Key Concepts Urban Studies Sage Ebook:

Key Concepts in Urban Studies Mark Gottdiener, Leslie Budd, 2005-02-16 This series provides students with accessible and authoritative knowledge of the essential topics in a variety of disciplines Cross referenced throughout the format encourages critical evaluation through understanding **EBOOK: Urban Youth And Schooling** Louise Archer, Sumi Hollingworth, Heather Mendick, 2010-05-16 How can we understand the educational disengagement of urban working class young people What role do schools and education policies play in these young people s difficult relationships with education How might schools help to support and engage urban youth This book critically engages with contemporary notions of at risk youth It explores the complexity of urban young people s relationships with education and schooling and discusses strategies for addressing these issues Drawing on a two year study of urban 14 16 year olds educational professionals and parents the book focuses in depth on the views and experiences of ethnically diverse young Londoners who had been identified by their schools as at risk of dropping out of education and as unlikely to progress into post 16 education It provides an informative and accessible overview of the key issues debates and theoretical frameworks It is important reading for school leaders teachers and learning support assistants as well as trainee teachers and educational researchers **Key Concepts in Urban Geography** Alan Latham, Derek McCormack, Kim McNamara, Donald McNeill, 2008-12-19 This extraordinary collage of sophisticated essays on key terms in urban geography both provides a conventional basis to and recasts innovatively a burgeoning field in the discipline Roger Keil co Editor International Journal of Urban and Regional Research The city is an obvious but confounding object of geographical analysis urban structure and life are shaped by an astounding array of social economic and political dynamics This volume embraces these complexities of city form in a wide ranging readable well informed and highly interdisciplinary analysis of key topics in urban studies With its fresh approach this book provides an accessible entry point for the newcomer to urban geography yet also delivers creative insights for those with greater familiarity Professor Steven K Herbert University of Washington Organized around 20 short essays **Key Concepts in Urban Geography** provides a cutting edge introduction to the central concepts that define contemporary research in urban geography Involving detailed and expansive discussions the book includes An introductory chapter providing a succinct overview of the recent developments in the field Over 20 key concept entries with comprehensive explanations definitions and evolutions of the subject A glossary figures diagrams and suggested further reading This is an ideal companion text for upper level undergraduate and postgraduate students in urban geography and covers the expected staples of the subdiscipline from global cities and urban nature to transnational urbanism and virtuality **EBOOK: Social Research** Tim May, 2011-03-16 This fully revised and updated popular text successfully bridges the gap between theory and methods in social research clearly illuminating these essential components for understanding the dynamics of social relations The book is divided into two parts with part one examining the issues and perspectives in social research and part two setting out the

methods and processes Updates to this edition include A new chapter on case study research A new concluding chapter Links to additional websites and IT applications that are integrated throughout the book Updated experiential examples and scenarios More international examples The clear writing style chapter summaries questions for reflection and signposts to further readings continue to make this book the ideal companion to social research for students across the social sciences In addition it will be recognised as an invaluable source of reference for those practising and teaching social research who wish to keep abreast of key developments in the field With contributions from Beth Perry University of Salford and Carole Sutton University of Plymouth *Our Social World: Condensed* Jeanne H. Ballantine, Keith A. Roberts, Kathleen Odell Korgen, 2019-07-09

