Customs Modernization Handbook Luc De Wulf,Jose B. Sokol,2005-01-03 Trade integration contributes substantially to economic development and poverty alleviation In recent years much progress was made to liberalize the trade regime but customs procedures are often still complex costly and non transparent This situation leads to misallocation of resources Customs Modernization Handbook provides an overview of the key elements of a successful customs modernization strategy and draws lessons from a number of successful customs reforms as well as from customs reform projects that have been undertaken by the World Bank It describes a number of key import procedures that have proved particularly troublesome for customs administrations and traders and provides practical guidelines to enhance their efficiency The Handbook also reviews the appropriate legal framework for customs operations as well as strategies to combat corruption

Rationalism, Religion, and Domination Wolfgang Schluchter,1989-01-01 Publication of this material in English should be a major event in American Weber studies

Together with Economy and Society Weber's comparative studies in the sociology of religion represent not only his own central contribution to theoretical sociology but also one of the most ambitious and fruitful research programs in the history of modern social theory Schluchter analyzes both of these projects and shows how they are related There is nothing in the Anglo American literature on Weber's sociology of religion that can match the rigor and thoroughness of these essays They should raise the standards of scholarly debate concerning both the general theoretical significance and the details of Weber's sociology of religion Guy Oakes Monmouth University There is next to nothing in the field of Weber interpretation that reaches the superior grasp and breadth of knowledge displayed in these essays Exciting and illuminating they should be essential reading for anyone interested in comparative religion and domination Thomas Burger Southern Illinois University

Work Psychology in Action Anna Sutton, 2020-11-25 The new edition of this popular accessible and skills oriented textbook introduces key psychological concepts and demonstrates how they come into play in the real world of work while building strong awareness of how business priorities inform and underpin applied psychology It combines summaries of important research studies with an exploration of topics from different international perspectives to offer students a deeper appreciation of how psychology develops and is used in the world of business The book takes a practical problem solving approach to understanding the role of psychology in the workplace and focuses on employability skills that will benefit students in their future careers Written by a highly experienced lecturer this book is ideal for undergraduate and postgraduate business and psychology students taking modules in work psychology New to this Edition Fully updated to include the latest research and theory in the field Reworked chapter on communication and culture New material on neuroscience New features such as Psychology and Technology Updated International Perspectives feature including a wider range of countries and perspectives of Indigenous peoples New examples and case studies from a wider geographical range including Asia Australasia and the Middle East Principles and Methods of Quality Management in Health Care Donald E.
