Playing at War offers an innovative focus on Civil War video games as significant sites of memory creation distortion and evolution in popular culture With fifteen essays by historians the collection analyzes the emergence and popularity of video games that topically engage the period surrounding the American Civil War from the earliest console games developed in the 1980s through the web based games of the twenty first century including popular titles such as Red Dead Redemption 2 and War of Rights Alongside discussions of technological capabilities and advances as well as their impact on gameplay and content the essays consider how these games engage with historical scholarship on the Civil War era the degree to which video games reflect and contribute to popular understandings of the period and how those dynamics reveal shifting conceptions of martial identity and historical memory within U S popular culture Video games offer productive sites for extending the analysis of Civil War memory into the post Confederates in the Attic era including the political and cultural moments of Obama and Trump where overt expressions of Lost Cause memory were challenged and removed from schools and public spaces then embraced by new manifestations of white supremacist organizations Edited by Patrick A Lewis and James Hill Welborn III

Playing at War traces the drift of Civil War memory into digital spaces and gaming cultures encouraging historians to engage more extensively with video games as important cultural media for examining how contemporary Americans interact with the nation s past The Munchkin Book James Lowder, 2016-02-23 With 18 exclusive Munchkin game rules By gently and sometimes not so gently mocking the fantasy dungeon crawl and the sacred cows of pop culture the Munchkin card game has stabbed and sneaked and snickered a path to the pinnacle of success Along the way it has sold millions of copies been translated around the world and spawned more than two dozen sequels and supplements More fun than a Chainsaw of Bloody Dismemberment and more useful than a Chicken on Your Head The Munchkin Book is a lighthearted and suitably snarky celebration of all things near and dear to the munchkin heart featuring exclusive content from Munchkin s designer and Steve Jackson Games president Steve Jackson Munchkin s signature artist John Kovalic creator of web comic Dork Tower Steve Jackson Games Munchkin Czar Andrew Hackard CEO of Steve Jackson Games Phil Reed The Munchkin Book also includes a foreword by New York Times bestselling author and Forgotten Realms creator Ed Greenwood an introduction by editor James Lowder and contributions from notable mavens of geek culture including Andrew Zimmerman Jones David M Ewalt Jennifer Steen Joseph Scrimshaw Randy Scheunemann Jaym Gates Dave Banks Matt Forbeck Christian Lindke Bonnie Burton Colm Lundberg Liam McIntyre *GURPS For Dummies* Adam Griffith, Bjoern-Erik Hartsfvang, Stuart J.