Our Social World Condensed by Jeanne H Ballantine Keith A Roberts and Kathleen Odell Korgen inspires you to develop your sociological imaginations to see the world and personal events from a new perspective and to confront sociological issues on a day to day basis The award winning author team organizes the text around the Social World model a conceptual framework that demonstrates the relationships among individuals the micro level organizations institutions and subcultures the meso level and societies and global structures the macro level The use of the Social World Model across chapters represented in a visual diagram in the chapter openers helps you to develop the practice of using three levels of analysis and to view sociology as an integrated whole rather than a set of discrete subjects The Condensed version is adapted from *Our Social World Introduction to Sociology The Sixth Edition* of the Condensed version is made approximately 30% shorter than the full edition by removing selected boxes editing the main narrative and combining four chapters into two Family Education and Politics Economics [EBOOK: Anti-Social Behaviour](#) Andrew Millie, 2008-12-16 What is anti social behaviour Can it be dealt with effectively Is the problem exaggerated From the Daily Mail's claim of Britain being named Yob Capital of Europe to the headline in The Times of Tearaway given ASBO at 10 the subject of anti social behaviour has been given a huge amount of political social media public policy and academic interest in recent years Using lively case studies and examples Andrew Millie introduces the concept of anti social behaviour ASB and examines its implications for society in the 21st century The chapters explore The origins of the term Different causes and types of ASB Theoretical frameworks for ASB and ASB control How the UK deals with ASB compared to other countries The rise of the ASBO Alternative enforcement options Methods of prevention The future for ASB Anti Social Behaviour is fascinating reading for all Criminology Sociology and Social Policy students **The SAGE Companion to the City** Tim Hall, Phil Hubbard, John Rennie Short, 2008-05-21 This book pulls together an exceptional range of literature in addressing the complexity of contemporary patterns and processes of urbanization It offers a rich array of concepts and theories and is studded with fascinating examples that illustrate the changing nature of cities and urban life Paul Knox Virginia Tech University The SAGE Companion to the City is a tour de force of contemporary urban studies At once a stocktake showcase and springboard for scholarly approaches to cities and city life the editors have assembled a cohesive and convincing set of lucid insightful and critical essays of great quality

Eschewing grand theory and deadening encyclopaedism the contributors refresh both longstanding concerns and explore new themes in ways both brilliantly accessible to newcomers and satisfying to the cognoscenti Robert Freestone University of New South Wales Organized in four sections The SAGE Companion to the City provides a systematic A Z to understanding the city that explains the interrelations between society culture and economy Histories explores power religion science and technology modernity and the landscape of the city Economies and Inequalities explores work and leisure globalisation innovation and the role of the state Communities explores migration and settlement segregation and division civility housing and homelessness Order and Disorder explores politics and policy planning and conflict law and order surveillance and terror An accessible guide to all areas of urban studies the text offers both a contemporary cutting edge reflection and measured historical and geographical reflection on urban studies It will be essential reading for students of any discipline interested in the city as an object of study EBOOK: Embodying Women's Work Caroline Gatrell, 2008-09-16

What is the relationship between women's reproductive bodies and women's productive work How does women's potential for maternity affect women's workplace opportunity How far can women choose and maintain their own embodied boundaries in relation to work and working practices This fascinating and topical book evaluates the growing debate on gender women's bodies and work Through the lens of the body and from a feminist perspective Gatrell considers women's work from two angles the first conceptualizing the labour of maternity as women's work the second exploring the dynamics between women's bodies and employment The author suggests that maternity constitutes women's work with some women expected to produce children while others are criticised for giving birth She calls for the re-conceptualization of pregnancy birth and breastfeeding as forms of labour asserting that mothers are required to perform particular forms of body work in order to comply with ideals of good mothering and norms of the workplace The book observes that these are conflicting requirements which place irreconcilable demands on women and constrain women's choice At the heart of Embodying Women's Work is the idea that women's bodies are central to gendered power relations and remain a negotiated site of power between men and women within late modern society The book considers women's bodies in the context of different forms of paid work discussing how far women remain at an economic disadvantage in comparison with male workers Embodying Women's Work is of key interest for students and academics of sociology social welfare and women's studies **Steampunk London** Helena

Esser, 2024-07-25 Tracing the genre through fiction visual art film and videogames from the 1980s to the present this book offers a comprehensive exploration of the intersection between neo Victorianism urban spaces and Steampunk Characterised by its interplay between past and present and its anachronistic retro speculation Neo Victorian infused Steampunk remixes modern collective memory to produce a re-imagined vision of Victorian London Investigating how Steampunk's re-calibrated London's both source from and subvert Victorian discourse about the city Steampunk London offers a deeper understanding of how a popular cultural memory of the Victorian past is shaped and transmitted in light of present day identity politics

Covering key themes including retrofuturism gender and sexuality colonialism and postcolonialism it considers such ideas as how early Steampunk synthesizes Victorian urban ethnography how Victorian urban Gothic shapes shared transmedia memory to challenge reactionary nostalgic meta narratives how Steampunk video games mobilize urban space as an immersive storytelling device with cities open to play and how Steampunk interprets the modern metropolis as an opportunity for feminist and queer agency Through examination of Victorian era writers from Charles Dickens to Arthur Conan Doyle the book digs into works of fiction and media alike looking at *The Difference Engine* *Soulless* and *The League of Extraordinary Gentlemen* From Hell Guy Ritchie's *Sherlock Holmes* cyberpunk classic *Blade Runner* and *Assassin's Creed Syndicate* and *The Order* 1886 An important intervention in the study of steampunk Helena Esser demonstrates how the works explored invite participatory consumption and considers the genre's potential and failures to interrogate and challenge our relationship with the Victorian past

