Italian Funerals And Other Festive Occasions:

Italian Funerals and Other Festive Occasions John Miranda, Scott Reiniger, 1996 Italian Funerals and Other Festive Occasions John (Giovanni) Miranda, 2013-07-26 It was fortunate for Giovanni that he didn't discover his family's secrets until now. As an adult, he can laugh about it. The Mafia at his doorstep, a scary grandmother with special powers, and his favorite aunt who knitted him sweaters and smuggled gin New York in the twenties seemed so normal to the seven-year-old boy. Now, with warmth and humor, Mr. Miranda shares not only his family secrets with us but also twelve of his secret family recipes going back five Sicilian generations. Good food and good fun go well together with the bizarre but very real characters in his childhood adventures. Actor and playwright John Miranda, born Giovanni Mercuri, Miranda has had an exciting career in Hollywood and on Broadway, but his trip home at Christmas to visit his aging mother triggered a flood of long-hidden memories of his childhood. Reality is always more exciting and surprising than fiction. *America's Longest Run* Andrew Davis, 2010 Traces the history of the Walnut Street Theatre in Philadelphia from its founding in 1809. The Loss of Small White Clouds Morgan Batch, 2023-08-09 This volume seeks to instigate a discussion about dementia in theatre. The discussions in this book borrow from the literature on dementia's representation in other artforms while reflecting on theatre's unique capacity to incorporate multiple artforms in a live context. Hypermediacy. The author examines constructions of diegesis and the use of various performance tools including physical theatre, puppetry, and postdramatic performance. She discusses stage representations of interior experiences of dementia, selfhood in dementia, the demarcation of those with dementia from those without, endings, erasure, and the pursuit of catharsis, placelessness, and disruptions of traditional dramatic constructions of time and ultimately performances creatively led by people with dementia. The book traces patterns of narrativisation on the stage, including common dramaturgical forms, settings, and character relationships, as well as examples that transcend mainstream representation. This book is important reading for theatre and performance students, scholars, and practitioners, as well as cultural studies writers engaged in research about narratives of dementia. *Basic Catalogue of Plays and Musicals* Samuel French, Inc., 2001

Lynn Martin, 2009-10-01 Traditional Europe had high levels of violence and of alcohol consumption both higher than they are in modern Western societies where studies demonstrate a link between violence and alcohol A Lynn Martin uses an anthropological approach to examine drinking drinking establishments violence and disorder and compares the wine producing south with the beer drinking north and Catholic France and Italy with Protestant England and explores whether alcohol consumption can also explain the violence and disorder of traditional Europe Both Catholic and Protestant moralists believed in the link and they condemned drunkenness and drinking establishments for causing violence and disorder They did not advocate complete abstinence however for alcoholic beverages had an important role in most people s diets Less appreciated by the moralists was alcohol s function as the ubiquitous social lubricant and the increasing importance of alehouses and taverns as centers of popular recreation The study utilizes both quantitative and qualitative evidence from a wide variety of sources to question the beliefs of the moralists and the assumptions of modern scholars about the role of alcohol and drinking establishments in causing violence and disorder It ends by analyzing the often conflicting regulations of local regional and national governments that attempted to ensure that their citizens had a reliable supply of good drink at a reasonable cost but also to control who drank what where when and how No other comparable book examines the relationship of alcohol to violence and disorder during this period **Food Cultures of the World Encyclopedia** Ken Albala, 2011-05-25 This comprehensive reference work introduces food culture from more than 150 countries and cultures around the world including some from remote and unexpected peoples and places From babka to baklava to the groundnut stew of Ghana food culture can tell us where we ve been and maybe even where we re going Filled with succinct yet highly informative entries the four volume Food Cultures of the World Encyclopedia covers all of the planet s nation states as well as various tribes and marginalized peoples Thus in addition to coverage on countries as disparate as France Ethiopia and Tibet there are also entries on Roma Gypsies the Maori of New Zealand and the Saami of northern Europe There is even a section on food in outer space detailing how and what astronauts eat and how they prepare for space travel as far as diet and nutrition are concerned Each entry offers information about foodstuffs meals cooking methods recipes eating out holidays and celebrations and health and diet Vignettes help readers better understand other cultures while the inclusion of selected recipes lets them recreate dishes from other lands *A History of the Oratorio: The oratorio in the classical era* Howard E. traditions social mores and cultural antecedents have wrought their influence on the American character Filled with insights observations and ethnic facts and fictions this volume should prove to be a valuable source of information for scholars researchers and students interested in pinpointing and examining the cultural intellectual and social influence of Italian immigrants and their successors Italian Academies and their Networks, 1525-1700 Simone Testa, 2017-03-21 Italian Academies have typically been studied individually or in the context of specific cities leaving an important lacuna in the scholarship on Italian culture and early modernity Cutting across various disciplines this volume traces the relationships of these Academies and explains how they prefigured networks like the R publique des letters **Festive Funerals in Early Modern Italy** Minou Schraven, 2017-07-05 Celebrated at the heart of a notoriously unstable period the Vacant See papal funerals in early modern Rome easily fell prey to ceremonial chaos and disorder Charged with maintaining decorum papal Masters of Ceremonies supervised all aspects of the funeral from the correct handling of the papal body to the construction of the funeral apparato the temporary decorations used during the funeral masses in St Peter s The visual and liturgical centre of this apparato was the chapelle ardente or castrum doloris a baldachin like structure standing over the body of the deceased decorated with coats of arms precious textiles and hundreds of burning candles Drawing from printed festival books and previously unpublished sources such as ceremonial diaries and diplomatic correspondence this book offers the first comprehensive overview of the development of early modern funeral apparati What was their function in funeral liturgy and early modern festival culture at large How did the papal funeral apparati compare to those of cardinals the Spanish and French monarchy and the Medici court in Florence And most importantly how did contemporaries perceive and judge them By the late sixteenth century new trends in conspicuous commemoration had rendered the traditional papal funeral apparati in St Peter s obsolete The author shows how papal families wishing to honor their uncles according to the new standards needed to invent ceremonial opportunities from scratch showing off dynastic resilience while modelling the deceased s memoria after carefully constructed ideals of post Tridentine sainthood **Italian National Identity in the Scramble for Africa** Giuseppe Finaldi, 2009 Italy s First African War 1880 1896 pitted a young and ambitious European nation against the ancient Empire of Ethiopia The Least of Europe s Great Powers rashly assailed Africa s most formidable military power The outcome was humiliating defeat for Italy and the survival uniquely for any African nation in the years of the European Scramble for that continent of Ethiopian independence Notwithstanding Italy s disastrous first experience in the colonial fray this book argues that the impact of the war went well beyond the battlefields of the Ethiopian highlands and reached into the minds of the Italian people at home Through a detailed and exhaustive study of Italian popular culture this book asks how far the First African War impacted on the Italian nation building project and how far Italians were themselves changed by undergoing the experience of war and defeat in East Africa Finaldi argues for the first time in historiography on the subject that there was substantial support for and awareness of Italy s military campaign and that Empire as has come to be

regarded as fundamental in the histories of other European countries needs to be brought firmly into the mainstream of Italian national history This book is an essential contribution to debates on the relationship between European national identity and culture and imperialism in the late 19th century American Theatre ,1996 Samuel French's Basic Catalogue of Plays Samuel French, Inc,1997 **My Stories** Janice N.
