

Audio System

GENERAL INFORMATION

The vehicle audio system interacts with the in-car phone system via data on the multiplex communications vehicle network.

The audio system can be controlled from either the radio panel or multi-function controls on the left-hand side of the steering wheel.

The sound system antenna is an integral part of the vehicle backlight for saloon versions, and rear side window for estate versions.

Caution: Care must be taken to avoid spilling or splashing drinks onto the audio system head. In the event of such an occurrence advise your Jaguar Dealer/Authorised Repairer.

Do not use petrol, solvents or abrasive cleaners on the audio system. Wipe the surface with a lint-free cloth to remove dust. Slightly moisten the cloth with clean water to remove any finger marks from the outside surface.

If the unit is to be removed or the battery disconnected, first ensure that the radio-code is recorded. The number will be required for re-insertion following radio installation.

SECURITY CODE NUMBER

For the United Kingdom and European countries, the audio head unit is protected by an anti-theft security code. If power to the radio drops to 5 volts or less (dead battery), or there is a power interruption/disconnection, the radio display will indicate **CODE**. At this point the radio will not operate until the correct security code is re-entered.

The four-digit code which is listed on an audio security card supplied with the vehicle, is entered by pressing preset buttons **1** to **9**. A beep indicates that the code has been entered correctly.

If the code is entered incorrectly, two further attempts at code entry will be permitted. If, after three successive attempts, the code has not been properly entered, the display will indicate **PLEASE WAIT**. In this condition the radio will not accept further entries until it has been left on for at least 30 minutes. After 30 minutes the radio will accept three further entries.

Note: In the event of loss of your radio security card, contact your Jaguar Dealer/Authorised Repairer who, for security reasons, will require proof of vehicle ownership.
