Augustine and the Catechumenate William Harmless,2014 A simple look at the universality of love *Early Christian Baptism and the Catechumenate* Thomas M. Finn,2020-09-22 This volume provides a documentary history of baptismal thought practice and preparations in Italy North Africa and Egypt from the early second through sixth century **The Hallelujah Highway** Paul Turner,2000 People and documents that played a significant role in developing and recording the rites **Becoming Catholic** David Yamane,2014-03-03 Each year approximately 150 000 Americans convert to Roman Catholicism Catholic converts collectively are 2 6 percent of the U S adult population together these 5 85 million individuals would comprise the fifth largest religious body in America just behind the Mormon Church In *Becoming Catholic* David A Yamane offers the first book length study of Roman Catholic converts in contemporary America **Ancient-Future Evangelism (Ancient-Future)** Robert E. Webber,2003-11-01 Following his well received *Ancient Future Faith* Robert Webber presents a new model for evangelism and discipleship the first in a series of four books applying his theoretical ideas to practical situations Part 1 of *Ancient Future Evangelism* surveys evangelism and Christian formation throughout the church and then translates the process for twenty first century Christians Webber presents evangelism as four distinct stages and suggests three accompanying rites of passage that can be easily adapted to any church tradition Part 2 underscores how the four fold process of faith formation is interwoven with three theological principles Christ as victor over evil the church as witness to God s salvation and worship as a witness to God s mission accomplished in Jesus *Ancient Future Evangelism* will appeal to both emerging evangelicals as well as traditional church leaders It relates faith to Christian practice by drawing wisdom from the past and translating those insights into the present and future life of the church *Civic Catechisms and Reason in the French Revolution* Adrian Velicu,2016-05-23 At the heart of the French Revolution there lay a fundamental paradox how to liberate the minds of the people whilst simultaneously ensuring their loyalty to the new regime It is an exploration of the facts and implications of this tension that forms the basis of this study which reconstructs the intellectual world of the Revolution The new radical regime attacked the old institutionalized forms of Catholic worship and instruction yet retained the catechetical outlook with its dogmatic mindset as an important feature of political education Catechisms not only conveyed information in an accessible manner they also revealed the intellectual tendencies of those who favoured the genre Civic catechisms were meant to play an important part of revolutionary instruction they were the only category of texts repeatedly mentioned in the National Assembly and in various pieces of legislation including education bills and there were

calls for a national catechism The status of the catechisms changed throughout the Revolution and this study also investigates the degree of continuity of purpose across the period as well as the catechisms place alongside other texts such as speeches and bills An important contribution to the literature on the intellectual history of the French Revolution this book will also be of interest to scholars of rhetoric education and the intellectual history of the eighteenth century as well as to revolutionary studies in general