Handbook of Urban Studies Ronan Paddison, 2001 The *Handbook of Urban Studies* provides the first comprehensive up to date account of the urban condition relevant to a wide readership from academics to researchers and policymakers It provides a theoretically and empirically informed account embracing all the different disciplines contributing to urban studies Leading authors identify key issues and questions and future trends for further research and present their findings so that where appropriate they are relevant to the needs of policymakers Using the city as a unifying structure the *Handbook* provides an holistic appreciation of urban structure and change and of the theories by which we understand the structure development and changing character of cities

The Language of Social Studies Education Jason Endacott, Michael A. Kopish, 2023-03-20 Social studies is a discipline unique to K 12 education and tasked with the preparation of democratic citizens Social studies educators work with concepts theories and ideas from multiple disciplines across the social sciences and humanities which makes discourse through shared language complex Specialization in content areas that comprise the social studies can further complicate shared understanding of essential terms *The Language of Social Studies Education* offers essential information for key concepts organized to reflect the contemporary context of K 12 social studies education The concepts found within this volume reflect the breadth of the discipline while also providing the foundational knowledge needed to develop deeper understanding Each entry is based on multiple sources that invite the reader to pursue their interests through further inquiry This book will appeal to those who are looking for concise information based on respected scholarship from disciplines across the social studies Even seasoned social studies practitioners will find its entries helpful for incorporating new concepts ideas and approaches into their discourses on citizenship education

EBOOK: Reconceptualizing Social Policy: Sociological Perspectives on Contemporary Social Policy Amanda Coffey, 2004-09-16 How can sociological perspectives help us make sense of contemporary social policy How has the discipline of social policy engaged in recent sociological debates and developments This book provides a variety of sociological frameworks for understanding contemporary social policy It explores how

sociological perspectives may be used to theorize conceptualize and research social policy Amanda Coffey captures the different ways in which social policy can be understood as academic discipline policy process service provision and lived experience The book engages with a range of policy areas and client groups and pays attention to sociodemographic categories such as gender race class and age Themes include The body and processes of embodiment Citizenship and identity Equality and differences Space and time Research and representation Reconceptualizing Social Policy is a key text for students and lecturers in sociology and social policy **Handbook of Urban Politics and Policy** Ronald K.

Vogel,2024-07-05 This authoritative Handbook provides a comprehensive overview of research into urban politics and policy in cities across the globe Leading scholars examine the position of urban politics within political science and analyse the critical approaches and interdisciplinary pressures that are broadening the field **The SAGE Handbook of New Urban Studies** John Hannigan,Greg Richards,2017-05-01 The last two decades have been an exciting and richly productive period for debate and academic research on the city The SAGE Handbook of New Urban Studies offers comprehensive coverage of this modern re thinking of urban theory both gathering together the best of what has been achieved so far and signalling the way to future theoretical insights and empirically grounded research Featuring many of the top international names in the field the handbook is divided into nine key sections SECTION 1 THE GLOBALIZED CITY SECTION 2 URBAN

ENTREPRENEURIALISM BRANDING GOVERNANCE SECTION 3 MARGINALITY RISK AND RESILIENCE SECTION 4 SUBURBS AND SUBURBANIZATION STRATIFICATION SPRAWL SUSTAINABILITY SECTION 5 DISTINCTIVE AND VISIBLE CITIES SECTION 6 CREATIVE CITIES SECTION 7 URBANIZATION URBANITY AND URBAN LIFESTYLES SECTION 8 NEW DIRECTIONS IN URBAN THEORY SECTION 9 URBAN FUTURES This is a central resource for researchers and students of Sociology Cultural Geography and Urban Studies *Digital Transformation of Business* Everlin Piccinini,2016-08-26 History of corporations is replete with stories of fundamental organizational change in the face of breakthroughs in technology and significant economic changes Yet pervasive digitalization i e a socio technical process whereby digital technology capabilities are embedded into everyday artifacts and life altering everyday experiences and interactions brings about substantial changes in environmental conditions not seen before The fast paced unbounded ongoing and potentially disruptive nature of change in today s digitized world is fueled by the generativity of digital innovation forcing incumbents across industries to transform and adapt This cumulative dissertation presents five studies that provide a comprehensive understanding on the emerging phenomenon of digital transformation of business With the help of primary data collected from more than 40 industry experts as well as secondary data it aimed at explaining through a configurational perspective how in certain contextual conditions a combination of particular mechanisms may lead automotive manufacturing organizations to embark on a sustainable digital transformation of their business Overall the findings derive a holistic view of the investigated phenomenon indicating that it stems from socio technical developments in the macro meso and micro levels of business

