Research Review for School Leaders William G. Wraga, Peter S. Hlebowitsh, Founding Editor Tanner, Daniel Tanner, 2012-08-06 The Research Review for School Leaders Volume III is specifically designed as a practical resource for school leaders whose schedules preclude opportunities to locate and review key research on every issue they must address. It places comprehensive current and accessible reviews of educational research at their fingertips and is organized to make the research and practices it summarizes useful to them in their professional endeavors. This is the third volume of the Review. Although the title has changed, its purpose and substance are continuous with the work of the earlier volumes. The first Annual Review of Research for School Leaders 1996 summarized research on the status of public schooling, interdisciplinary curriculum, and educational applications of computers. The second volume 1998 addressed the topics of middle level education, the extracurriculum, mathematics education reform, and drop outs. The present Volume III offers educational leaders reviews of research on five timely educational issues: citizenship education, multicultural education, gifted and talented education, classroom assessment, and scheduling. A basic premise of this volume is that to make sound decisions, professionals need to be up to date on current research related to the problems with which they grapple. A second premise is that research cannot simply be imposed in a formulaic way on a local setting; the nature of the particular problem to be solved will always bear upon the relevance of research to a specific context. Thus, this volume is envisioned as a helpful resource for school leaders as they engage in important discussions of the research with teachers, school board members, parents, and other interested parties as they collaboratively seek effective resolutions to local educational problems.

Psychological Assessment in the Schools James C. Impara, Linda L. Murphy, 1994 A new introduction from the Buros Institute. The Buros Desk Reference Series is composed of individual volumes containing reviews of test instruments commonly used in particular areas. The first edition in this series brings together reviews of over one hundred tests most frequently used by school psychologists. Entries include reviews taken from the Mental Measurements Yearbook along with descriptions of population, purpose, scoring, publisher, etc. taken from Tests in Print IV. The book is organized by category: e.g., Intelligence, Personality, Behavior, Ratings, and also includes a title index, score index, and publishers' directory. The convenient size and easy-to-locate information in this publication makes it an ideal desktop companion. **A Guide to Educational Performance Contracting; Technical Appendix**, 1972 *Understanding Achievement Tests* Lawrence M. Rudner, Jane Close Conoley, Barbara S. Plake, 1989 Current information about tests and testing procedures is provided for school district staff, particularly in districts without specially trained testing directors. Practical information is given about selecting and administering tests and about reporting results effectively. This guide opens with a discussion of the basic principles of testing. The various types of district-level tests are described, and different types of test scores are presented. The advantages and limitations of certain types of tests and scores are reviewed. The viewpoints of measurement experts on important issues

in testing are expressed in the following chapters 1 Common Misuses of Standardized Tests Eric Gardner 2 Preparing Students To Take Standardized Achievement Tests William A Mehrens 3 Matching Your Curriculum and Standardized Tests Jane C Conoley 4 Using Customized Standardized Tests Paul L Williams 5 Interpreting Test Scores for Compensatory Education Students Gary Echternacht and 6 Working with the Press Allan Hartman Four additional discussions are appended Finding Information about Standardized Tests Lawrence M Rudner and Kathryn Dorko Organizations That Provide Test Information Ronald T C Boyd Putting Test Scores in Perspective Communicating a Complete Report Card for Your Schools M Kevin Matter and Major Achievement Tests and Their Characteristics Northwest Regional Education Laboratory Names and addresses of major test publishers and a glossary of testing terms are also included SLD *Resources in Education* ,2001-10
