**(In)vulnerable Domains in Multilingualism** Natascha Müller, 2003-07-17 The focus of this collection of essays is on the acquisition of so called vulnerable and invulnerable grammatical domains in multilingualism Language acquisition is studied from a comparative perspective mostly in the framework of generative grammar Different types of multilingualism are compared the existence of multiple grammars in L1 acquisition simultaneous L2 acquisition balanced and unbalanced bilingualism and successive L2 acquisition child and adult L2 acquisition Evidence from the language pairs French German Italian Swedish Spanish English Spanish German Spanish Basque Portuguese Japanese English Portuguese German English German Turkish German is brought to bear on grammatical issues pertaining to the morphology and syntax of the noun phrase pronoun use and the null subject property clause structure verb position non finite clauses agreement at the clause level and on issues like code mixing and language dominance

The Acquisition of Spanish in Understudied Language Pairings Tiffany Judy, Silvia Perpiñán, 2015-02-18 By examining the acquisition of Spanish in combination with languages other than English Arabic Basque Catalan Chinese Dutch Farsi French German Nahuatl Quechua Portuguese Swedish Turkish this volume advances novel data pertinent to the field s understanding of acquisition of Spanish in the XXI century Its crosslinguistic nature invites us to reconsider major theoretical questions such as the role of L1 transfer linguistic typology and onset of acquisition from a fresh perspective and to question the validity of the traditional parameter re setting perspective taken in SLA Additionally this volume underscores the necessity of providing accurate descriptions of the language pairings investigated emphasizing the interconnection between linguistic and SLA theory and pushing us to a more atomic view of the system in which features and feature bundles mapped onto lexical items comprise the skeleton of language This volume is of great relevance for researchers and students of SLA alike

**The Acquisition of Gender** Dalila Ayoun, 2022-01-15 Gender as a morphosyntactic feature is arguably an endlessly fascinating linguistic category Corbett 2014 1 One may even say it is among the most puzzling of the grammatical categories Corbett 1991 1 that has raised probing

questions from various theoretical and applied perspectives Most languages display semantic and or formal gender systems with various degrees of opacity and complexity and even closely related languages present distinct differences creating difficulties for second language learners The first three chapters of this volume present critical reviews in three different areas gender assignment in mixed noun phrases subtle gender biases and the gender acquisition in child and adult heritage speakers of Spanish while the next six chapters present new empirical evidence in the acquisition of gender by bilingual children adult L2 L3 learners and heritage speakers of various languages such as Italian German Dutch or Mandarin Italian

**Introduction to Bilingualism** Christina Schelleter, 2019-10-15 Drawing together linguists and psychologists approaches to the study of bilingualism this innovative and engaging volume provides students with a firm grounding in bilingual acquisition and development It begins with a discussion of sequential and simultaneous bilinguals illustrated by a wealth of case studies and examples and the key theories surrounding bilingual development The book subsequently explores topics such as bilingual speech perception sound lexical and morpho syntactic development cognitive processing and metalinguistic awareness Introduction to Bilingualism is an essential companion for undergraduate and postgraduate students of applied linguistics psycholinguistics speech and language therapy and language education

**The Grammar of Multilingualism** Artemis Alexiadou, Terje Lohndal, 2016-10-31 This volume investigates the nature of grammatical representations in speakers who master multiple languages Since the early days of modern formal approaches to grammar most work has been based on the language of monolingual humans Less work has been conducted based on data from speakers who possess more than one language Although important insights have been gained from a monolingual focus there is every reason to believe that bi and multilingual data can inform linguistic theory A lot of ongoing work demonstrates that this is indeed the case and the current volume contributes to this growing literature Thus the research topic addresses a number of questions relating to grammatical structures in multilingual speakers as well as the methodological issues that arise in the context of studying such speakers A better understanding of the grammatical sides of multilingualism is crucial for understanding the human language capacity and in turn for offering better advice to the public concerning issues of language choice for multilingual children and adults education and language deficits in multilingual individuals

**The Development of Grammar** Esther Rinke, Tanja Kupisch, 2011 This volume focuses on different aspects of language development The contributions are concerned with similarities and differences between first and second language acquisition the acquisition of sentence structure and functional categories cross linguistic influence in bilingual first language acquisition as well as the relation between language acquisition language contact and diachronic change The recurrent topic of the volume is the link between linguistic variation and the limitation of structural variability in the framework of a well defined theory of language In this respect the volume opens up new perspectives for future research

*Understanding Child Language Acquisition* Caroline Rowland, 2013-10-23 Taking an accessible and cross linguistic approach Understanding Child Language Acquisition introduces readers to the most important research on child language acquisition over the last fifty years as well as to some of the most influential theories in the field Rather than just describing what children can do at different ages Rowland explains why these research findings are important and what they tell us about how children acquire

language Key features include Cross linguistic analysis of how language acquisition differs between languages A chapter on how multilingual children acquire several languages at once Exercises to test comprehension Chapters organised around key questions that summarise the critical issues posed by researchers in the field with summaries at the end Further reading suggestions to broaden understanding of the subject With its particular focus on outlining key similarities and differences across languages and what this cross linguistic variation means for our ideas about language acquisition Understanding Child Language Acquisition forms a comprehensive introduction to the subject for students of linguistics psychology and speech and language therapy Students and instructors will benefit from the comprehensive companion website that includes a students section featuring interactive comprehension exercises extension activities chapter recaps and answers to the exercises within the book Material for instructors includes sample essay questions answers to the extension activities for students and a Powerpoint including all the figures from the book [www.routledge.com/cw/rowland](http://www.routledge.com/cw/rowland)

**Multilingualism**

Anat Stavans, Charlotte Hoffmann, 2015-01-12 How do children and adults become multilingual How do they use their languages What influence does being multilingual have on their identities What is the social impact of multilingualism today and how do societies accommodate it These are among the fascinating questions examined by this book Exploring multilingualism in individuals and in society at large Stavans and Hoffmann argue that it evolves not from one factor in particular but from a vast range of environmental and personal influences and circumstances from migration to globalisation from the spread of English to a revived interest in minority languages from social mobility to intermarriage The book shows the important role of education in helping to promote or maintain pupils multilingual language competence and multilingual literacy and in helping to challenge traditional monolingual attitudes A clear and incisive account of this growing phenomenon it is essential reading for students teachers and policy makers alike
