Managed Floating Plus Morris Goldstein, 2002 In this analysis Morris Goldstein examines currency regime choices for emerging economies that are heavily involved with private capital markets The author argues that the best regime choice for such economies would be managed floating plus where plus is shorthand for a framework that includes inflation targeting and aggressive measures to discourage currency mismatching Goldstein argues that if managed floating were enhanced in this way it would retain the desirable features of a flexible rate regime while addressing the nominal anchor and balance sheet problems that have historically underpinned a fear of floating and handicapped the performance of managed floating in emerging economies The author also shows why managed floating plus is superior to four alternative currency regime options an adjustable peg system a BBC basket band crawl regime a currency board and dollarization

Encyclopedia of Education Economics and Finance Dominic J. Brewer, Lawrence O. Picus, 2014-08-25 Economics can be a lens for understanding the behavior of schools districts states and nations in meeting education needs of their populaces as

well as for understanding the individual decisions made by administrators teachers and students Insights from economics help decision makers at the state level understand how to raise and distribute funds for public schools in an equitable manner for both schools and taxpayers Economics also can assist researchers in analyzing effects of school spending and teacher compensation on student outcomes And economics can provide important insights into public debates on issues such as whether to offer vouchers for subsidizing student attendance at private schools This two volume encyclopedia contains over 300 entries by experts in the field that cover these issues and more Features This work of 2 volumes in both print and electronic formats contains 300 350 signed entries by significant figures in the field Entries conclude with cross references and suggestions for further readings to guide students to in depth resources Although organized in A to Z fashion a thematic Reader s Guide in the front matter groups related entries by topic Also in the front matter a chronology provides students with historical perspective on the development of education economics and finance as a field of study The entire work concludes with a Resources appendix and a comprehensive Index In the electronic version the index Reader s Guide and cross references combine to provide effective search and browse capabilities **Commerce Business Daily** ,1998-05

Dept,2023-07-21 The 2023 Article IV Consultation discusses that a successful vaccination strategy allowed Tuvalu to lift coronavirus disease COVID containment measures at the end of 2022 but the economic cost of the pandemic has been significant Real gross domestic product growth was 4.3 percent in 2020 with at the border containment measures leading to delays in much needed infrastructure projects Growth is expected to accelerate as the lifting of COVID restrictions leads to

the resumption of construction activity shipping bottlenecks ease and the trade and hospitality sectors recover Tuvalu is among the countries most vulnerable to the effects of climate change its remote economy is dominated by the public sector and its revenue base is narrow with reliance on donor commitments further complicating fiscal planning The economic setback due to the pandemic makes addressing these significant structural challenges more difficult The report recommends promoting fiscal sustainability and building buffers by mobilizing revenues and rationalizing current expenditures