fostering incumbents to build new mechanisms that activate digital transformation capabilities to rapidly respond to such socio technical developments fundamentally altering their traditional business logics Nevertheless research on the phenomenon of digital transformation is in its infancy in both information systems and organizational science research therefore more in depth empirical accounts are still needed

Semiotics of Friendship Claus Emmeche,2025-01-27 A friend should be able to be an attentive listener which made semiotician Roland Barthes wonder in his intriguing dictionary of love cannot friendship be defined as a space with total sonority This volume takes on the encyclopedic task in the sense of Umberto Eco where an encyclopedia is a very complex sign to explore friendship in detail not only as a form of love but in all its complexity as a bond that connects people and forms communities Semiotics the study of signs and meaning making is used alongside insights from a wide range of friendship studies to create a far reaching intellectual resonance or sonority around friendship as a central human experience As a study of the significance of friendship it presents findings from friendship research across the globe enabling new ways of thinking about friends It includes key concepts from semiotics sociology anthropology and other fields briefly explained major models of friendship from antiquity to contemporary societies proverbs and sayings about friendship from Africa America Asia and Europe stories about famous or forgotten friends from mythology fiction and real history summaries of research on friendship from selected academic disciplines bibliographical references for further studies

based practice by using the physiologic conditions and hospitalized patients seen in clinicals **Ebook: Sociology: A Brief Introduction** Schaefer,2014-10-16 Ebook Sociology A Brief Introduction **Mapping Society** Laura Vaughan,2018-09-24

From a rare map of yellow fever in eighteenth century New York to Charles Booth's famous maps of poverty in nineteenth century London an Italian racial zoning map of early twentieth century Asmara to a map of wealth disparities in the banlieues of twenty first century Paris Mapping Society traces the evolution of social cartography over the past two centuries In this richly illustrated book Laura Vaughan examines maps of ethnic or religious difference poverty and health inequalities demonstrating how they not only serve as historical records of social enquiry but also constitute inscriptions of social patterns that have been etched deeply on the surface of cities The book covers themes such as the use of visual rhetoric to change public opinion the evolution of sociology as an academic practice changing attitudes to physical disorder and the complexity of segregation as an urban phenomenon While the focus is on historical maps the narrative carries the discussion of the spatial dimensions of social cartography forward to the present day showing how disciplines such as public health crime science and urban planning chart spatial data in their current practice Containing examples of space syntax analysis alongside full colour maps and photographs this volume will appeal to all those interested in the long term forces that shape how people live in cities Urban Theory and the Urban Experience Simon Parker,2015-04-24 Urban Theory and the Urban Experience brings together classic and contemporary approaches to urban research in order to reveal the intellectual origins of urban studies and the often unacknowledged debt that empirical and theoretical perspectives on the city owe one another From the foundations of modern urban theory in the work of Weber Simmel Benjamin and Lefebvre to the writings of contemporary urban theorists such as David Harvey and Manuel Castells and the Los Angeles school of urbanism Urban Theory and the Urban Experience traces the key developments in the idea of the city over more than a century Individual chapters explore investigative studies of the great metropolis from Charles Booth to the contemporary urban research of William J Wilson along with alternative approaches to the industrial city ranging from the Garden City Movement to the new urbanism The volume also considers the impact of new information and communication technologies and the growing trend towards disaggregated urban networks all of which raise important questions about viability and physical and social identity of the conventional townscape Urban Theory and the Urban Experience concludes with a rallying cry for a more holistic and integrated approach to the urban question in theory and in practice if the rich potent For the benefit of students and tutors frequent question points encourage exploration of key themes and annotated further readings provide follow up sources for the issues raised in each chapter The book will be of interest to students scholars practitioners and all those who wish to learn more about why the urban has become the dominant social economic and cultural form of the twenty first century
