Light or Darkness: Reclaiming the Light in Sports Dr. Bob Stouffer, 2011-03-28 *It's How You Play the Game* Bobby Newman, 2012-10-01 Honor and sportsmanship are terms that are increasingly becoming thought of as quaint and passe in a world where winning is everything Forgetting these concepts however leads us to forget why we compete in the first place In *It's How You Play the Game* a call is made to appreciate these concepts not just for sport for life itself *The Wheel of Ideals* David Bishop, 2006-08-01 The Wheel of Ideals shows three families of ideals the heroic civic and altruistic that sometimes work together and sometimes conflict Every ideal has its true believers and unbelievers some people believe in it strongly others less strongly and others not at all or so they claim As ideals divide people also divide We can't all get along perfectly all the time even with ourselves Why not Do we need conflict to make progress Is perfect peace too peaceful As ideals can be ignored or betrayed they can also be carried too far into decadence dionysian overheating and the apollonian deep freeze If you carried an ideal too far how would you come to realize your mistake How would you feel the gravity the balancing pull of the ideal calling you home Without failure without going too far what is lost What is the good of all these ideals and these forms of decadence The Wheel of Ideals suggests that we will go on asking these questions *Beyond the Concept of Sport* W Robert Griffiths, 2024-09-13 *Beyond the Concept of Sport* challenges tired assumptions about athletics to unveil sports underestimated yet far reaching social impact and philosophical significance While governments downplay its influence author Robert Griffiths recognizes that sports especially cricket deeply channels the human spirit for participants and fans alike He eschews cliches to deliver fresh insight into sports resonance This is no dry academic tome but rather a lively examination blending scholarship with accessibility Griffiths brings iconoclastic yet sage opinions to unpacking how athletic pursuits shape culture and consciousness He illuminates the under appreciated role sports play in forging identity purpose inspiration escapism and more for millions globally Grappling with issues often overlooked when discussing athletics Griffiths unconventional analysis explores fandom nationalism arts business and the very meaning woven through sports rituals Written with passionate intellect wry wit and a distaste for the dull *Beyond the Concept of Sport* cries out to be read by both die hard fans and curious sceptics After all few human realms spark such fervour and unity across the world's divides like that of sports This book captures that emotional impact while elevating sports as a subject worthy of serious yet spirited consideration ***Claiming the Oriental Gateway*** Shelley Sang-Hee Lee, 2011 How the interests of Seattle and Japanese Americans were linked in the processes of urban boosterism before World War II *The Journal of the Assembly During the ...
