

A gravel path splits into two directions on a green field under a blue sky. The path is made of light-colored gravel and curves to the left and right, leading into a vast green field. The sky is a clear, vibrant blue with a few wispy white clouds. The overall scene is bright and open, symbolizing choice and possibility.

spirit *An Earthly Journey: The Story of One Soul's Evolution* James Samuelson, 2014-06-25 On the surface this book is the story of the author's sixty year journey that takes him from the Midwest to Arizona and finally to Virginia. *An Earthly Journey* tells of those who impacted him on his journey. The surface story though important is only one piece of the puzzle. The story is also about a dog and higher dimensional entities, a very special piece of land and a remarkable woman. It is a love story that began long ago, existing in many lifetimes. It is James's story and it is Angelica's story and the book could not exist without both of them. This book is a doorway, a glimpse into a reality which is contrary to third dimensional conditioning, an example of the possible. It is an invitation for readers to understand their own journeys, to put together all the random events of their lives and find the connections. Ultimately the book is what you discover it to be and hopefully what it ignites within you.

These books are written to the science of vibration. Different levels of understanding are woven through the text so one will be right for you. Each time you read them your comprehension changes as you can see more than you could before. As your comprehension changes so your vibration changes and manifests according to your new tone. As we understand within ourselves so we manifest without to explore our level of understanding individually and collectively. Through this journey of the rational mind and the emotional heart you'll explore different levels of understanding eventually coming to see a bigger picture of yourself as you understand more about the human condition and our interconnectedness. Micro to macro. The only way to greater understanding of humanity and how we create is through greater understanding of self and the magic within oneself. The magic we use every day but often misuse when we don't realize we're energy beings who use our mind to do magic every day. The Three Step Lesson of This Trilogy: Book 1 See with two eyes. Book 2 Open your heart to others and your experiences. Book 3 Live in your brother/sisterhood, your wholeness.
